Guide to Submitting the Claim for AI Build & Publish Marketplace Incentives FY27

docs.wetransact.io/guide-to-submitting-the-claim-for-ai-build-and-publish-marketplace-incentives-fy27

✅ Pre-Application Gates

Before applying, ensure you meet all of the following requirements:

Requirement	Details
Enrolment	Enrolled in Frontier Accelerate for Marketplace (no-cost or Premium) and in Microsoft Commerce Incentives (MCI) in Partner Center
Tax & Banking Setup	Tax and banking profile fully configured
Incentive Admin Role	Confirmed Incentive Admin role assigned
Solution on Azure	Your SaaS offer runs mainly on Azure, follows Microsoft's SaaS publishing policy, and uses at least one AI service (e.g. Azure AI Foundry, Azure OpenAI, Azure Machine Learning) plus one App service (e.g. AKS, App Service, Container Apps) or one Data service (e.g. Cosmos DB, Azure SQL, Microsoft Fabric). Power BI counts only where it also drives Analytics and AI consumption.
Performance Gate	More than $100K in Marketplace Billed Sales (MBS), or a Microsoft Azure Consumption Commitment (MACC) of more than $1M
Published Offer	A transactable SaaS offer live on Microsoft Marketplace. You will need its published URL for the claim.

✅ Payout Tiers

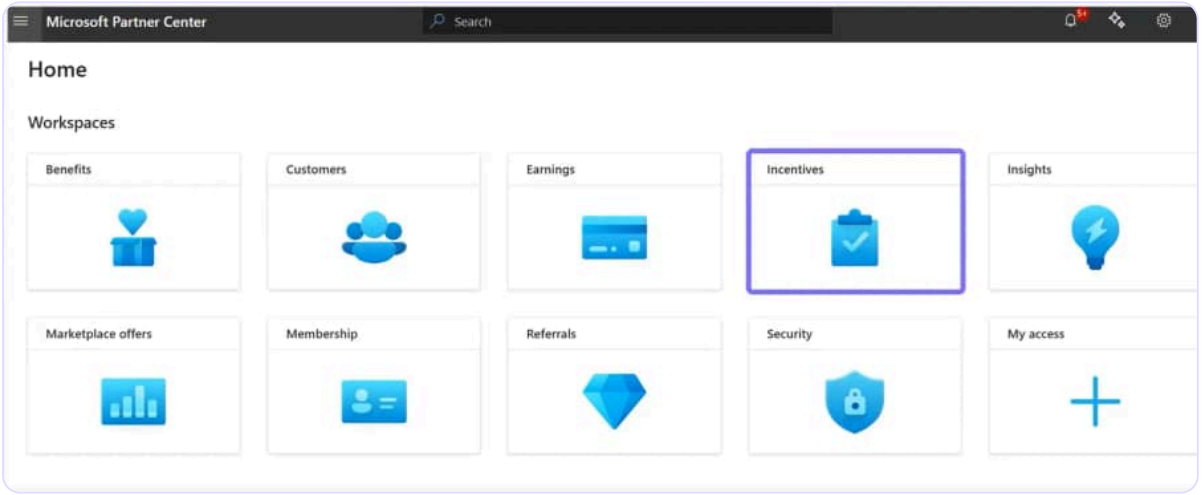

Your tier is based on your planned Marketplace Billed Sales (MBS) in year 1. This is a one-time fee, paid once you complete the activity and Microsoft approves the claim. The current term runs from 1 October 2026 to 30 June 2027.

Size	Planned MBS, year 1	Days to complete	Market A	Market B
XXS	$15K – $45K	120	$4,000	$4,000
XS	>$45K – $150K	120	$16,000	$12,800
S	>$150K – $300K	120	$24,000	$19,200
M	>$300K – $750K	200	$48,000	$38,400
L	>$750K	260	$80,000	$64,000

Market B pays 80% of Market A, except XXS, which pays the same in both.

