

How to Set Up the Finance Tab in the Wetransact Portal?

docs.wetransact.io/how-to-set-up-the-finance-tab-in-the-wetransact-portal

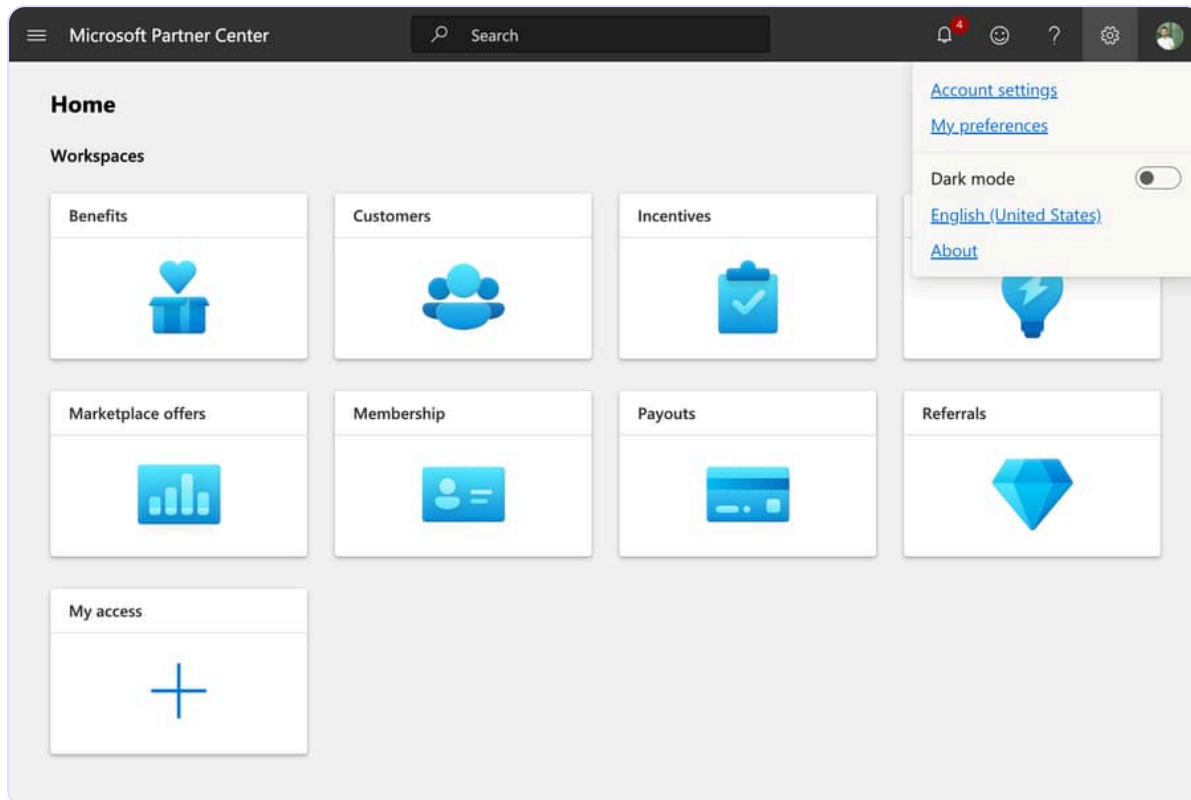

Some informations need to be fetch real time from Microsoft. We do connect through APIs to revert back these data in an easy way in your WeTransact UI.

