

Marketing – the listing collateral

You own the content of the Marketplace listing – the storefront your buyers will see. Gather the items below before call 2 – the platform walkthrough – and the listing publishes the same week.

Collateral checklist

- | | |
|--|--|
| ☐ Logo – 216 × 216 px, PNG or SVG. | ☐ Video URL – optional; Vimeo or YouTube. |
| ☐ Screenshots – up to 5, at least 1280 × 720 px. | ☐ Privacy policy URL |
| ☐ Tagline – max 100 characters. | ☐ Support URL |
| ☐ Product description – max 5,000 characters. | ☐ Terms & conditions URL |
| ☐ 3 long-tail search keywords – how buyers would search for you. | ☐ Pricing plan(s) – at least one, agreed with your sales lead. |
| ☐ Supporting one-pager – a PDF explaining the product. | |

2

Your call: platform walkthrough (30–45 min) with your WeTransact CSM – we build the listing together from this collateral, walk the publisher portal, and submit for publication. AI-assisted listing generation does the heavy lifting; you approve the result.

WHY IT'S WORTH DOING WELL

The listing is a search result inside Microsoft Marketplace – strong keywords, a clear tagline and real screenshots decide whether buyers click. We'll review everything against Marketplace best practices in the session.

WHAT YOUR CSM DOES

Builds the listing from your collateral with AI-assisted generation, walks you through the publisher portal, submits the listing for certification and monitors it until it's live – you review and approve.
