

# How to create a new users in Partner Center

docs.wetransact.io/how-to-create-a-new-users-in-partner-center

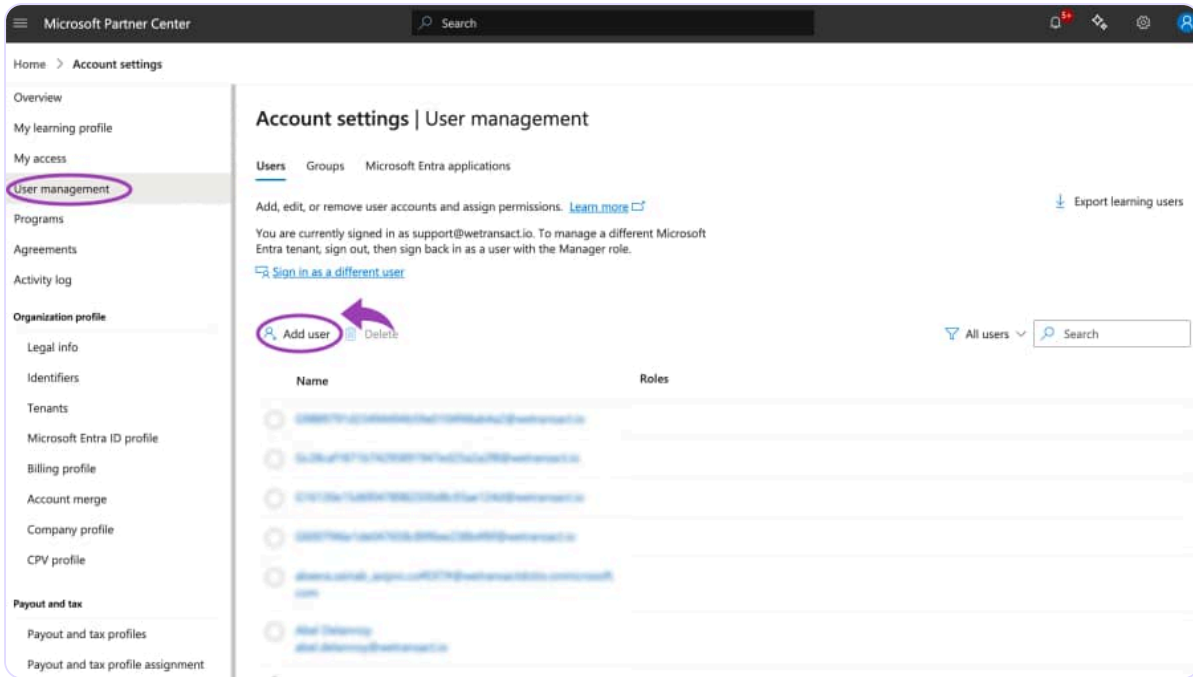

This guide walks you through creating a new user directly in Partner Center. This is the standard approach when you need to add a team member to your Partner Center account – whether that's a colleague who needs access to manage listings, view reports, or handle account settings. Note that only users with Global Admin or Account Admin permissions can create new users in Partner Center.

To create users in partner center, please the steps below:

