

Guide to Submitting the Claim for AI Build & Publish Marketplace Incentives FY27

docs.wetransact.io/guide-to-submitting-the-claim-for-ai-build-and-publish-marketplace-incentives-fy27

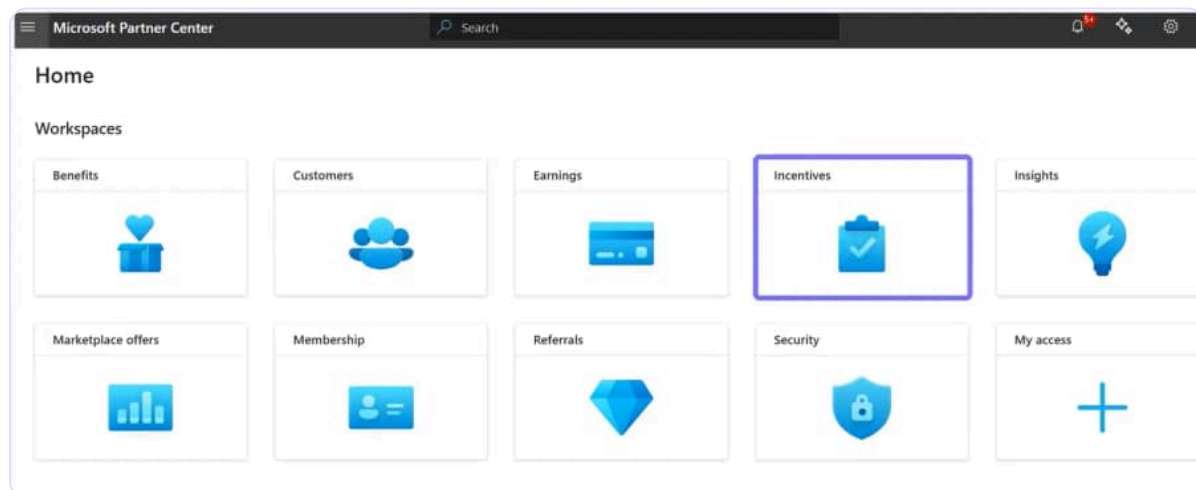

Pre-Application Gates

Before applying, ensure you meet **all** of the following requirements:

Requirement	Details
Enrollment	Enrolled in the Microsoft Commercial Incentives program
Tax & Banking Setup	Tax and banking profile fully configured
Incentive Admin Role	Confirmed Incentive Admin role assigned
Solution on Azure	Solution uses Azure services (Azure AI or Azure Analytics)
Performance Gate	Achieve \$100K+ in marketplace build sales OR \$1M+ in MRR from a customer

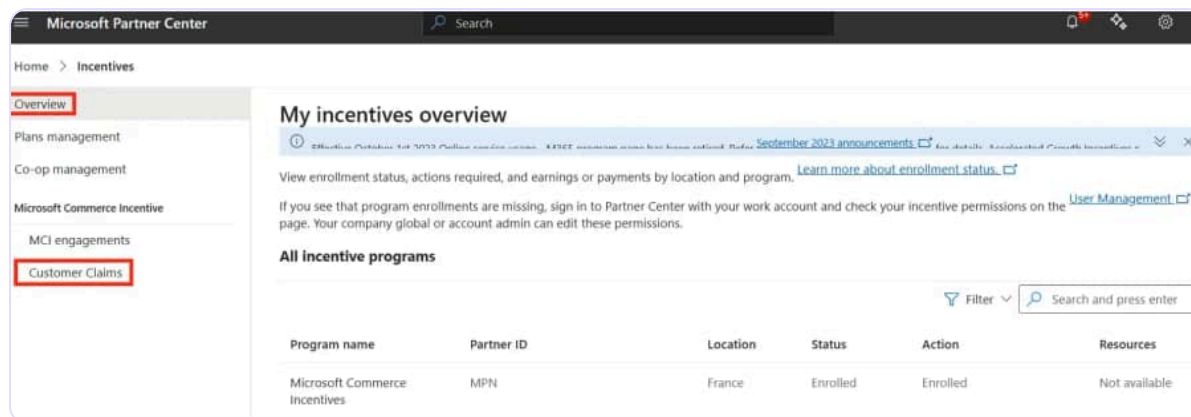

Application Process

Step 1: Access Partner Center and Click on Incentive Workspace.

