

How to Cancel a Subscription?

docs.wetransact.io/how-to-cancel-a-subscription

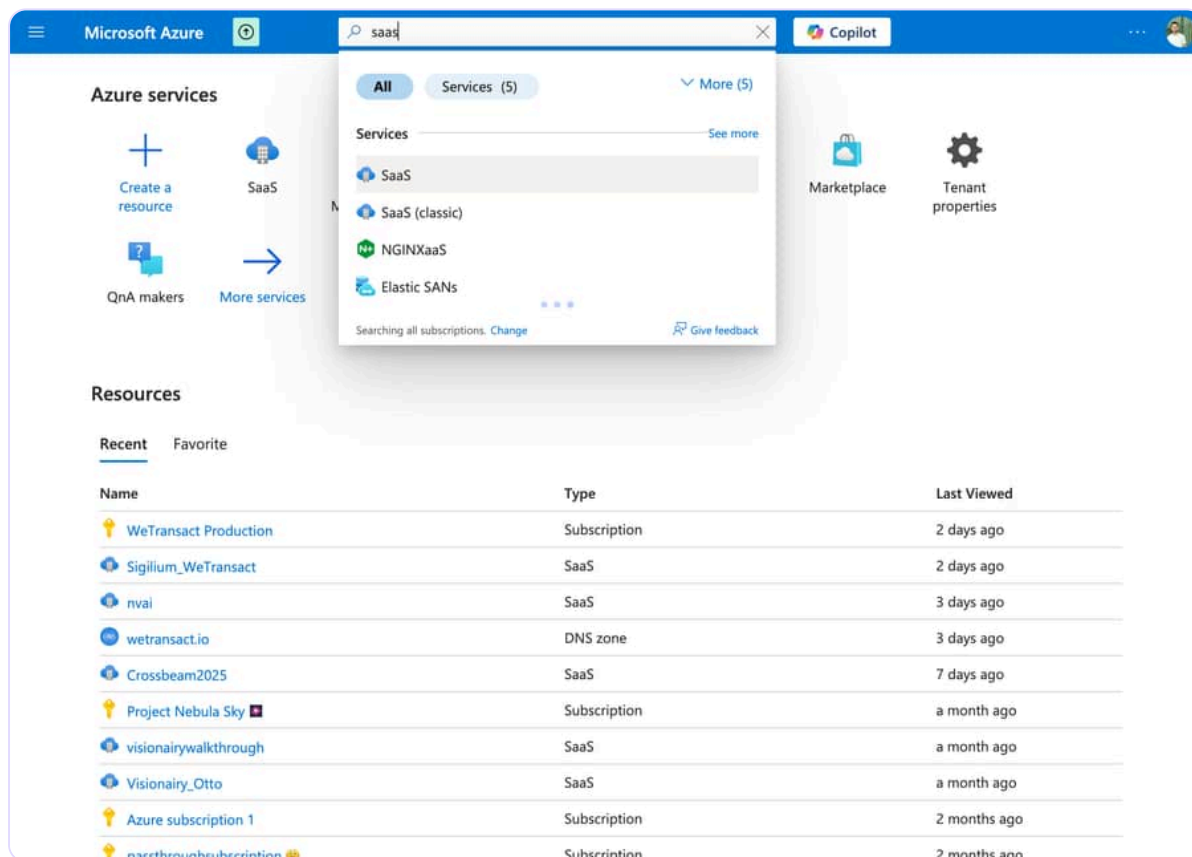

- **Cancel within 3 days? Use the Azure Portal.**
- **Order older than 3 days? Use Microsoft Partner Center.**

How to Cancel a Subscription in Azure Portal?

Canceling a subscription in the Microsoft Azure Portal stops future billing and access to the associated services. This can be done from the **Subscriptions** section by selecting the subscription and choosing the cancellation option.

⚠ Please note: Subscriptions can be cancelled within the first **3 days** of purchase.