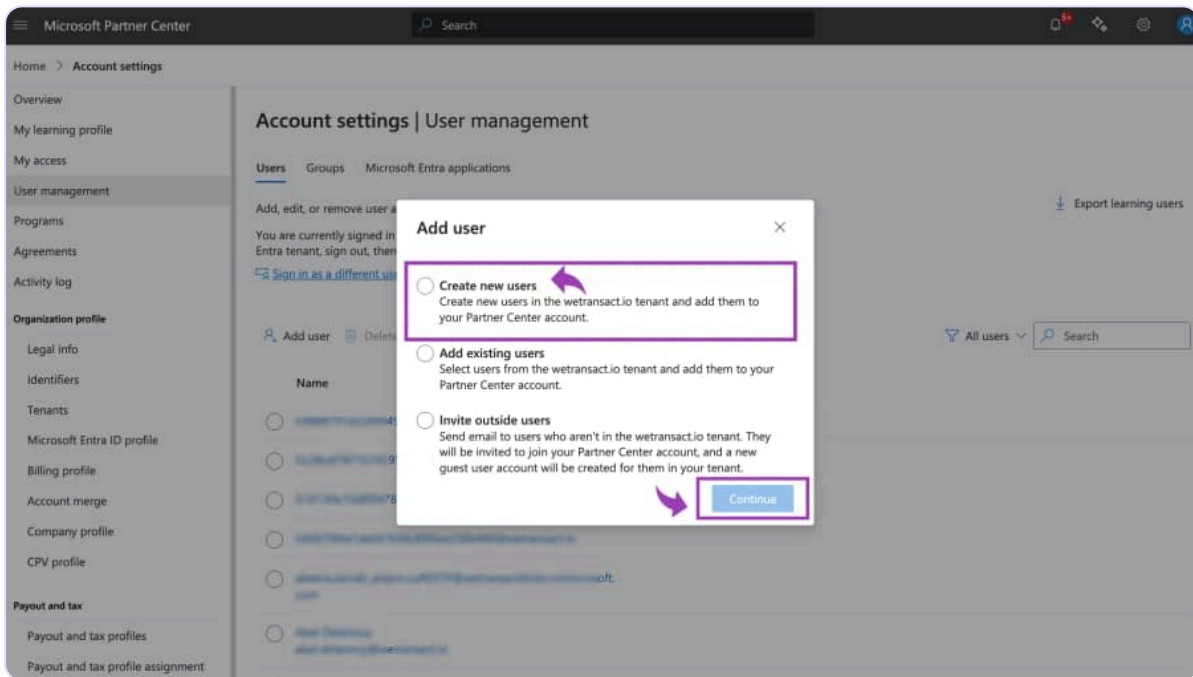

## 1. Sign in to Partner Center, and go to settings and account settings

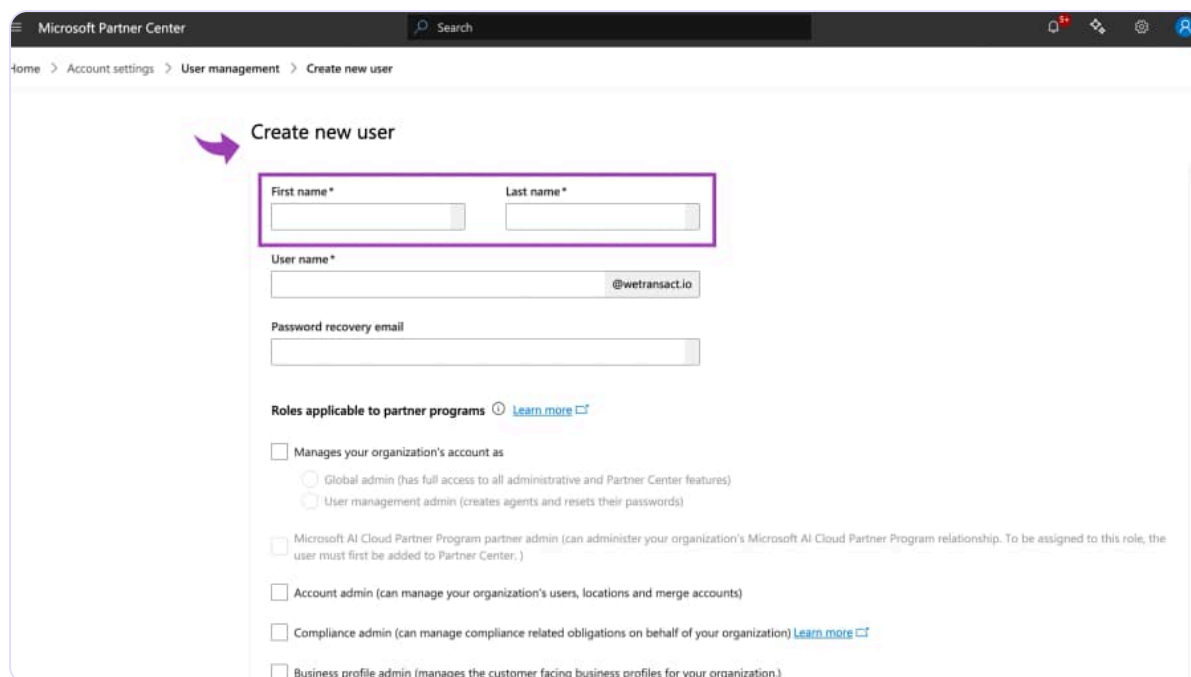

## 2. Select User management and Add user

## 3. Select Create Users and continue

#### 4. Enter User details and permissions. Click save

Microsoft Partner Center

home > Account settings > User management > Create new user

### Create new user

First name\*  Last name\*

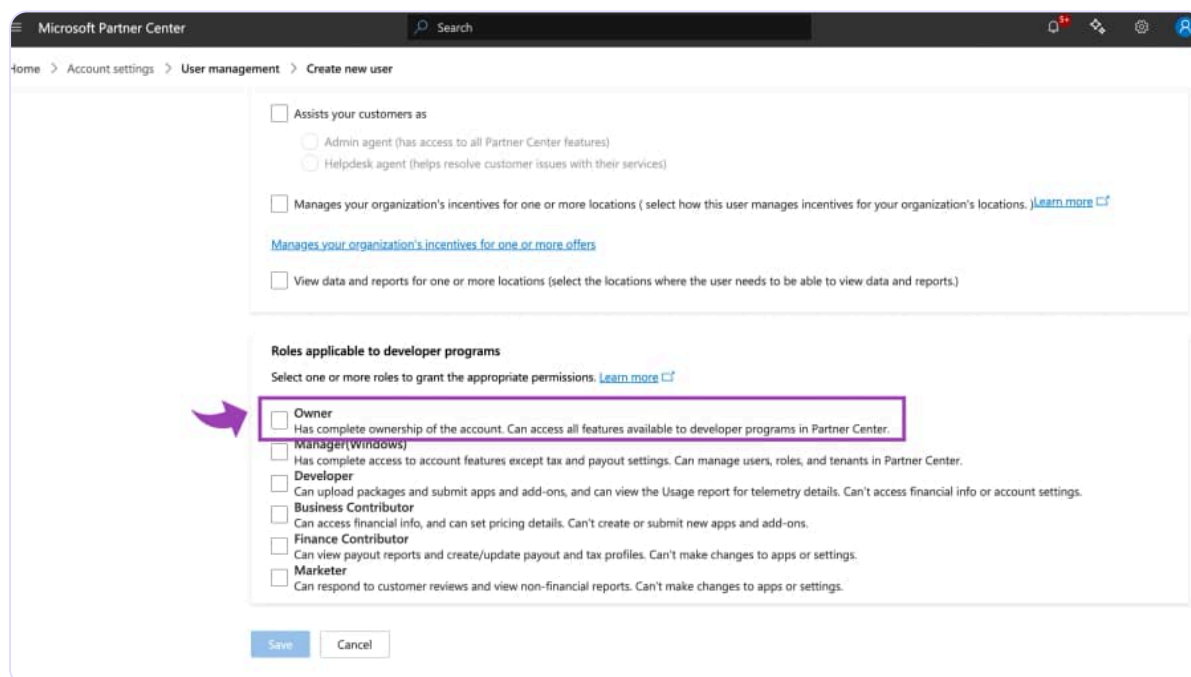

User name\*  @wetransact.io

Password recovery email

Roles applicable to partner programs [Learn more](#)

- ☐ Manages your organization's account as
  - ☐ Global admin (has full access to all administrative and Partner Center features)
  - ☐ User management admin (creates agents and resets their passwords)
- ☐ Microsoft AI Cloud Partner Program partner admin (can administer your organization's Microsoft AI Cloud Partner Program relationship. To be assigned to this role, the user must first be added to Partner Center.)
- ☐ Account admin (can manage your organization's users, locations and merge accounts)
- ☐ Compliance admin (can manage compliance related obligations on behalf of your organization) [Learn more](#)
- ☐ Business profile admin (manages the customer facing business profiles for your organization.)

Add user's first name, last name and user name, make sure you enter password recovery email. Please assign the user permissions such as Global Admin, account admin and so on. However the owner permission is essential.