Step 2: Confirm Enrollment and Tax Profile

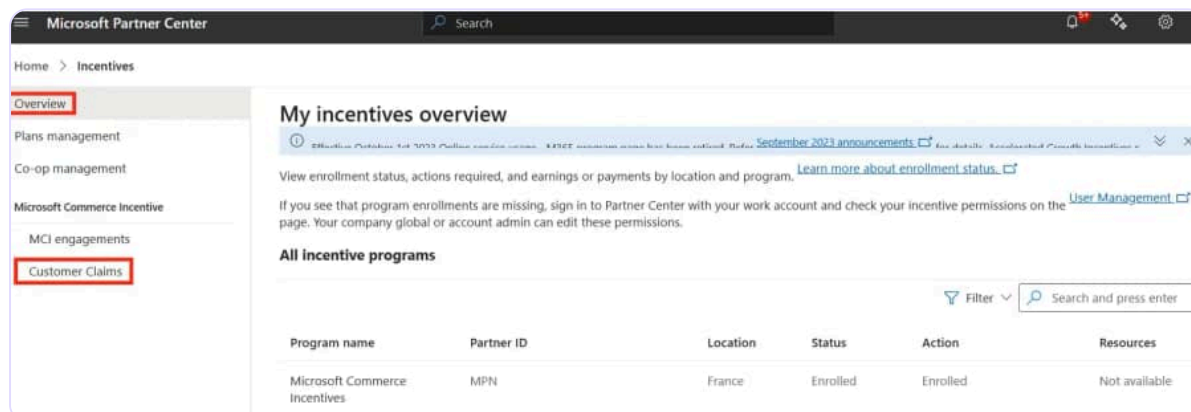

1. Confirm enrollment in the Microsoft Commercial Incentives program for the correct location.

2. If the tax profile is not completed, it will look like this; you need to update the Tax and Payout profile using this [guide](#)

Campaigns	MPN	France	Enrolled	Not available	Program guide
Microsoft Commerce Commerce Incentives	MPN	Canada	Action required	Update payment profile	Program guide
Microsoft Commerce Commerce Incentives	MPN	India	Action required	Update tax profile	Program guide
Microsoft Commerce Commerce Incentives	MPN	Australia	Enrolled	Not available	Program guide
Campaigns	MPN	South Africa	Action required	Update payment and tax profile	Program guide
Campaigns	MPN	Canada	Enrolled	Not available	Program guide

1. Navigate to the **Customer Claims** section.

Step 3: Add Customer

1. Assign a **name** to the claim for tracking.
2. Select your **Partner Location**.
3. Set **Customer ID Type** to **Tenant ID**.
4. Enter your **Tenant ID** (since you're applying for the incentive).

Add customer | Associate customer

All active, enrolled and eligible PartnerIDs formerly MPNIDs, that you have access to are shown in the dropdown below. The tenant id associated with the domain name provided will be used to determine customer eligibility. If a tenant id can't be found using the domain name, you will need to provide the tenant ID or TPID for the customer. For variable pay engagements you will need to provide the Opportunity ID for the customer. [Manage enrollments](#)

Claim name*
Enter a name that you want to use to track the claim.

Enter the tenant ID

Next

Step 4: Select Tier

1. Choose the tier aligned with your projected **Marketplace Billed Sales (MBS)**.

Add customer | Associate engagement

Select the engagements that you are ready to offer to this customer. You will only be able to select an engagement and create a claim if both you and the customer are currently eligible.

Eligible Ineligible

☐ FA for Apps: AI Build & Publish Marketplace L

☐ FA for Apps: AI Build & Publish Marketplace M

☐ FA for Apps: AI Build & Publish Marketplace S

☐ FA for Apps: AI Build & Publish Marketplace XS

☐ FA for Apps: AI Build & Publish Marketplace XXS

Step 5: Provide Contact Details

1. Enter the required contact details.
2. Review all checkboxes on the right.
3. Upload Invoice in USD
4. Upload Solution Architecture showing qualifying Azure services

Document Name	Type	Last activity
---------------	------	---------------

Step 7: Submit Claim

- When all required fields show **green** (indicating completion), submit the claim.
- If accepted, **payment is issued within 45 days**.

⚠ Important Notes

- Proof of Execution:** Attach substantial proof of execution. Weak proof is the **primary reason for rejection**.
- Partner Actions:** Complete any required partner actions **before the due date** to track progress.
- Error Handling:** For any Partner Center or application errors, collect your **Seller ID**, **Partner ID**, and **TPID** (if available), then contact **AzureOfferingsPtrSup@microsoft.com**.
