

Raising a support ticket because my legal profile was not validated.

docs.wetransact.io/raising-a-support-ticket-because-my-legal-profile-was-not-validated

Raising a support ticket for an unvalidated legal profile allows you to get assistance from Microsoft in resolving verification issues so your account can meet compliance requirements and proceed with publishing offers. Please follow the steps below:

Click on Settings

● Click on AI assistant and Support

● Select "Account Settings Workspace">"Verification Status"

● Write "My legal profile wasn't validated despite providing the documentation. I'm keen to complement and share whatever is needed by email"

● Send the Prompt

Now click on Contact Support

The screenshot shows the Microsoft Partner Center Home page. On the left, there's a sidebar with 'Workspaces' (Benefits, Customers, Insights, Marketplace offers, My access) and 'Quick starts'. The main area features an 'AI assistant' panel on the right. The AI assistant is displaying a list of steps for verification: 1. Check the Status, 2. Review Documentation, 3. Contact Support, and 4. Email Communication. Below the steps, it says 'For more detailed information, you can refer to the following resources:' followed by a list of links. At the bottom of the AI assistant panel, there's a text input field with the placeholder 'Ask a question or request info' and a 'Contact Support' button.

- Check the Status:** Ensure you have checked the status of your verification on the Legal info page in Partner Center. This page will show the primary contact and the primary legal contact, along with the status of your verification.
- Review Documentation:** Verify that all the documentation you provided is accurate and complete. Ensure that the primary contact email is regularly monitored, as Microsoft uses this email to notify you about the verification status.
- Contact Support:** If your documentation is complete and accurate but your profile is still not validated, you may need to contact Microsoft support for further assistance. You can do this by signing in to Partner Center, navigating to the support section, and creating a support ticket.
- Email Communication:** If you prefer to complement and share additional documentation via email, you should follow the instructions provided by Microsoft support. They will guide you on how to submit additional documents or information required for validation.

For more detailed information, you can refer to the following resources:
