

How to Create a Billing Support Request in Microsoft Azure Portal?

docs.wetransact.io/how-to-create-a-billing-support-request-in-microsoft-azure-portal

Creating a billing support request in the Microsoft Azure Portal allows you to get help from Microsoft for payment, invoicing, or subscription charge issues, ensuring they are addressed quickly through official support channels. Please follow the steps below:

● Sign in to Azure Portal

● Click on More portal tools

The screenshot shows the Microsoft Azure Portal dashboard. At the top, there is a search bar and a 'Copilot' button. Below the header, the 'Azure services' section is displayed, featuring a grid of icons for various services: 'Create a resource', 'Cost Management', 'Billing subscriptions', 'Subscriptions', 'Tenant properties', 'Microsoft Entra ID', 'Users', and 'Marketplace'. Below these icons, there are 'Resource groups' and a 'More services' link. The 'Resources' section is also visible, showing a table of recent resources.

The screenshot shows the Microsoft Azure portal interface. The top navigation bar includes the Microsoft Azure logo, a search bar, and the Copilot icon. The main content area is divided into 'Azure services' and 'Resources' sections. The 'Resources' section contains a table of recent resources. On the right, a sidebar titled 'Support + troub...' is open, showing a list of support items and a 'Need more help?' section with links to 'Support resources' and 'Contact support'.