User Rights: You will need a **Global Admin** Role to perform this task

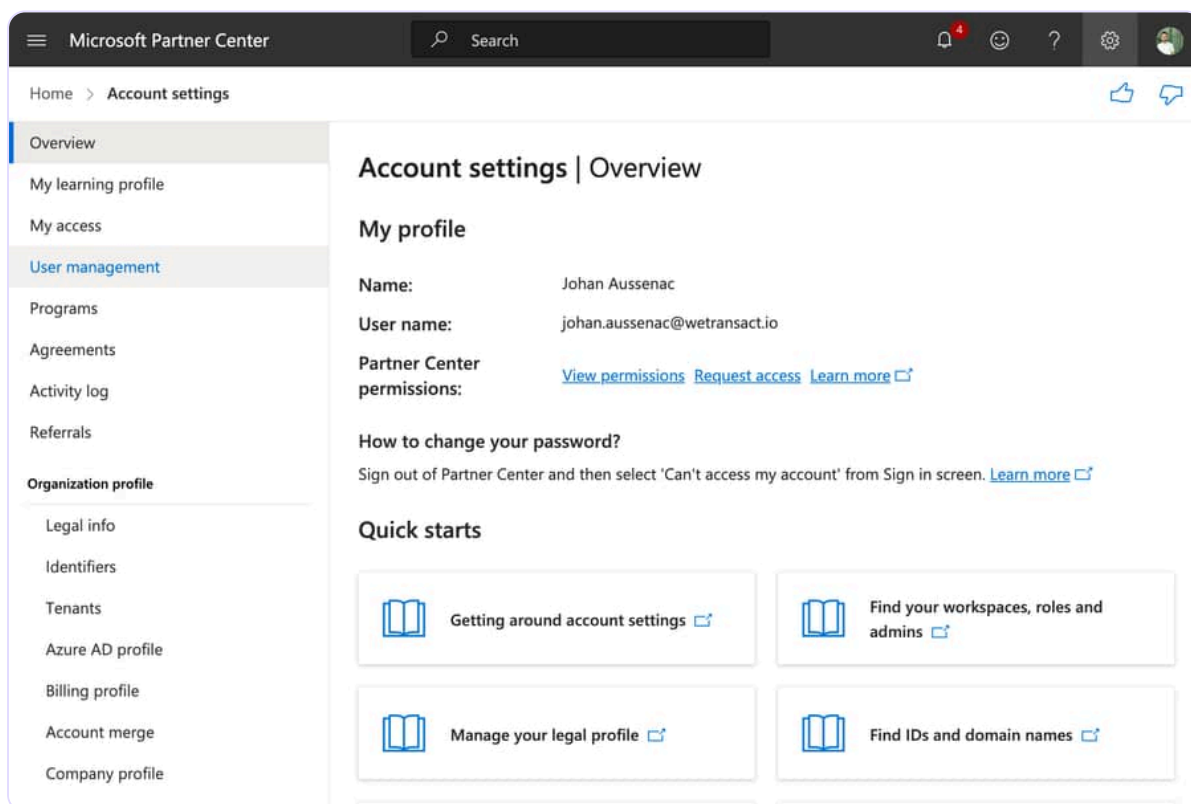

● On Partner Center click on the little wheel on the top right.

