

How to check if auto-renewal is on for your Azure subscriptions?

docs.wetransact.io/how-to-check-if-auto-renewal-is-on-for-your-azure-subscriptions

If you want to check auto-renew on your Azure subscriptions to ensure whether your services will automatically renew at the end of the term, helping you manage costs and avoid unexpected charges. Please check the below steps:

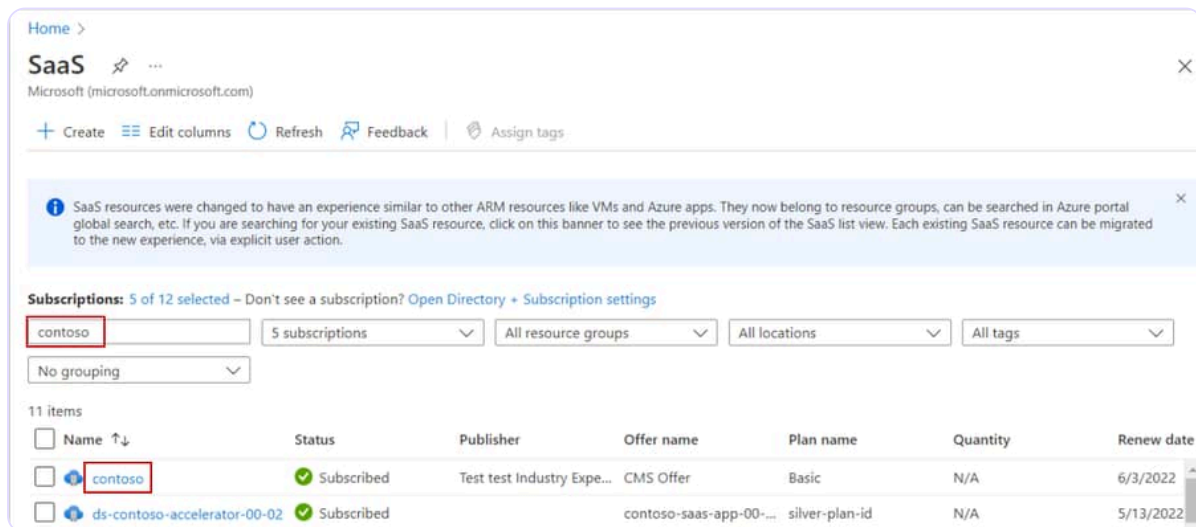

Go to the Azure portal.

In the global search box at the top of the page, enter SaaS and then under Services, select SaaS.

The SaaS blade in the Azure portal displays your SaaS subscriptions.

In the Filter by Name box, enter the subscription name and then in the Name column, select the subscription.

● The Product and plan details page for the offer appears where you can see recurring billing is turned on and the date that the subscription renews.

The screenshot shows the Azure SaaS portal interface. The top navigation bar includes 'Home > SaaS >' and the 'contoso SaaS' logo. A search bar is present. Below the navigation bar, there are tabs for 'Overview', 'Activity log', 'Access control (IAM)', 'Tags', 'Automation', 'Tasks (preview)', and 'Support + troubleshooting'. The 'Overview' tab is selected. The main content area is titled 'Product and plan details' and includes a 'View all your SaaS subscriptions' link. A green message states: 'Your subscription was configured successfully. Select **Open SaaS Account on publisher's site** to navigate to the publisher's external website'. Below this is a link 'Open SaaS Account on publisher's site'. A table displays subscription details:

	Basic - 1-month	Billing term & price	Created on	Current term	Recurring billing
✓ Subscribed	1-month	\$0/one-time payment	5/3/2022	Starts 5/3/2022 Ends 6/2/2022	On, renews on 6/3/2022 Edit recurring billing View billing

Below the table, it says 'This is a basic plan' and 'Change plan'. At the bottom, it lists 'Azure subscription: IndustryExperiencesInternal' and 'Change Azure subscription'.

● Under Recurring billing, select the Edit recurring billing link if you want to make any changes.

The screenshot shows the 'Recurring billing' section. It displays 'On, renews on 6/3/2022'. Below this, there are two links: 'Edit recurring billing' and 'View billing'. A red arrow points to the 'Edit recurring billing' link. Further down, it shows 'Azure subscription: IndustryExperiencesInternal' and 'Change Azure subscription'. At the bottom, it shows 'Resource group: sb-saas-subscriptions' and 'Change resource group'.
