View properties about the installing account including primary domain and user emails.

Connect app

Cancel

Once the installation is complete, you will see the following confirmation message.

 **App installed successfully**

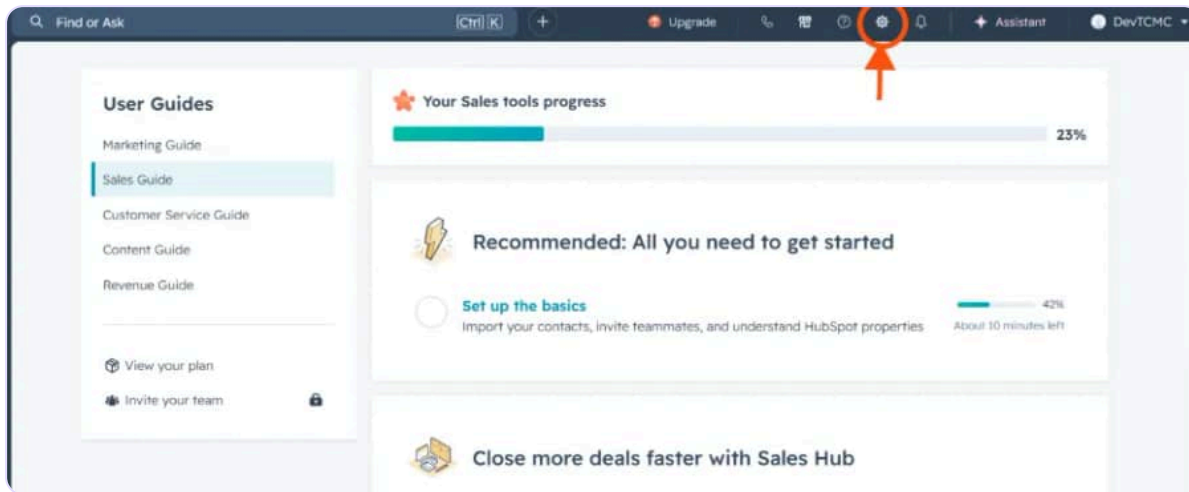

The WeTransact HubSpot app is now connected.

Hub ID: 147458206

You can safely close this tab and return to HubSpot.

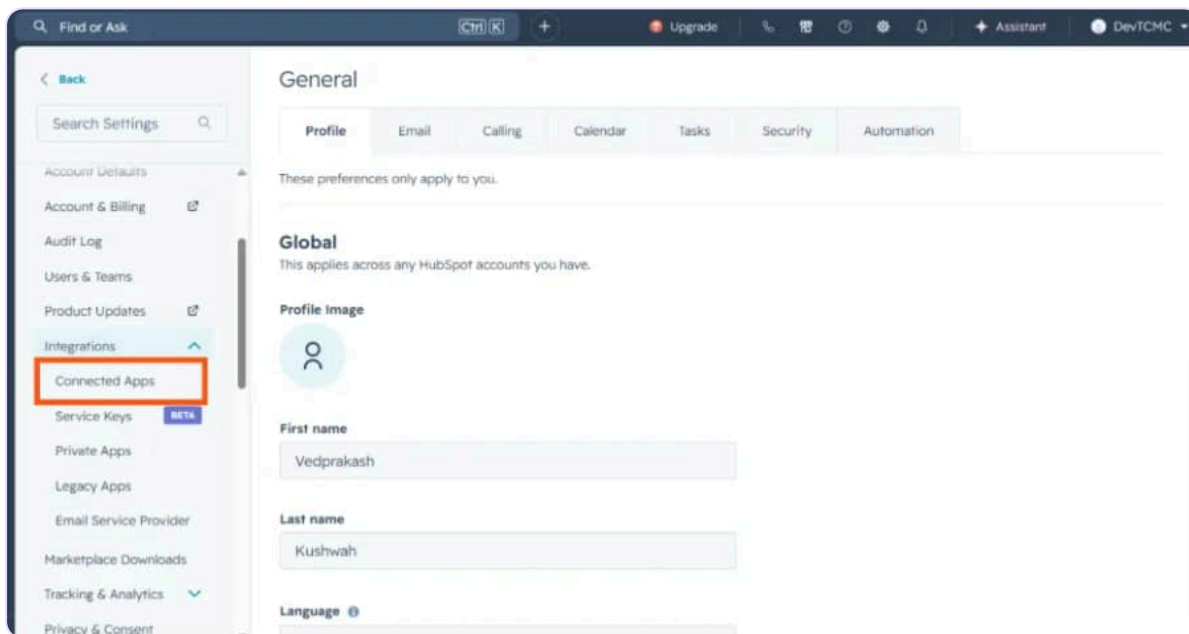

Step 2 – Configure Card Locations

From the HubSpot navigation bar, click Settings.

