

How to Set Up the Finance Tab in the Wetransact Portal?

docs.wetransact.io/how-to-set-up-the-finance-tab-in-the-wetransact-portal

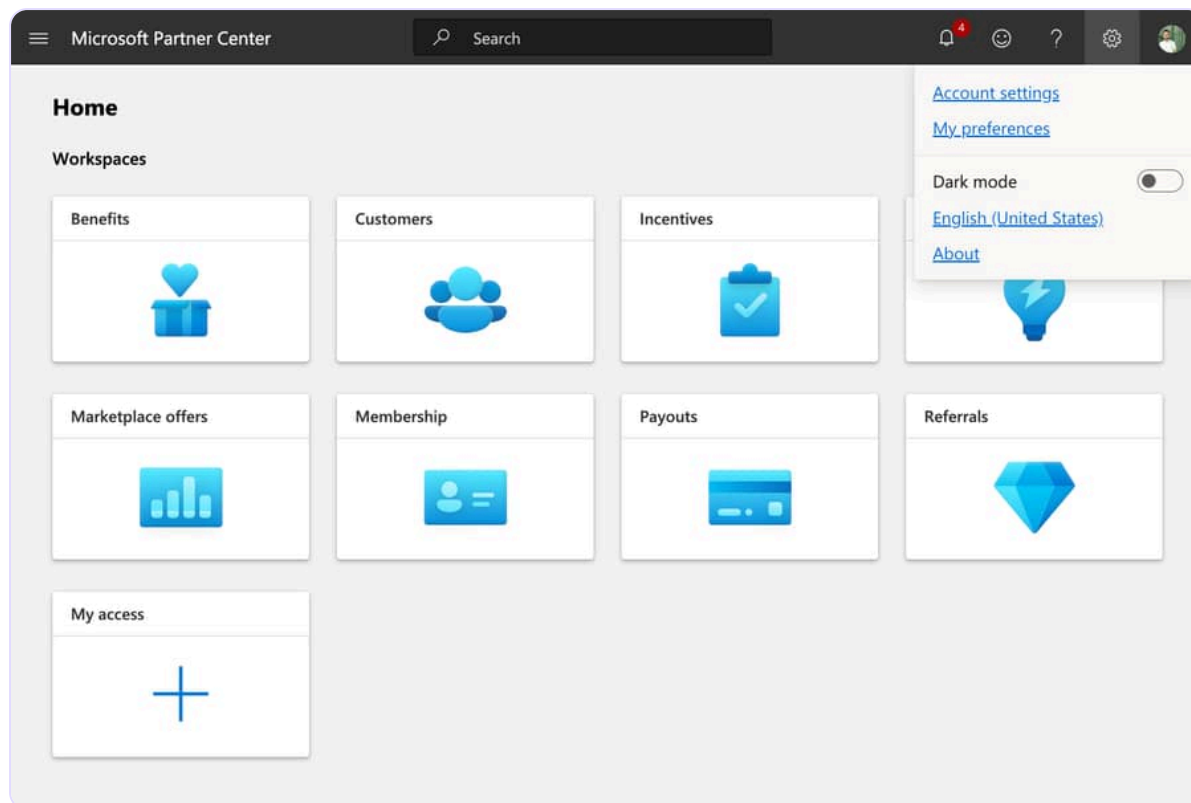

Some informations need to be fetch real time from Microsoft. We do connect through APIs to revert back these data in an easy way in your WeTransact UI.