- **Sign in to Azure portal and search Saas**

The screenshot shows the Microsoft Azure portal interface. A search bar at the top contains the text 'saas'. Below the search bar, a dropdown menu displays search results under the heading 'Services (5)'. The results listed are: SaaS, SaaS (classic), NGINXaaS, and Elastic SANs. Below the search results, there is a 'Resources' section with tabs for 'Recent' and 'Favorite'. The 'Recent' tab is active, showing a table of resources.

SaaS resources were changed to have an experience similar to other ARM resources like VMs and Azure apps. They now belong to resource groups, can be searched in Azure portal global search, etc. If you are searching for your existing SaaS resource, click on this banner to see the previous version of the SaaS list view. Each existing SaaS resource can be migrated to the new experience, via explicit user action.

● Click on Cancel subscription

The screenshot shows the Microsoft Azure portal interface. At the top, there's a navigation bar with 'Microsoft Azure', a search bar, and a 'Copilot' button. Below this, the breadcrumb 'Home > SaaS >' is visible. The main content area displays the 'archera_finops' SaaS subscription. A modal dialog is open, titled 'Are you sure you want to cancel this SaaS subscription?'. The dialog contains the following text: 'The current billing term ends on 1/23/2025. To keep using this service until then, go to **Edit recurring billing** and select **Off**.' Below this, under 'Important to know', there are three bullet points: 'If you cancel your subscription now, you'll lose any access to the service immediately. This can't be undone.', 'If you cancel more than 72 hours after subscribing, you'll be charged until the end of the current term and won't be eligible for a refund for that term, as stated in our [cancellation policy](#).', and 'If there are pending payments within the current billing term, the subscription can't be canceled after the 72-hour refund window. If you have a reason for cancelling beyond the refund window, [contact support](#).' There is a checkbox labeled 'I have read and I understand the implications of cancelling this SaaS subscription.' Below this, under 'Please let us know why you are canceling your subscription:', there are six radio button options: 'I don't need this service any more', 'I was not happy with it's functionality', 'I didn't understand what it does', 'The price was too high for me', 'This is a test subscription and the testing has been completed', and 'Other'. At the bottom of the dialog, there is an 'Additional feedback' section with a text input field containing the placeholder 'We will appreciate if you could share additional feedback with us'. At the very bottom of the dialog are two buttons: 'Cancel subscription' and 'Cancel'. The background shows the Azure portal sidebar with 'Overview', 'Activity log', 'Access control (IAM)', 'Tags', 'Automation', and 'Help'.

✔ Your subscription has been successfully cancelled.