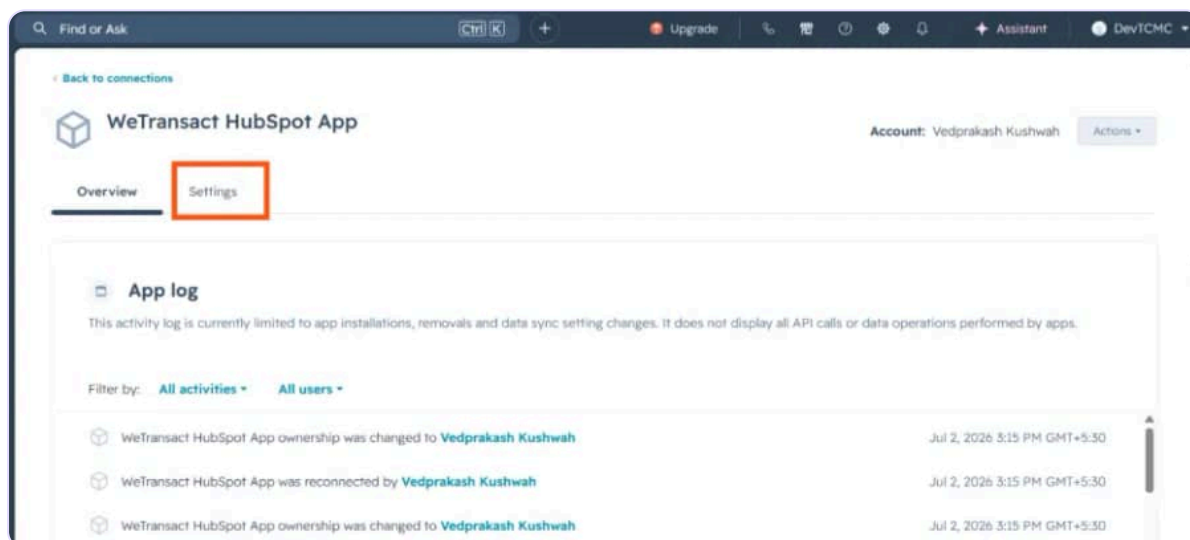

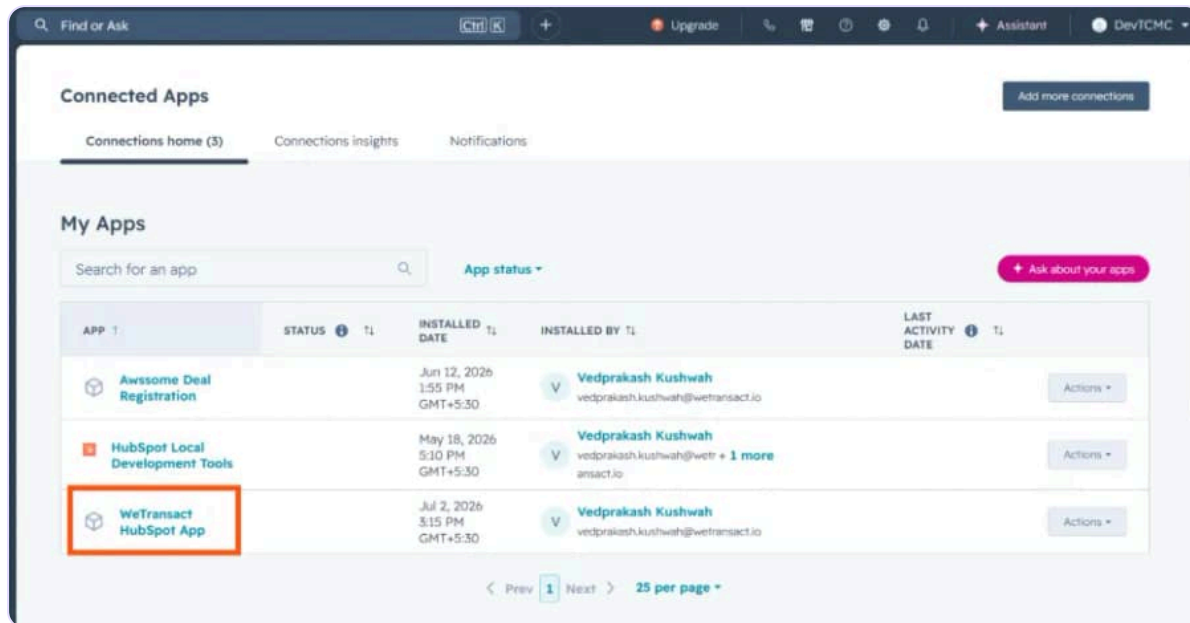

Navigate to: Integrations → Connected Apps

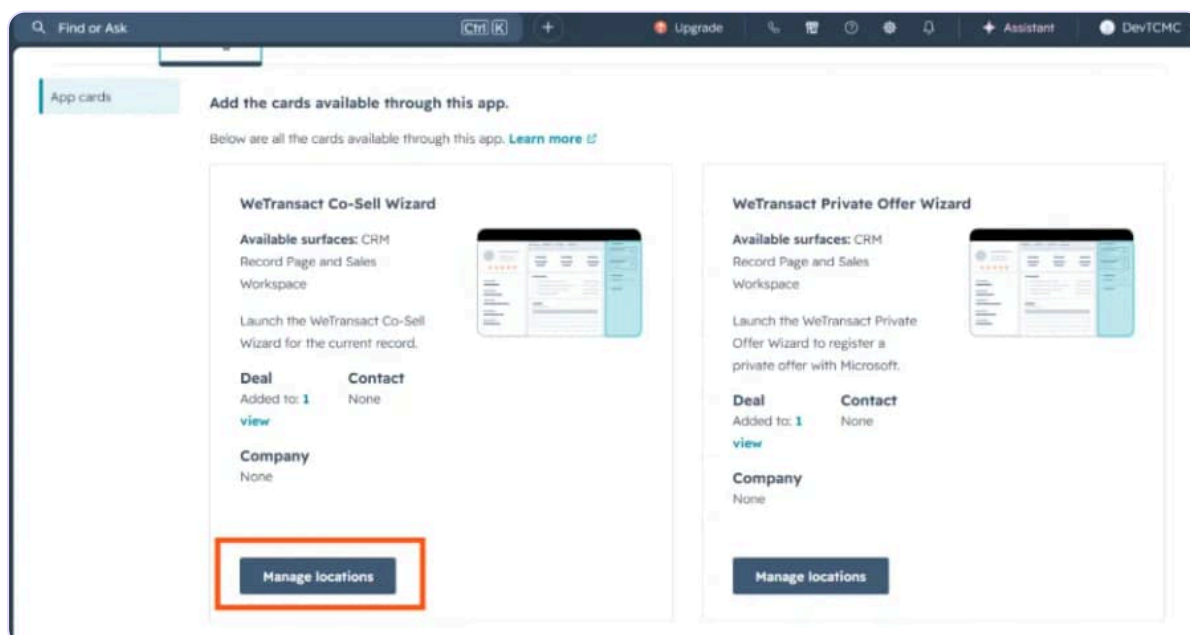