Microsoft Partner Center

home > Account settings > User management > Create new user

☐ Assists your customers as

- ☐ Admin agent (has access to all Partner Center features)
- ☐ Helpdesk agent (helps resolve customer issues with their services)

☐ Manages your organization's incentives for one or more locations ( select how this user manages incentives for your organization's locations. [Learn more](#))

[Manages your organization's incentives for one or more offers](#)

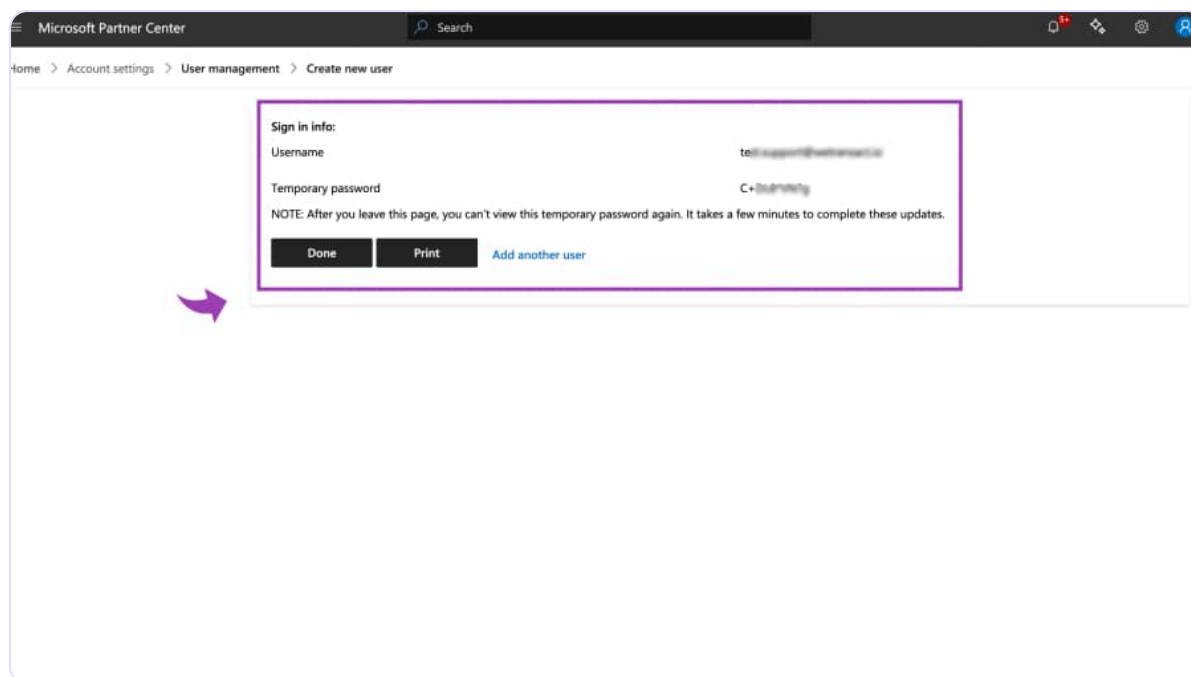

☐ View data and reports for one or more locations (select the locations where the user needs to be able to view data and reports.)

Roles applicable to developer programs

Select one or more roles to grant the appropriate permissions. [Learn more](#)

- ☐ **Owner**  
Has complete ownership of the account. Can access all features available to developer programs in Partner Center.
- ☐ **Manager (Windows)**  
Has complete access to account features except tax and payout settings. Can manage users, roles, and tenants in Partner Center.
- ☐ **Developer**  
Can upload packages and submit apps and add-ons, and can view the Usage report for telemetry details. Can't access financial info or account settings.
- ☐ **Business Contributor**  
Can access financial info, and can set pricing details. Can't create or submit new apps and add-ons.
- ☐ **Finance Contributor**  
Can view payout reports and create/update payout and tax profiles. Can't make changes to apps or settings.
- ☐ **Marketer**  
Can respond to customer reviews and view non-financial reports. Can't make changes to apps or settings.

5. Once you click on save, you will get a username and temporary password to sign in.
