

How to Stop distribution of a Listing?

docs.wetransact.io/how-to-stop-distribution-of-a-listing

Stopping the distribution of a listing removes it from being publicly available in the Marketplace, preventing new customers from purchasing it while keeping existing subscriptions active unless otherwise canceled. Please follow the steps below:

● Click on Marketplace offers

● Click on the offer in question

The screenshot shows the Microsoft Partner Center interface. The top navigation bar includes the Microsoft Partner Center logo, a search bar, and several utility icons. The breadcrumb trail indicates the user is in the 'Marketplace offers' section. A sidebar on the left contains links for 'Overview' and 'Private offers'. A notification banner at the top right states: 'Transact capabilities for BC add-on offers are now live and available to all. [Learn more aka.ms/BClive](#)'. The main content area is titled 'Marketplace offers | Overview' and features a search bar with the placeholder text 'Search by offer alias and ID'. Below the search bar is a table with the following columns: Offer alias, Offer ID, Offer type, Publisher..., Last, Status, and Azur... The table contains one row for an offer with the alias 'AutoRek', ID 'c34f8e56...', type 'Software ...', publisher 'AutoRek', last update 'May ...', status 'Publish in...', and 'Azur...' set to 'Yes'. Below the table, it says 'Displaying 1 results.'

Offer alias	Offer ID	Offer type	Publisher...	Last	Status	Azur...
AutoRek	c34f8e56...	Software ...	AutoRek	May ...	Publish in...	Yes

● Click 'Stop Distribution' beside the pricing option

The screenshot shows the 'AutoRek | Plan overview' page in the Microsoft Partner Center. The breadcrumb trail is 'Home > Marketplace offers > AutoRek'. The left sidebar lists various options: 'Offer overview', 'Offer setup', 'Properties', 'Offer listing', 'Preview audience', 'Technical configuration', 'Plan overview' (which is selected), 'Co-sell with Microsoft', 'Resell through CSPs', 'Supplemental content', and 'History'. The main content area has a title 'AutoRek | Plan overview' followed by links for 'Create new plan', 'Edit display rank', and 'Sync private'. Below this is a table with columns: Display rank, Name, Pricing model, Availability, Status, and Action. The table lists two plans, both with 'Flat rate' pricing and 'Public' availability. The first plan has a status of 'Publish in progress' and an action of 'Restore distribution'. The second plan has a status of 'Publish in progress' and an action of 'Stop distribution'. The 'Stop distribution' link is highlighted with a blue box.

Display rank	Name	Pricing model	Availability	Status	Action
	AutoRek Plan ID: 2841c4f4-6072-46fd-9750-34835501e946	Flat rate	Public	Publish in progress	Restore distribution
	AutoRek Plan ID: 2841c4f4-6072-46fd-9750-34835501e946-0	Flat rate	Public	Publish in progress	Stop distribution