Locate the installed WeTransact HubSpot App.

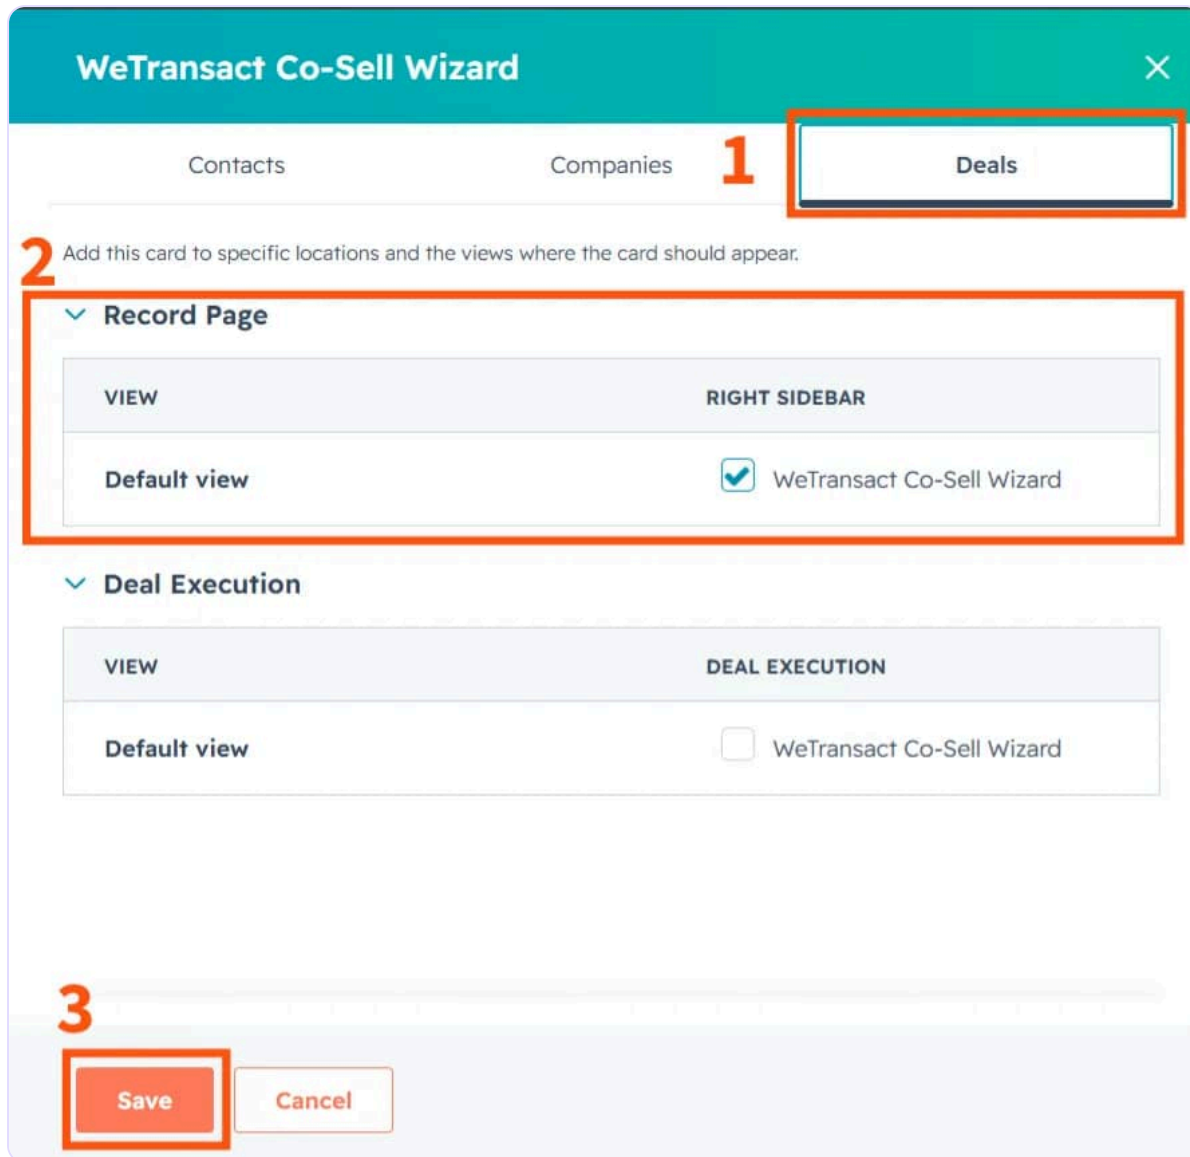

Open the WeTransact HubSpot App settings.