User Rights: You will need a **Global Admin** Role to perform this task

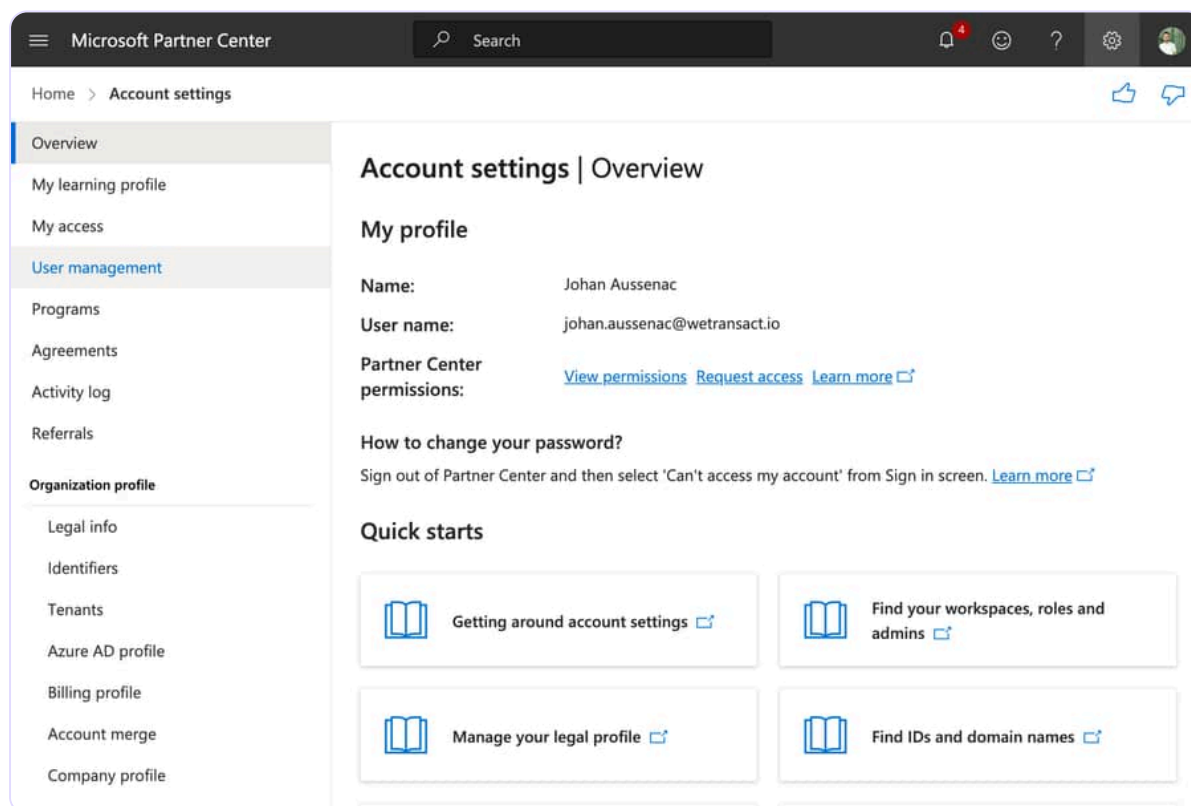

● On Partner Center click on the little wheel on the top right.

Click on Account settings

Click on User management

Click on Microsoft Entra Applications

The screenshot shows the 'Account settings | User management' page in the Microsoft Entra admin center. The 'Microsoft Entra applications' tab is selected. Below the navigation pane, there is a table listing existing applications. The table has columns for Name, Type, and Roles.

Name	Type	Roles
API-ACERES	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
API-ACERES	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
API-TEST	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
API-TEST	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
API-WETTRANSACT	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
API-WETTRANSACT	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
API-YOURCOMPANYWETRANSACT	Microsoft Entra Apps	Developer, Business Contributor, Finance Contributor, Marketer
API-YOURCOMPANYWETRANSACT	Service Principal	Developer, Business Contributor, Finance Contributor, Marketer
Johantest	Microsoft Entra Apps	Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer

Click Add Microsoft Entra Application

The screenshot shows the 'Account settings | User management' page with the 'Add Microsoft Entra application' dialog box open. The dialog box has two options: 'Create Microsoft Entra application' (selected) and 'Add Microsoft Entra application'.

Create Microsoft Entra application
Create new Microsoft Entra application in your organization's Microsoft Entra ID (formerly Azure AD) and add them to your Partner Center account.

Add Microsoft Entra application
Select Azure AD applications from your organization's Microsoft Entra ID (formerly Azure AD) and add them to your Partner Center account.

Click on Create Azure AD application and "Continue"

The screenshot shows the 'Account settings | User management' page with the 'Add Microsoft Entra application' dialog box open. The 'Continue' button is highlighted in blue.

Fill the following fields, replace "yourcompany" by your company name

Name: `api-yourcompanywetransact` URL: <https://www.yourcompanywetransact.io>

● Check Developer, Business Contributor, Finance Contributor & Marketer roles

● Click on the newly created App Registration

Manage your Microsoft Entra tenants.

Partner Developer

Current tenant associations

Global admins can associate tenants with this Partner Center account or remove them. Removing a tenant removes all associated users and their account permissions from your Partner Center account, but does not remove them from Microsoft Entra ID (formerly Azure AD).

If you are a global admin, you can associate additional tenants. The users in the new tenants will have access to programs such as Microsoft AI Cloud Partner Program benefits, incentives, and referrals. Only the users in the Cloud Solution Provider (CSP) program tenant, have access to CSP.

Sign in with the global admin credentials of the other tenant you wish to associate.