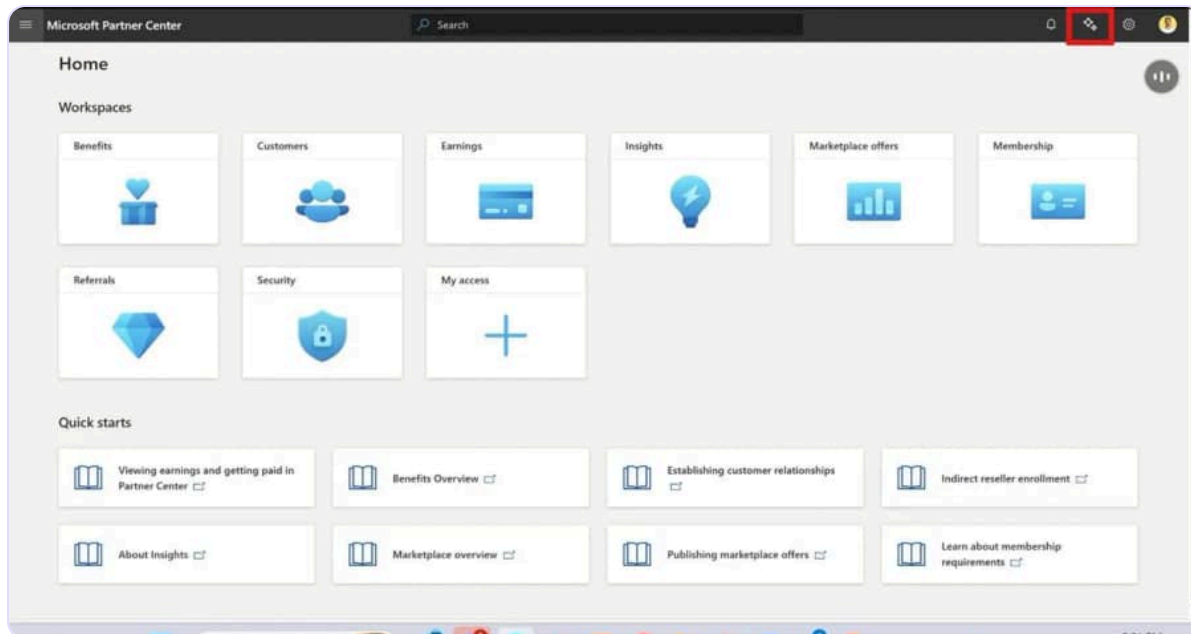

Purchased more than 3 days ago? Follow the steps below to cancel via Microsoft Partner Center. 📌

How to Cancel a Purchase via Microsoft Partner Center?

If your purchase is more than 3 days old, it can no longer be cancelled through the standard order management flow. Instead, you will need to submit a cancellation request through the Partner Center AI assistant. Follow the steps below.

🟡 Step 1 – Open the AI Assistant

Go to partner.microsoft.com and click the stars icon (★) in the top-right corner of the navigation bar.

● Step 2 – Select the Earnings Workspace and Send Your Message

When the AI assistant panel opens, select "Earnings workspace" from the topic dropdown. Then, in the text field at the bottom, type "I want to cancel an order" and click the send button (>).

I want to cancel an order

25/256

Contact support View my support requests

Step 3 – Click "Contact Support" and Fill in the Initial Form

After sending your message, click the "Contact support" button at the bottom of the panel. The Help + support form will open. Fill in the fields as follows:

- Problem summary: "I would like to cancel my order"
- Workspace: Earnings
- Problem type: Earnings (Marketplace offers) > Refund issues and requests

Once the fields are filled in, click the "Review solutions" button to proceed.

Step 4 – Complete the Support Request Form

A more detailed form will open. Fill in the fields as follows:

- Problem summary: "I would like to cancel my order""issue a refund" etc...
- Business Justification: explain why you are requesting the cancellation, e.g. "I would like to cancel this transaction as the customer agreed to"
- Program: Marketplace offers (create ticket)
- Offer and billing option: select the relevant billing type, e.g. SaaS - annual billing
- Full or partial refund: select "Partial" if you only want to cancel without a refund, or "Full" if the customer is entitled to a full refund. If a refund is needed, enter the expected refund amount in the customer's currency.

Tip: To find your Purchase Order ID, go to Partner Center > Insights > Orders, then scroll down. You will find all the relevant identifiers there, including the Purchase Order ID (also called Purchase Record ID), Order Date, Customer Name, and Start Date.

Continue filling in the remaining fields:

- Order date: the date the purchase was made
- Purchase Order ID: the Purchase Record ID from the Insights > Orders view
- Customer Name: the name of the customer
- Start Date: the start date of the subscription

Refund issues and requests

Problem summary *

I would like to cancel my order

Additional details

Business Justification *

I would like to cancel this transaction as the customer agreed too

Which program does this request apply to? (Please only submit for Marketplace offers) *

Marketplace offers (create ticket)

What offer and billing option applies to this request?

SaaS - annual billing

Do you need a full or partial refund *

☐ Full ☐ Partial

[Back to recommendations](#) Step 1 of 3 [Next](#)

Step 5 – Click Next

Once all fields are complete, click the "Next" button to proceed to the next step to create the ticket.

Important notes

- If you only want to cancel the order without issuing a refund, select "Partial" and enter 0 as the refund amount.
- If the customer is entitled to a refund, you can choose between a partial or full refund and specify the amount.
- Follow the instructions of the support agent to issue the refund. Eventually he will ask you to include the customer in the thread to confirm the cancelation.
