

How to check Microsoft Entra application roles?

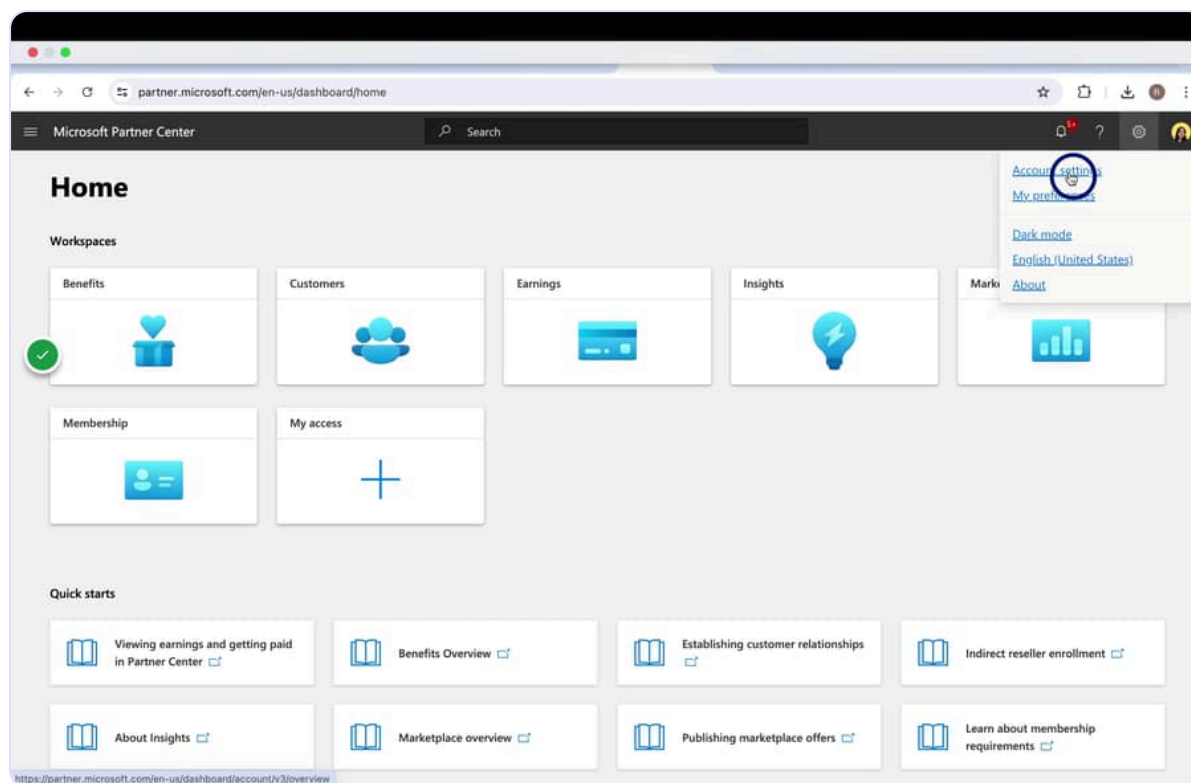

docs.wetransact.io/how-to-check-microsoft-entra-application-roles

Checking Entra app roles ensures the correct permissions are assigned, allowing it to access and sync data between your Partner Center account and the WeTransact portal without issues.