Click Manage Locations under WeTransact Co-Sell Wizard.

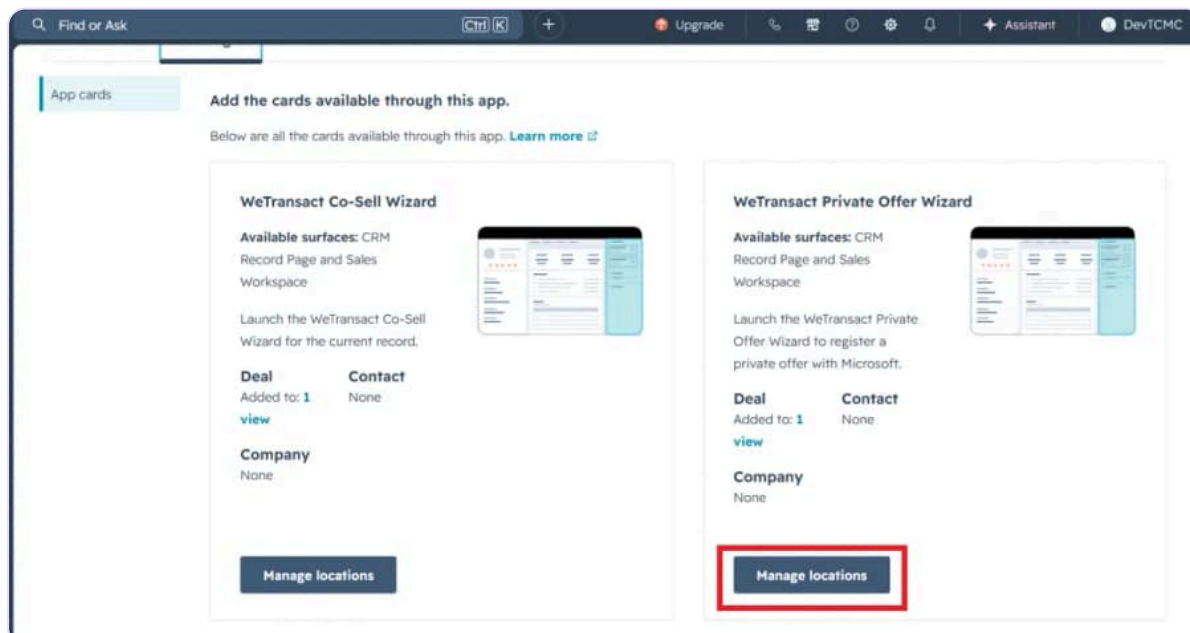

Select WeTransact Co-Sell Wizard, then click Save.

The image shows the 'WeTransact Co-Sell Wizard' configuration window. At the top, there are three tabs: 'Contacts', 'Companies', and 'Deals'. The 'Deals' tab is selected and highlighted with a red box, with a red '1' next to it. Below the tabs, a red '2' is followed by the instruction: 'Add this card to specific locations and the views where the card should appear.' The main content area is divided into two sections: 'Record Page' and 'Deal Execution'. The 'Record Page' section has a table with two columns: 'VIEW' and 'RIGHT SIDEBAR'. Under 'VIEW', there is a 'Default view' row. Under 'RIGHT SIDEBAR', there is a checkbox labeled 'WeTransact Co-Sell Wizard' which is checked. The 'Deal Execution' section has a table with two columns: 'VIEW' and 'DEAL EXECUTION'. Under 'VIEW', there is a 'Default view' row. Under 'DEAL EXECUTION', there is a checkbox labeled 'WeTransact Co-Sell Wizard' which is unchecked. At the bottom, there are two buttons: 'Save' and 'Cancel'. The 'Save' button is highlighted with a red box, with a red '3' next to it.

Next, click Manage Locations under WeTransact Private Offer Wizard.

The image shows the 'WeTransact Private Offer Wizard' configuration window. It displays two wizard cards side-by-side. The left card is for 'WeTransact Co-Sell Wizard' and the right card is for 'WeTransact Private Offer Wizard'. Both cards show 'Available surfaces: CRM Record Page and Sales Workspace' and 'Launch the WeTransact Co-Sell Wizard for the current record.' and 'Launch the WeTransact Private Offer Wizard to register a private offer with Microsoft.' respectively. Below each card, there are fields for 'Deal', 'Contact', and 'Company'. The 'Deal' field has 'Added to: 1' and a 'view' link. The 'Contact' field has 'None'. The 'Company' field has 'None'. At the bottom of each card, there is a 'Manage locations' button. The 'Manage locations' button for the 'WeTransact Private Offer Wizard' is highlighted with a red box.

Repeat the same process and click Save.

WeTransact Private Offer Wizard

Contacts Companies **1 Deals**

2 Add this card to specific locations and the views where the card should appear.

Record Page

Default view	☒ WeTransact Private Offer Wiz...

