

How to configure a SaaS account in Azure Portal?

docs.wetransact.io/how-to-configure-a-saas-account-in-azure-portal

If you need to configure your account after already creating a subscription, follow steps below to find the existing subscription and send in your order.

● Sign in to Azure portal

Type "saas"

The screenshot displays the Microsoft Azure portal interface. At the top, the search bar contains the text "saas". Below the search bar, a dropdown menu shows search results under the "Services" tab. The results include "SaaS", "SaaS (classic)", "NGINXaaS", and "Elastic SANs". To the right of the search results, there are tiles for "Tenant properties", "Cost Management", and "Cost Management", along with a "More services" link. The main content area is currently blank, showing only the headers "Name", "Type", and "Last Viewed". At the bottom, there are sections for "Navigate" (Subscriptions, Resource groups, All resources, Dashboard) and "Tools" (Microsoft Learn, Azure Monitor, Microsoft Defender for Cloud, Cost Management).

[+ Create](#) [Edit columns](#) [Refresh](#) [Feedback](#) [Assign tags](#)

SaaS resources were changed to have an experience similar to other ARM resources like VMs and Azure apps. They now belong to resource groups, can be searched in Azure portal global search, etc. If you are searching for your existing SaaS resource, click on this banner to see the previous version of the SaaS list view. Each existing SaaS resource can be migrated to the new experience, via explicit user action.

View all your SaaS subscriptions

Configure your SaaS account on the publisher's website to complete the purchase. Billing will start after your account is configured. If no action is taken within 30 days from the initial subscription, this SaaS subscription will be automatically deleted.

Clicking on 'Configure account now' will redirect you outside the Azure portal to an independent publisher's website. Please note that Microsoft is not responsible for the content, privacy policies, or security measures of the publisher's website.

● Type "Company Name" on the landing page

The screenshot shows the wetransact landing page with a dark blue header containing the logo. A large white box on the left features a blue circular icon with the Arabic word 'نفا' (Nafa). To the right, a white card contains the heading 'Hi! Ready to complete your purchase?' and a message from Dichanymo. Below this is a form with fields for Offer, Plan, Email, and Company, followed by a 'Confirm Purchase' button.
