

The steps to be followed by your global admin to give you the necessary level of rights.

docs.wetransact.io/the-steps-to-be-followed-by-your-global-admin-to-give-you-the-necessary-level-of-rights

Your Global Admin can assign you the required roles and permissions in Partner Center, ensuring you have the access needed to manage offers, enroll in programs, and perform Marketplace transactions. Follow the steps below:

1. [Go to partner.microsoft.com](https://partner.microsoft.com)

2. Click on Settings

3. Click on Account settings

4. Click on User management

5. Click on the User you need to elevate rights

The screenshot shows the Microsoft Partner Center interface. The left sidebar contains navigation links: Overview, My learning profile, My access, User management (highlighted), Programs, Agreements, Referrals, Organization profile, Legal info, Identifiers, Tenants, Billing profile, Account merge, Company profile, Payout and tax, and Xbox Live. The main content area is titled 'Account settings' and shows a list of users. The user 'Marketplace Support support@wetransact.io' is highlighted with a red box. The user list includes columns for Name and Roles. The roles for the highlighted user are: Global admin, Report viewer, Incentive admin, Co-sell Solution Admin, Account admin, MPN partner admin, Business profile admin, Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer.

6. There are two levels of rights one regarding to general partner programs and one related to Marketplace Program.

Working with us - you should be able to know which right is asked.

The screenshot shows the Microsoft Partner Center interface. The left sidebar is the same as in the previous screenshot. The main content area is titled 'Account settings' and shows the 'Roles applicable to partner programs' section. The user 'Marketplace Support support@wetransact.io' is selected. The roles are listed as follows:

- ☐ Manages your organization's account as
 - ☐ Global admin (has full access to all administrative and Partner Center features)
- ☐ Account admin (can manage your organization's users and locations)
- ☐ MPN partner admin (can administer your organization's Microsoft Cloud Partner Program relationship.)
- ☐ Co-sell Solution Admin (can administer your organization's Co-sell Solutions)
- ☐ Business profile admin (manages the customer facing business profiles for your organization.)
- ☐ Manages your organization's referrals for one or more locations
- ☐ Manages your organization's incentives for one or more locations (select how this user manages incentives for your organization's locations.)

There are also links for 'Learn more' and 'Manages your organization's incentives for one or more offers'.

7. If this is related to the Marketplace program please check the boxes associated to "Roles applicable to developer programs"

The screenshot shows the Microsoft Partner Center interface. The top navigation bar includes the Microsoft Partner Center logo, a search bar, and several icons (notifications, smiley face, question mark, settings, and user profile). The main content area is titled "Account settings" and has a left-hand navigation menu with the following items: Overview, My learning profile, My access, User management (highlighted), Programs, Agreements, Referrals, Organization profile, Legal info, Identifiers, Tenants, Billing profile, Account merge, Company profile, Payout and tax, and Xbox Live. The main content area is divided into two sections. The top section contains several checkboxes for user management roles, each with a description: "Business profile admin (manages the customer facing business profiles for your organization.)", "Manages your organization's referrals for one or more locations", "Manages your organization's incentives for one or more locations (select how this user manages incentives for your organization's locations.)", "View data and reports for one or more locations (select the locations where the user needs to be able to view data and reports.)", and "Manages your organization's incentives for one or more offers". The bottom section is titled "Roles applicable to developer programs" and contains a list of roles with checkboxes: "Manager(Windows)" (Has complete access to account features except tax and payout settings. Can manage users, roles, and tenants in Partner Center.), "Developer" (Can upload packages and submit apps and add-ons, and can view the Usage report for telemetry details. Can't access financial info or account settings.), "Business Contributor" (Can access financial info, and can set pricing details. Can't create or submit new apps and add-ons.), "Finance Contributor" (Can view payout reports. Can't make changes to apps or settings.), and "Marketer" (Can respond to customer reviews and view non-financial reports. Can't make changes to apps or settings.).