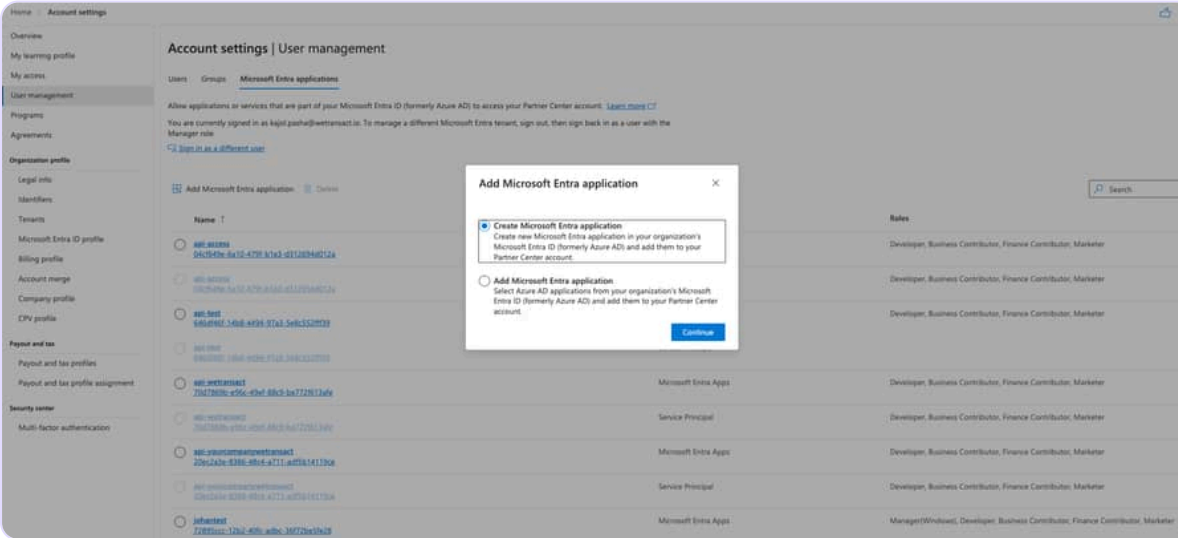

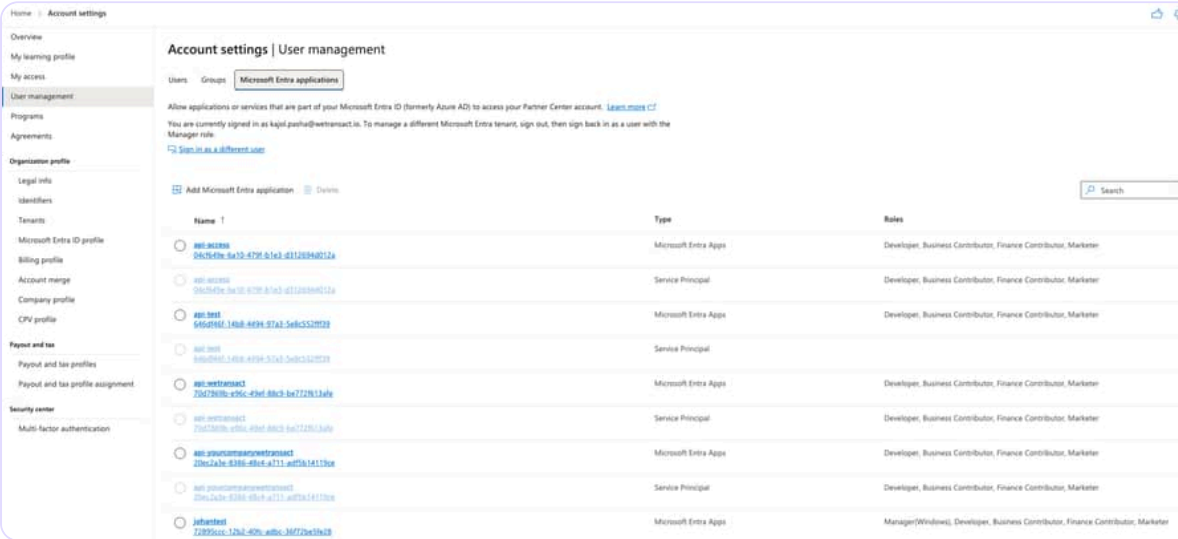

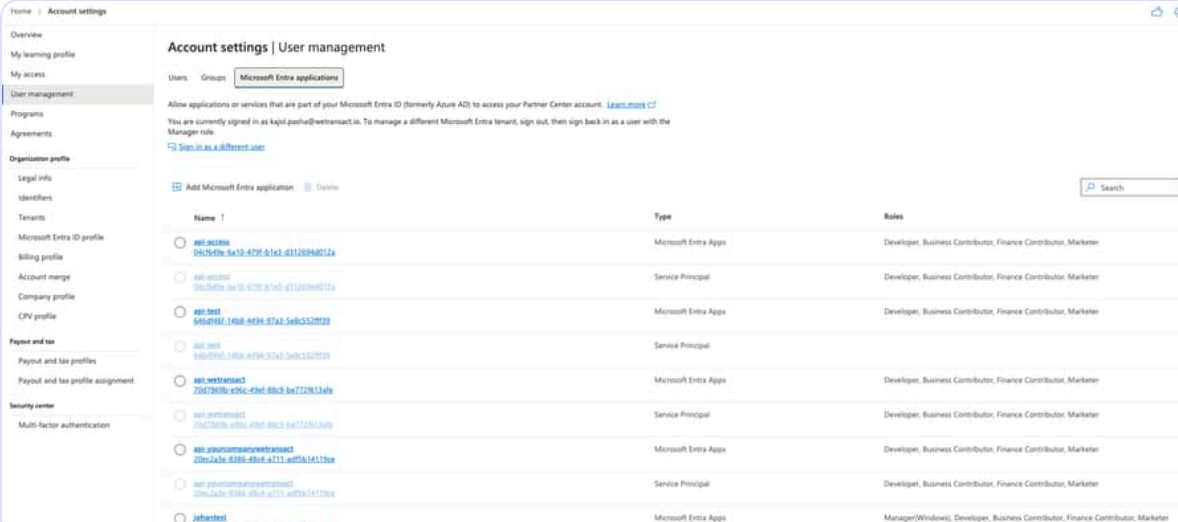

Click on Account settings

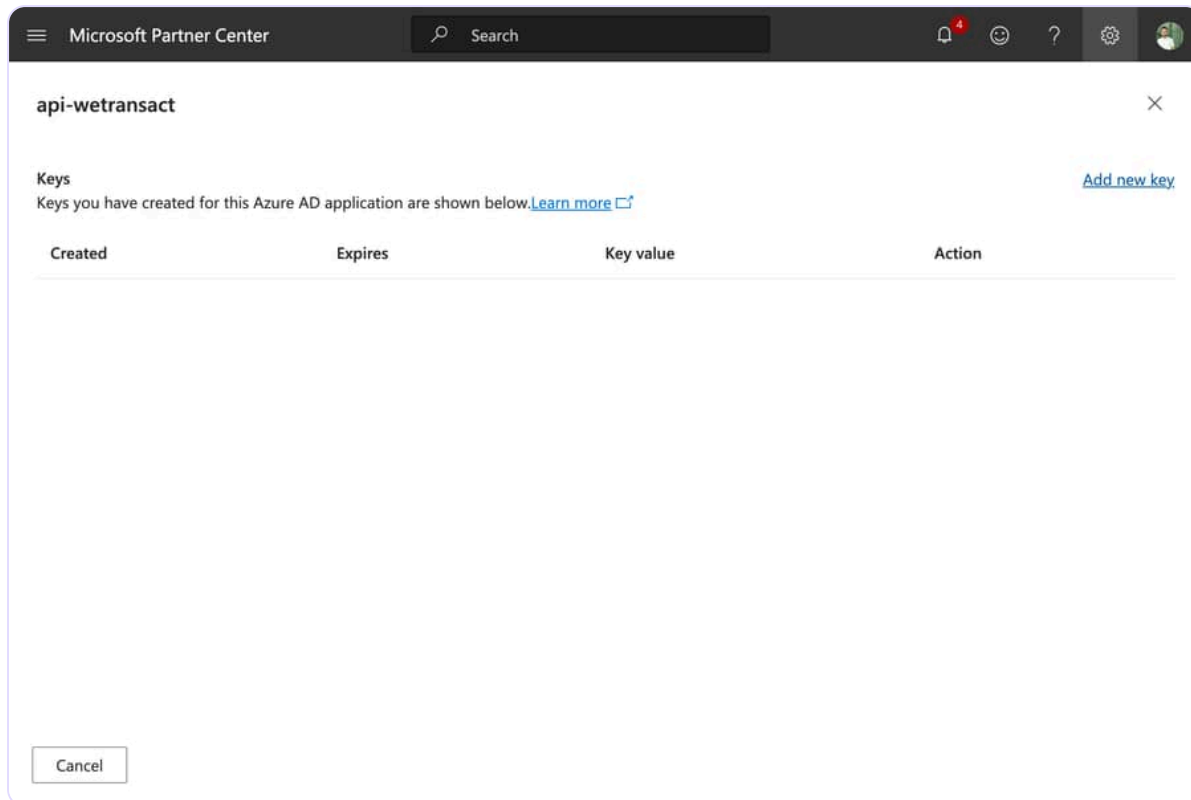

Click on User management

Name: **api-yourcompanywetransact** URL: <https://www.yourcompanywetransact.io>

Add new key

