

Go Live in 5 Days with your CSM

docs.wetransact.io/go-live-in-5-days-with-your-csm

Step 1 – Create Your Microsoft Work Account

If you don't have an existing Microsoft 365 or if your domain is hosted on google. You need a Microsoft work account to register for Partner Center.

[Read More>](#)

Step 2 – Become a Microsoft Partner & Access Partner Center

To become a Microsoft partner, an Independent Software Vendor (ISV) must create a Partner Center account and complete the registration process. Follow these steps.

[Read More>](#)

Step 3 – Enroll in the Required Partner Center Programs

To start selling on the Marketplace, an ISV must enroll in both the Microsoft AI Cloud Partner Program and the Commercial Marketplace program. To enroll, log in to Partner Center

Step 5 – Complete Your Payout & Tax Profile (48-hour Microsoft validation)

Filling out your tax profile ensures Microsoft can process payments and comply with applicable tax laws. This step is required for both U.S. and non-U.S. companies, with each providing the appropriate bank details and tax forms based on their location.

Step 6 – Grant WeTransact Access to Partner Center

Giving access to WeTransact in Partner Center enables integration between your Partner Center account and the WeTransact portal. Once access is granted, WeTransact will sync your portal with Partner Center for seamless offer and data management.
