

Create Azure Support Request for Invoice Payment

docs.wetransact.io/create-azure-support-request-for-invoice-payment

This guide walks through the steps to create an Azure support request for invoice payment using bank transfer.

It is intended for scenarios where credit card payment fails or is not an option due to card limits.

The process is completed directly in the Azure Portal by submitting a billing support ticket. Once submitted, a Microsoft support engineer will contact you to assist with the payment.

Sign in to your [Azure portal](#).

Support + troubleshooting

 Start again  Full screen

Tell us about the issue to get solutions and support. Don't include personal or confidential information like passwords.

 I would like pay my invoice  

 **Current selection**

Which service are you having an issue with? *

☒ Billing

☐ Subscription management

☐ Azure DevOps Services

☐ None of the above

Click on Contact support

The screenshot shows the Microsoft Azure portal interface. The top navigation bar includes the Microsoft Azure logo, a search bar, and the Copilot icon. The main content area is divided into two sections: 'Azure services' and 'Resources'. The 'Resources' section contains a table with columns for Name, Type, and Last Viewed. The right-hand sidebar is titled 'Support + troub...' and contains several links and sections. The 'Contact support' link is highlighted in the 'Need more help?' section.

Azure services

- Create a resource
- Cost Management ...
- Marketplace
- Subscriptions
- Tenant properties
- Security
- SaaS
- Invoices

Learn to manage payment methods and resolve an outstanding balance by using the Azure portal

Check your Billing Account Type Microsoft Online Program Services (MOSP), Microsoft Customer Agreement (MCA), Microsoft Partner Agreement (MPA) or Enterprise Agreement (EA) by following below steps. To learn more about billing accounts, see [View billing accounts in Azure Portal](#).

1. Sign in to the [Azure portal](#).
2. Go to [Cost Management + Billing](#).
3. If you have access to just one billing scope, select Properties from the left menu. The Type value on the Properties pane determines the type of your account.
4. If you have access to multiple billing scopes, select Billing scopes from the left menu, and then check the type in the Billing account type column.

Follow below steps to check your required billing role.

1. Sign in to the [Azure portal](#).
2. Go to [Cost Management + Billing](#).
3. In the left navigation pane, select **Billing Scope**.
4. Choose your **billing scope** from the list.
5. In the left navigation pane, select **Access control (IAM)**.
6. Select **View my access** to confirm your billing role.

Home > Resource groups > example-group