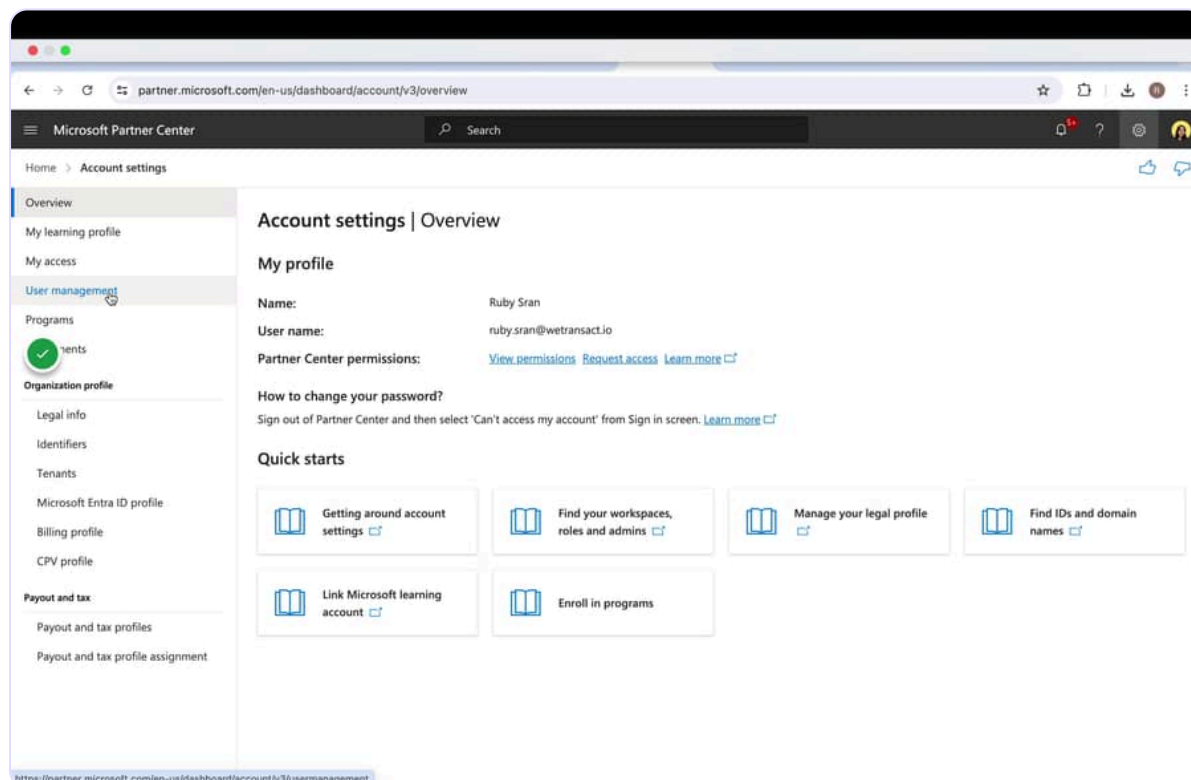

Go to Settings

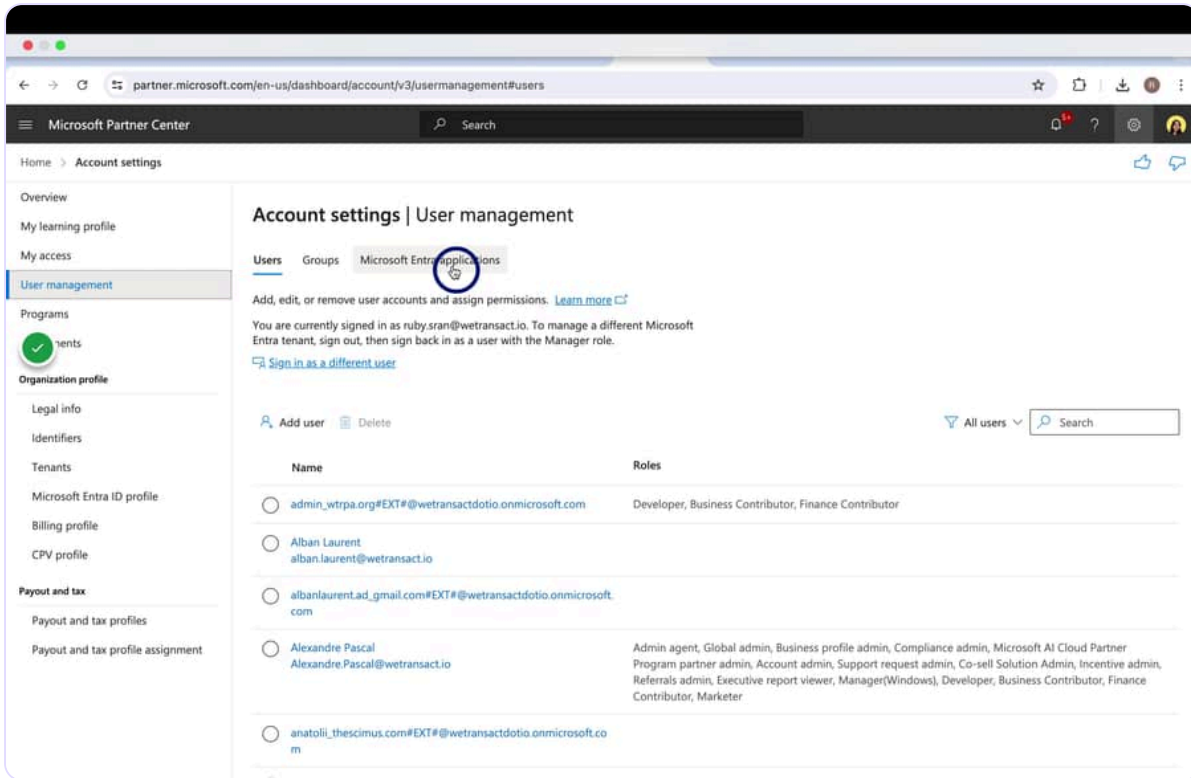

Click on Account Settings

Click on User Management

Select Microsoft Entra applications

Account settings | User management

Users Groups Microsoft Entra applications

Add, edit, or remove user accounts and assign permissions. [Learn more](#)