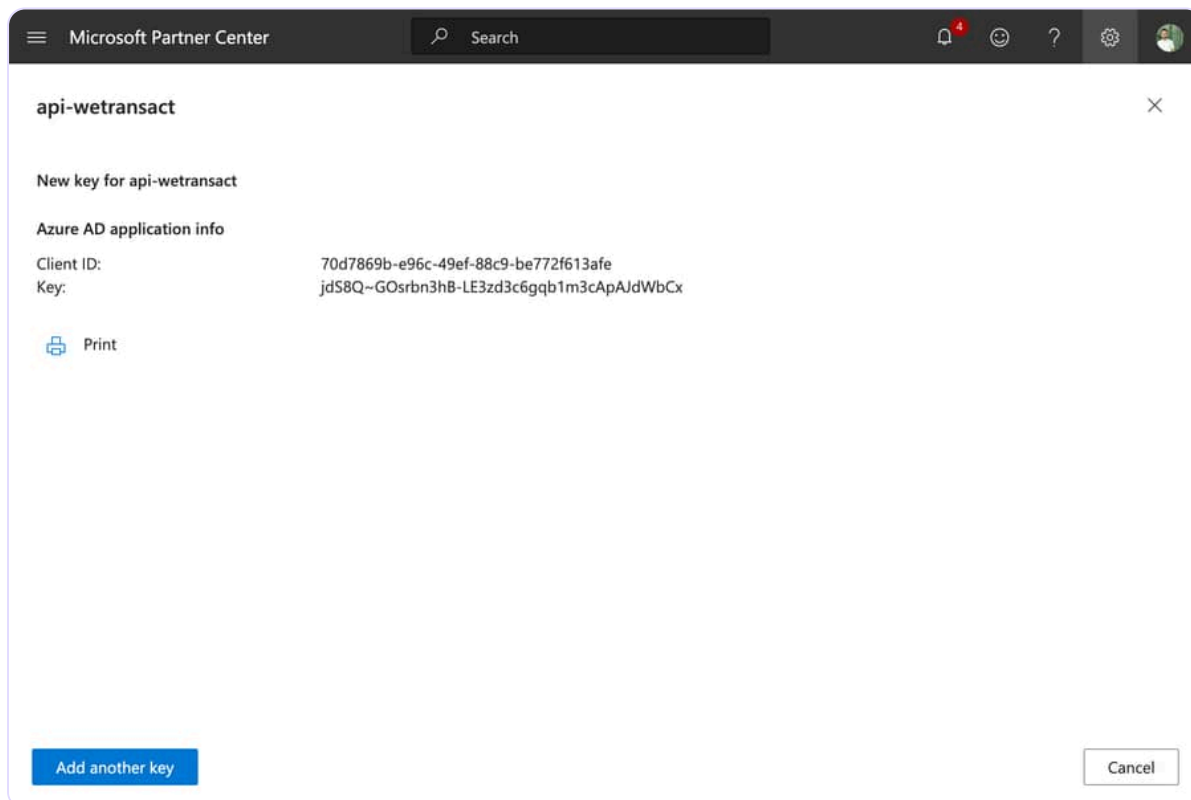

The screenshot shows a modal window titled 'api-wetransact' with a close button (X) in the top right corner. The window has a dark header bar with the Microsoft Partner Center logo, a search bar, and user profile icons. The main content area is titled 'Keys' and contains the text: 'Keys you have created for this Azure AD application are shown below. [Learn more](#) '. To the right of this text is a link that says 'Add new key'. Below the text is a table with four columns: 'Created', 'Expires', 'Key value', and 'Action'. The table is currently empty. At the bottom left of the modal is a 'Cancel' button.

