

Ecosystem Watchers - Explore Partners and Vendors Across Microsoft Marketplace

docs.wetransact.io/ecosystem-watchers-explore-partners-and-vendors-across-microsoft-marketplace

Sellers, software vendors, and key marketplace stakeholders based on their roles and activity. You can discover companies, identify relevant contacts, and access LinkedIn profiles and validated contact details when available.

This data helps you research partners, build go-to-market campaigns, and understand who is active in the Microsoft reseller channel.

All information can be easily selected and exported for further analysis or outreach.