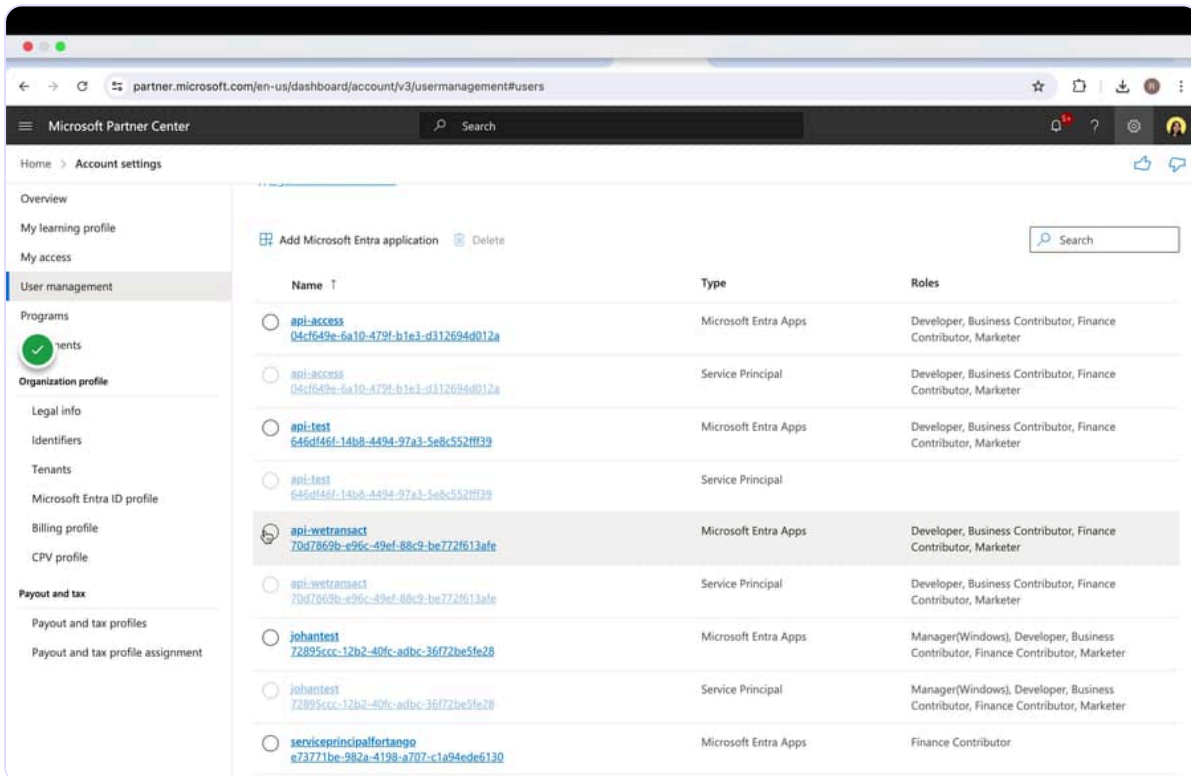

You are currently signed in as [rubys.ran@wetransact.io](#). To manage a different Microsoft Entra tenant, sign out, then sign back in as a user with the Manager role.

Check the roles

The screenshot shows the Microsoft Partner Center interface. On the left, the 'User management' tab is selected. The main area displays a table of applications and their assigned roles. The 'api-wetransact' application is selected, and its roles are highlighted. The roles are: Developer, Business Contributor, Finance Contributor, and Marketer.

Name	Type	Roles
api-access	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
api-access	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
api-test	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
api-test	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
api-wetransact	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
api-wetransact	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
johantest	Microsoft Entra Apps	Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
johantest	Service Principal	Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
serviceprincipalfortango	Microsoft Entra Apps	Finance Contributor

Take a screenshot of the roles

The screenshot shows the Microsoft Partner Center interface. On the left, the 'User management' tab is selected. The main area displays a table of applications and their assigned roles. The 'api-wetransact' application is selected, and its roles are highlighted. The roles are: Developer, Business Contributor, Finance Contributor, and Marketer.

Name	Type	Roles
api-access	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
api-access	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
api-test	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
api-test	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
api-wetransact	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
api-wetransact	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
johantest	Microsoft Entra Apps	Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
johantest	Service Principal	Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
serviceprincipalfortango	Microsoft Entra Apps	Finance Contributor