Deal Execution

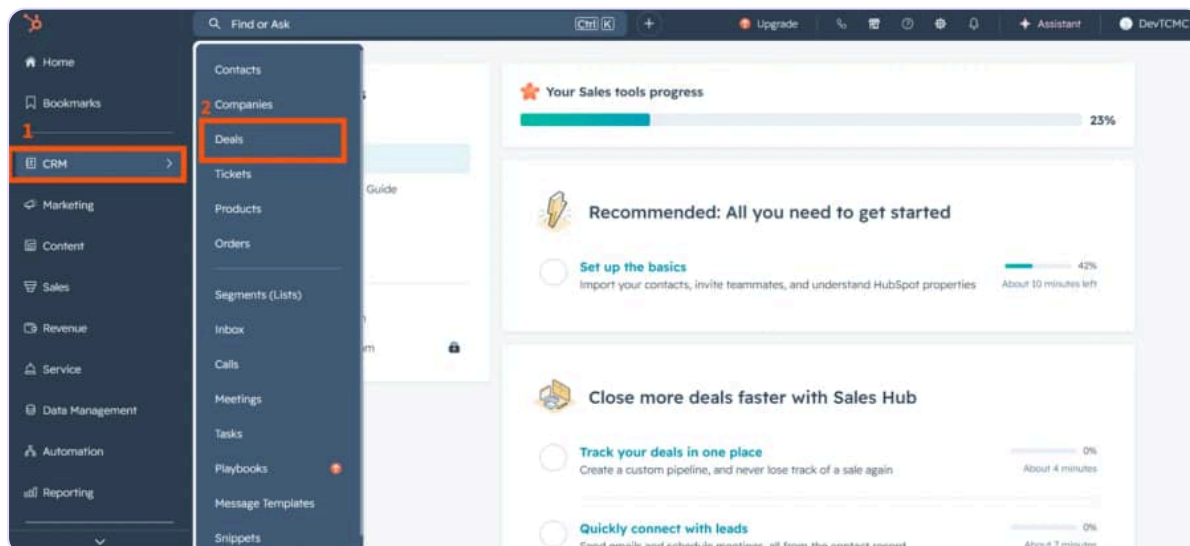

VIEW	DEAL EXECUTION
Default view	☐ WeTransact Private Offer Wiz...

