

How to Fix a Suspended Subscription?

docs.wetransact.io/how-to-fix-a-suspended-subscription

Fixing a suspended subscription involves addressing the issue that caused the suspension—such as updating payment details or resolving policy violations—so the subscription can be reactivated and services restored. Please follow the steps below:

● Log into your Azure Environment

● Go to Cost Management + Billing / Click in “Pay Now”

The screenshot shows the Azure Cost Management + Billing interface. A red box highlights a message: "Your billing account has a past due balance of EUR 1088.79 for Azure marketplace and reservation invoice 003861233. Please settle the balance now to avoid service disruption. [Go to bills](#)." Below this, a table lists invoices. The first row shows a past due invoice for 003861233, with a status of "Past due as of 2/6/2024".

Invoice ID	Subscription	Invoice date	Billing period	Amount due	Total amount	Type	Status	Download invoice
003861233	Pago por uso (d664c8b9-5566-4d40-b2ca-1f21-2/6/2024)	1/1/2024 - 1/31/2024		€10,888.79	€10,888.79	Azure Marketplace and Reservations	Past due as of 2/6/2024	Download

● If you require an Invoice, find the item and select Invoice ID to visualize and download your invoice.

● If you don't find it, go to the Subscriptions, check one by one to determine which one missing the payment. You should see a message like the one highlighted in red. When you see this, click on "Pay Now".

The screenshot shows the Azure portal's billing page for a subscription named 'Pago por uso'. At the top, a red banner displays a message: 'Your billing account has a past due balance of €10,888.79 for Azure marketplace and reservation invoice G038612333. Please settle the balance now to avoid service disruption. [Pay now](#)'. Below this, the 'Essentials' section provides subscription details: Subscription ID (de84cb9a-f5b6-4d40-b2ca-1f279f24b492), Directory, My role (Account admin), Offer (Pay-As-You-Go), Offer ID (MS-AZR-0003P), Subscription name (Pago por uso), Current billing period (2/11/2024-3/10/2024), Currency (EUR), Status (Active), and Secure Score (Not available). The 'Latest billed amount' section shows €10,888.79 for invoice G038612333 generated on 2/9/2024, with 'Download' and 'View invoices' buttons. The 'Invoices over time' section features a bar chart showing a total amount of €10.89k for the period 02/09. The 'Shortcuts' section includes links to 'Opt-in to receive invoice by email' and 'View cost by service'. The 'Spending rate and forecast' section shows 'No data to display'. The 'Costs by resource' section is partially visible.

● Select Payment Method and proceed. If unsuccessful again, please check your bank limits in case you need to raise them.

NOTE: If you don't Pay Microsoft during the grace period they defined for your account, you risk a total service disruption of all your Microsoft products from Office to Azure to anything you have. Please prioritize this action.

The screenshot shows the 'Pay now' page in the Azure portal. The breadcrumb trail is 'Home > Cost Management + Billing | Invoices > Pago por uso >'. The page title is 'Pay now'. A message states: 'You are making a one-time payment. Your credit or debit card will be charged immediately and the status of the selected invoice will be updated to paid.' The 'Details' section shows Invoice number G038612333 and Invoice date 9/2/2024. The 'Amount due' section shows Total amount €10,888.79. The 'Payment info' section shows Payment method with a red box around the 'Select payment method' button.
