

How to generate activation links in Partner Center (CSPs)?

docs.wetransact.io/how-to-generate-activation-links-in-partner-center-csps

Generating activation links in the Partner Center reseller dashboard allows CSPs to provide customers with direct access to redeem and activate purchased Marketplace solutions, ensuring a smooth onboarding and provisioning process.

The screenshot shows the Microsoft Partner Center interface. The top navigation bar includes the Microsoft Partner Center logo, a search bar, and icons for notifications, flags, settings, and a user profile. The breadcrumb trail indicates the path: Home > Customers > Customer List > Contoso. A left-hand sidebar lists various management options: Subscriptions (highlighted), Transfers, Order history, Software, Azure reservations, Devices, Users and licenses, Admin relationships, Service management, Service requests, and Account. The main content area is titled 'Contoso | Subscriptions' and includes links for '+ New Subscription' and '↓ Export All Subscriptions'. A note states: 'Note: There is a delay of up to 4 hours between the time a subscription is activated and when its activation status is updated in a list of customer's subscriptions.' Below this, there are four tabs: 'Azure (0)', 'Marketplace (2)', 'Online Services (0)' (which is selected and underlined), and 'Software (0)'. A search box labeled 'Search by subscription' is located to the right of these tabs. The main content area currently displays the message: 'This customer doesn't have any online services subscriptions.'