3

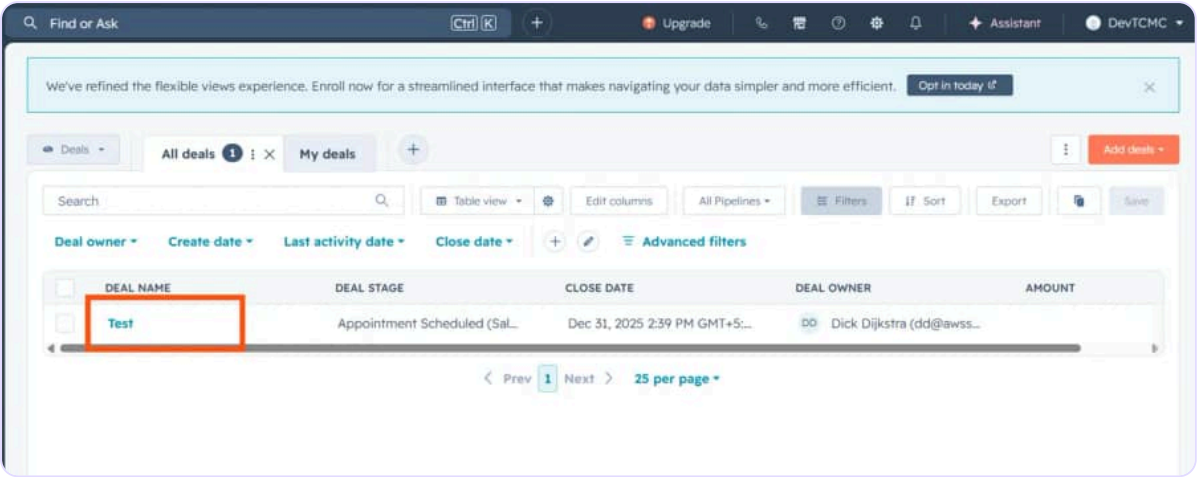

Save **Cancel**

Step 3 – Add the Cards to the Deals Sidebar

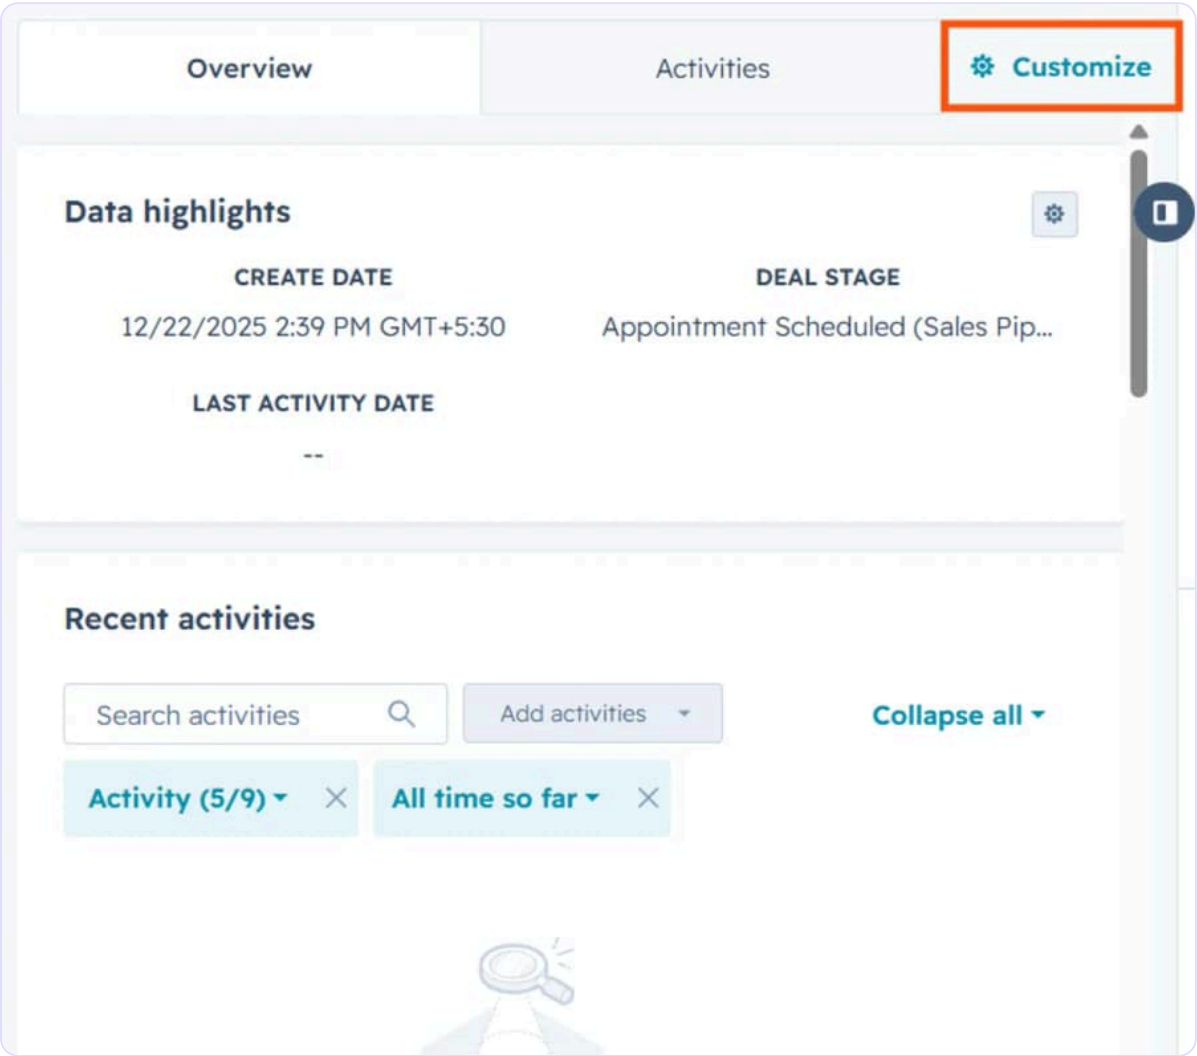

From the left navigation menu, go to: CRM → Deals

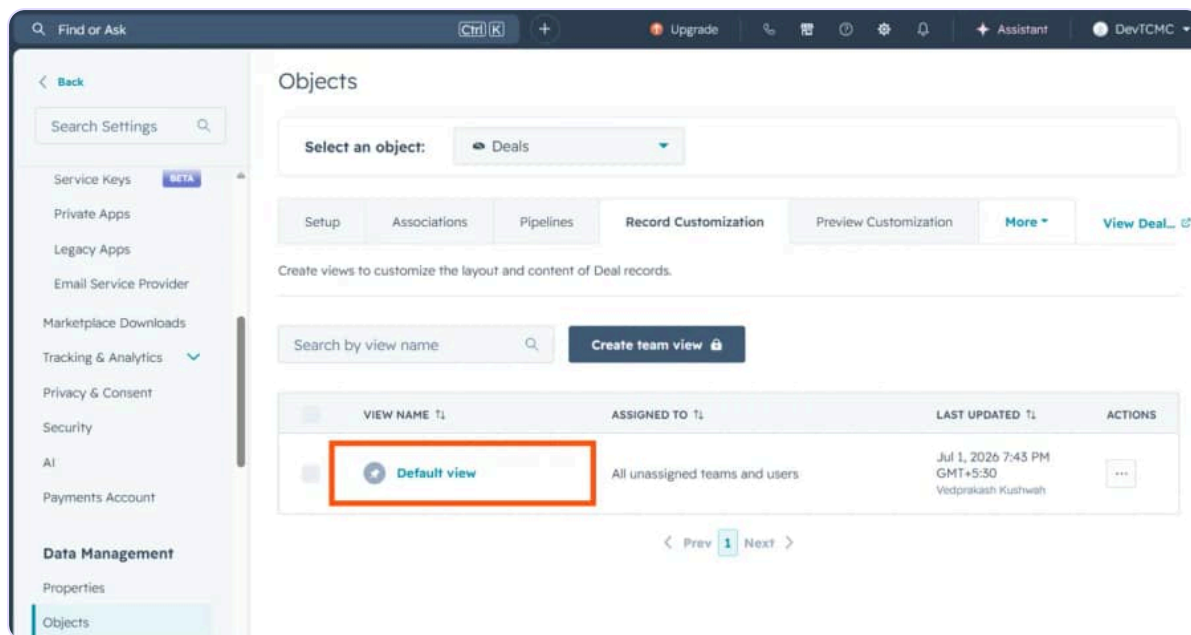

Open any Deal.

