apmdg@microsoft.com

How long does it take for the Tax and Payout Profile Assignment to get verified?

24 to 48 hours typically

My tax and payout assignment shows that it's not set up but I have a live transactable offer, how is this possible?

This indicates that there is another tenant ID active under your organization.

How to change the Publisher ID Name?

You can change it, in partner center, under Account settings>Legal info>Developer Tab>Publisher name click on update.

What is the difference between Appsource and Azure Marketplace?

In theory, AppSource is meant to be directed toward Business Decision Makers, and Azure Marketplace is directed towards Technical Decision Makers.

Why is my old listing still showing up on search engines?

If your old listing/URL is still showing up when you search for your product on bing or google search engines it is because the changes have not been spun up yet. It will happen, it can take around a week for the changes to be reflected.

How do I find a seller ID?

Account settings>>Legal info>>Developer tab and under that you will find a seller id.

Can we purchase solution Without Azure subscription or account?

Yes, there is a way client can purchase the solution without having Azure account, only on Appsource's public plan. Client can purchase directly with the credit or debit card.

If a customer's Azure subscription is billed and managed through a CSP reseller, can they create or receive a private offer or private plan?

No, those customer can only purchase public pricing plans.