 **This page will appear with your Client Id and the Key. Copy and save it.**

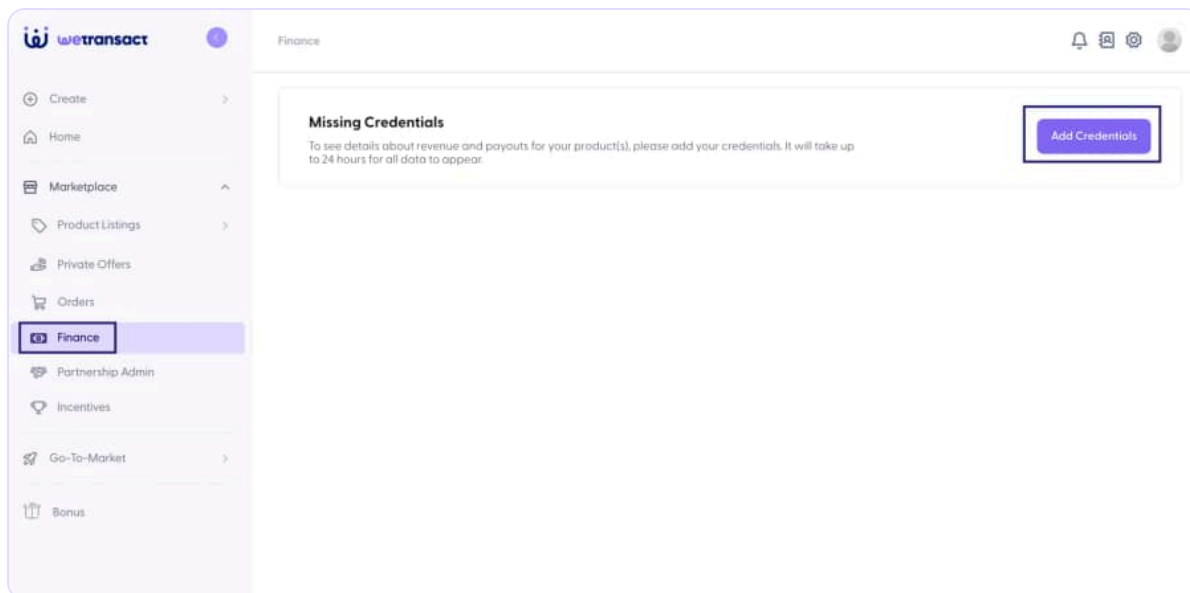

Leave that page open—if you close it, you won't be able to access your key again.