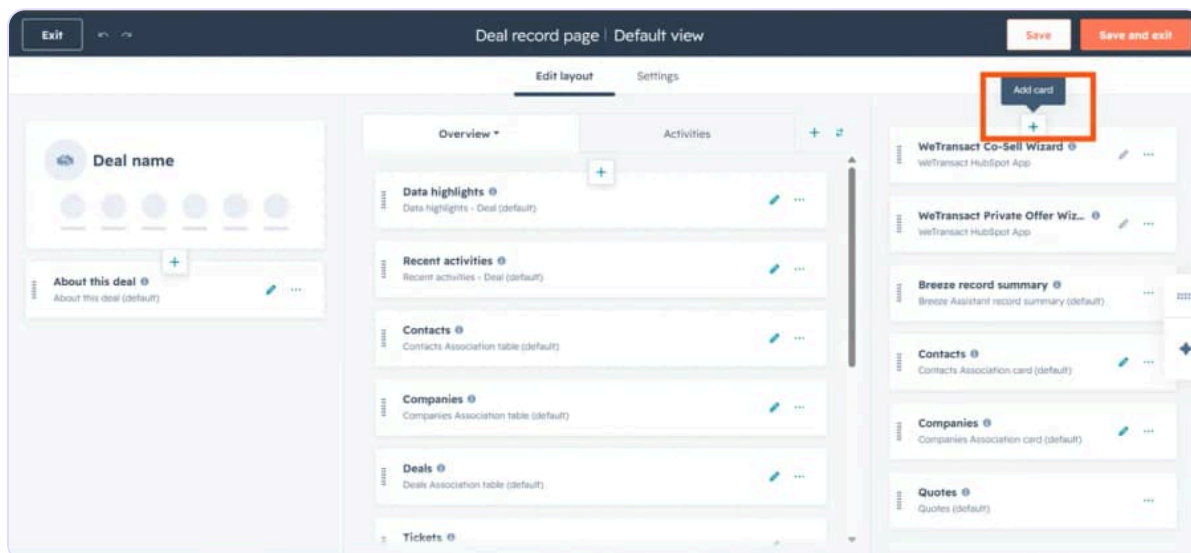

Click: Customize → Default View

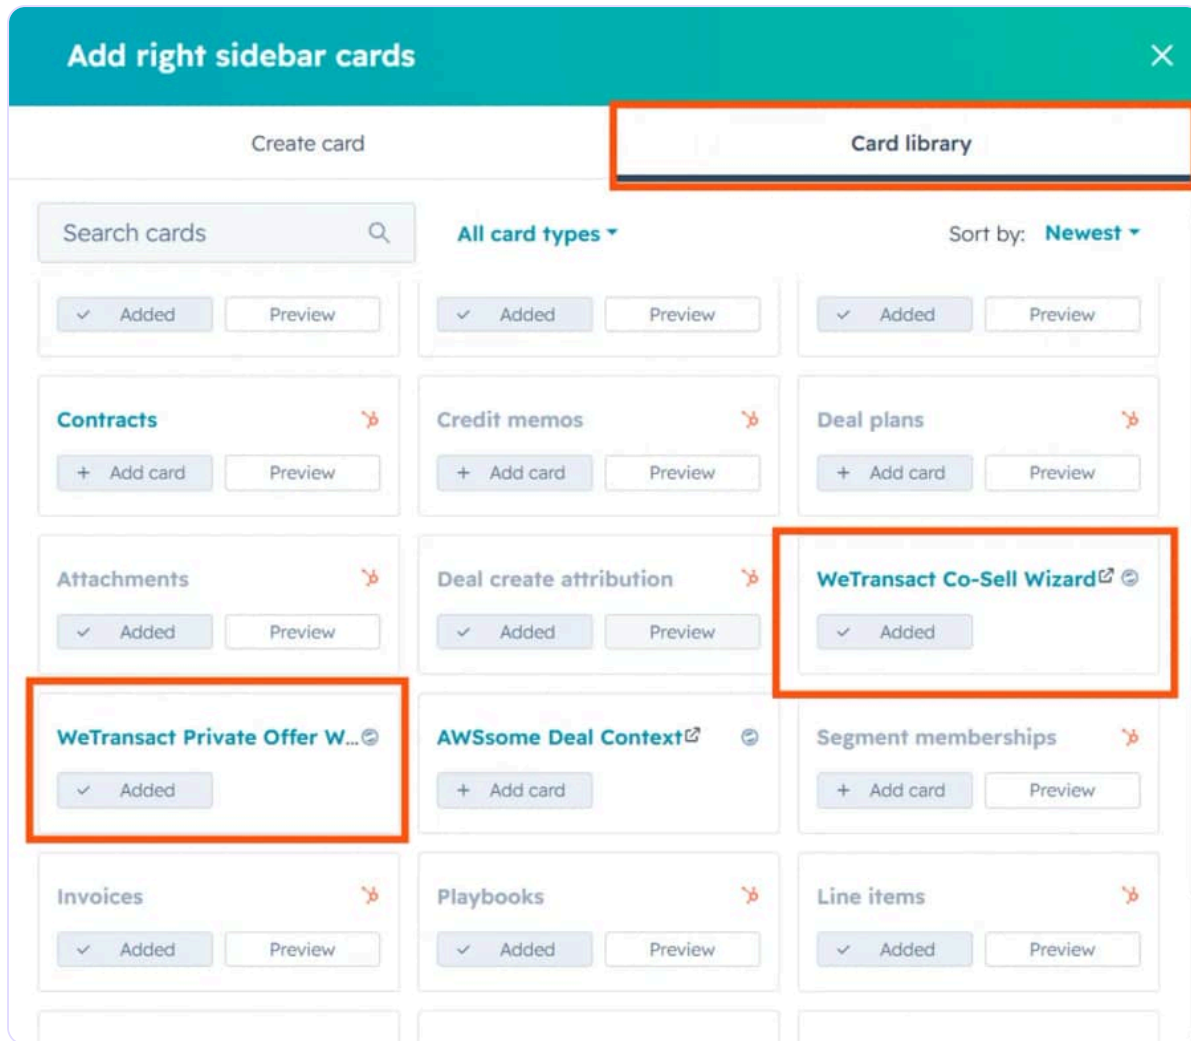

Click the "+" icon to add cards to the right sidebar.

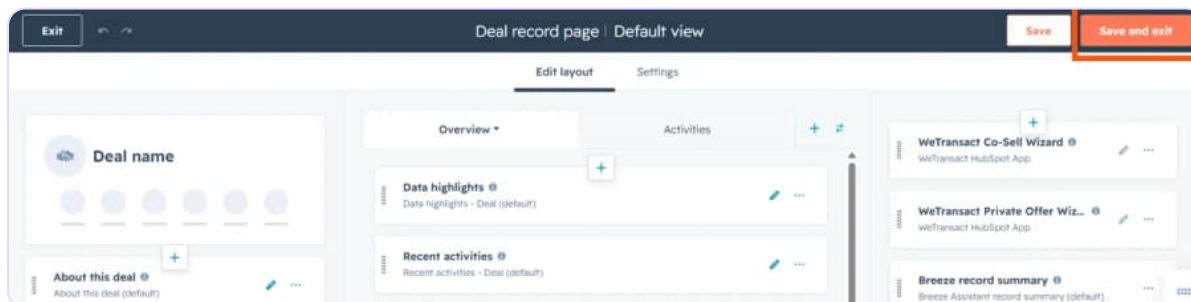

Select Card Library, then add the following cards:

- WeTransact Co-Sell Wizard
- WeTransact Private Offer Wizard

After both cards display the **Added** status, close the pop-up window.

Click Save and Exit.

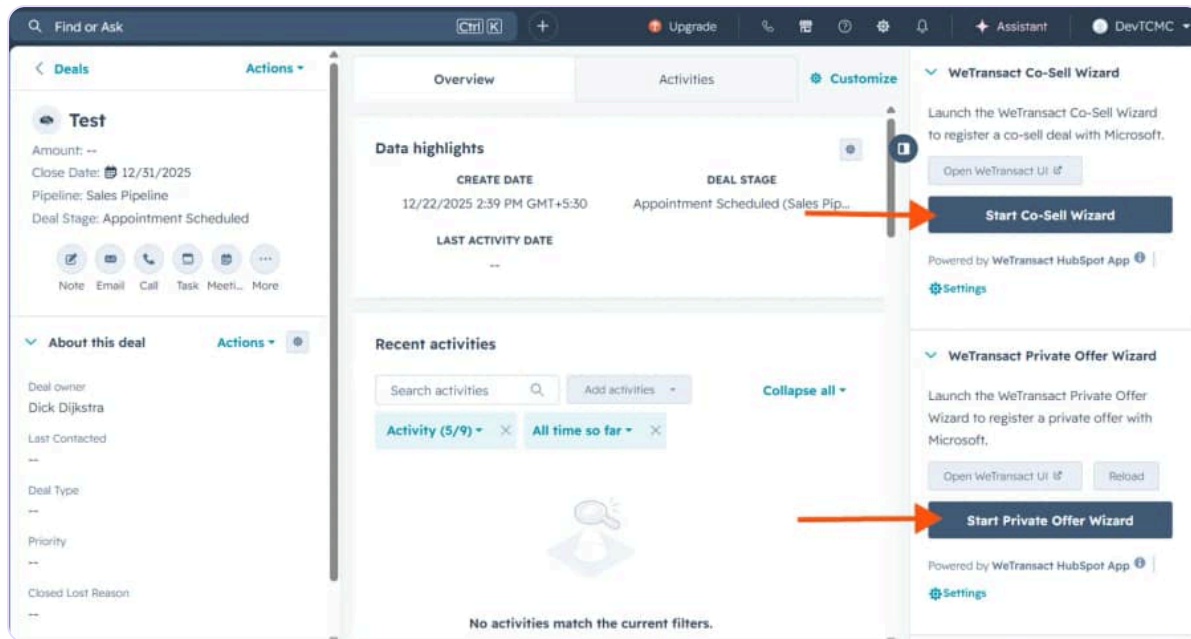

Step 4 – Verify the Installation

Open any Deal.

You should now see both WeTransact cards displayed on the right-hand sidebar.

- ✓ WeTransact Co-Sell Wizard
- ✓ WeTransact Private Offer Wizard

Installation Complete 🎉

Your WeTransact HubSpot integration has been successfully installed and configured.

Support

We hope you were able to successfully follow the steps outlined above. If you face any issue please do not hesitate in reaching out to your WeTransact representative.