If you're in doubt, save these values

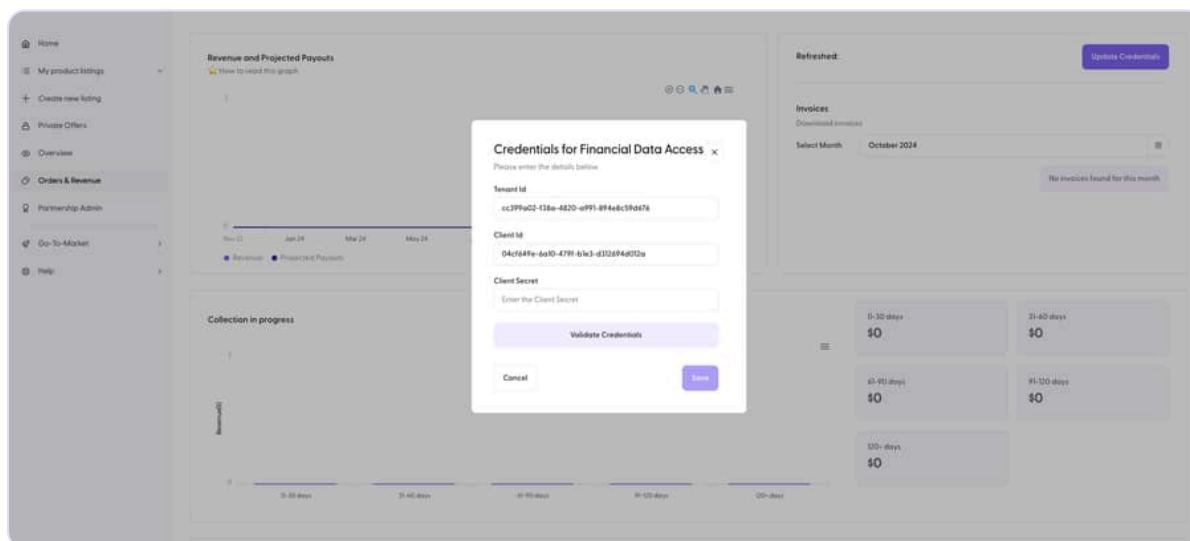

The screenshot shows the same modal window as before, but now it displays the newly generated key and client ID. The title is 'api-wetransact'. Below the title is the text 'New key for api-wetransact'. Underneath is the section 'Azure AD application info' which contains two lines of text: 'Client ID: 70d7869b-e96c-49ef-88c9-be772f613afe' and 'Key: jdS8Q~GOsrbn3hB-LE3zd3c6gqb1m3cApAjdWbCx'. Below this information is a 'Print' button with a printer icon. At the bottom left is a blue button that says 'Add another key', and at the bottom right is a 'Cancel' button.

● Sign in to the WeTransact portal and click on the Finance tab, then select Add credentials.

● Add Tenant ID and fill Client ID and Client Secret, then click Validate Credentials.

If you need to find the tenant ID, please follow this [guide](#).

● Click on Save.

Credentials for Financial Data Access ×

Please enter the details below

Tenant Id
cc399a02-f38a-4820-a991-894e8c59d676

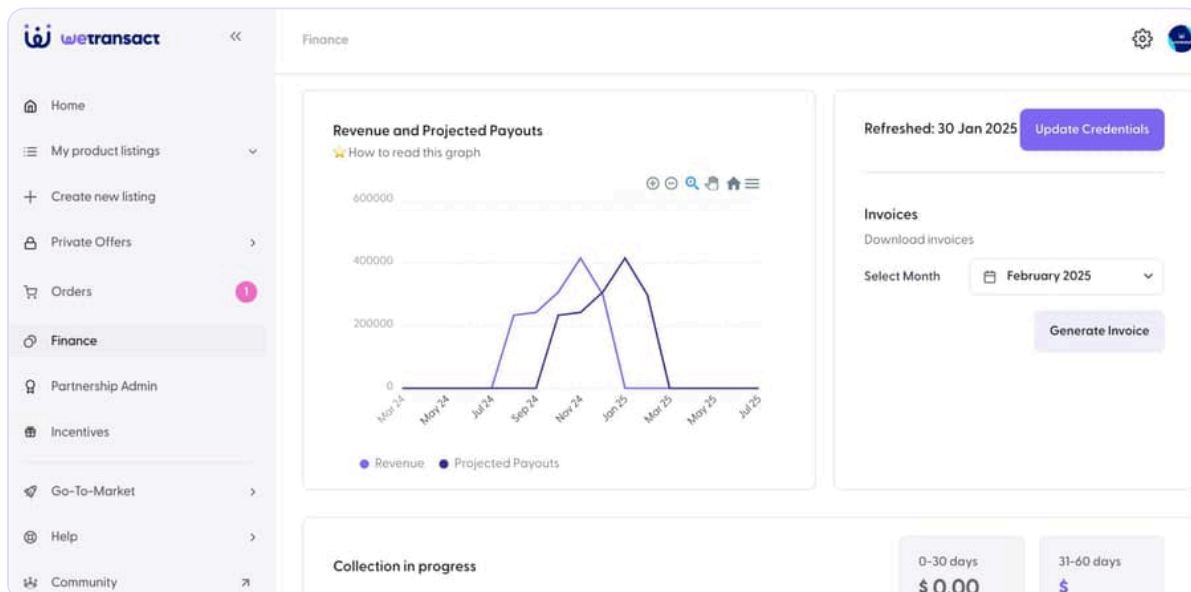

Client Id
a4d8c3f6-68aa-46de-b6d3-26d1b99cb062

Client Secret
.....

Validate Credentials

Cancel **Save**

● The Finance Tab is all set!