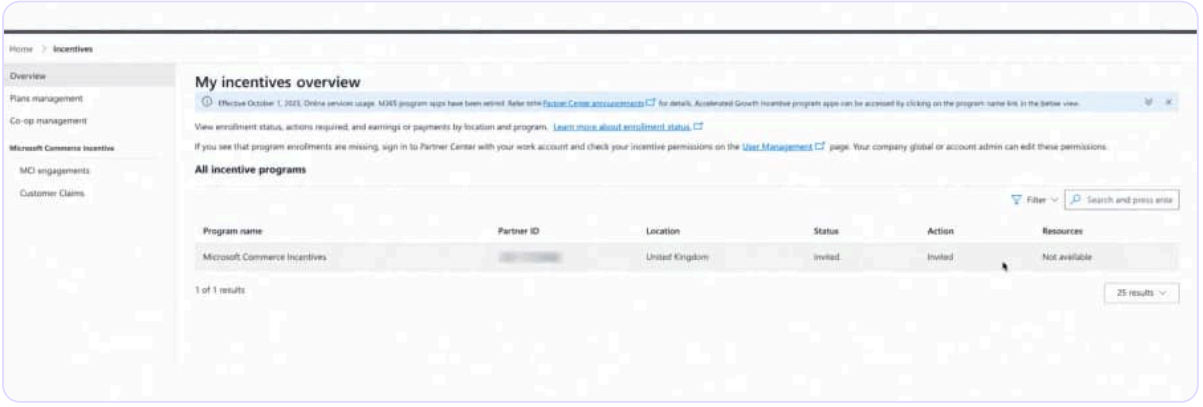

✅ Application Process

🟣 Access Partner Center and Click on Incentive Workspace.

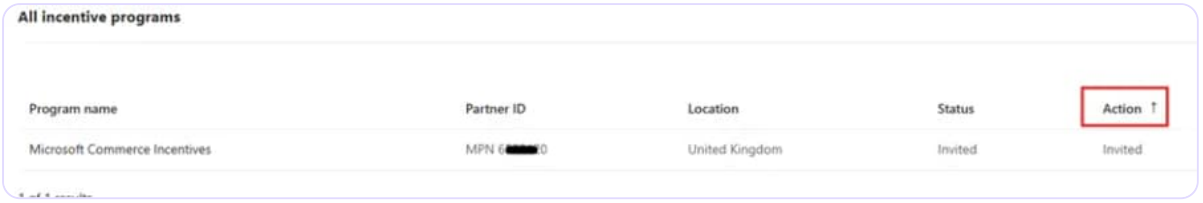

✅ Check Enrolment and Complete your Tax Profile

🟣 If you are invited but not yet enrolled, the page will look like this (below). In that case, complete the enrolment

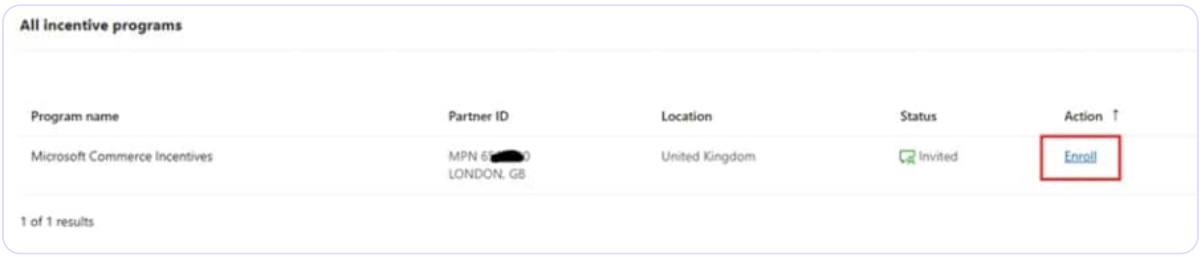

🟣 Click on Action.

When a client shows Status = Invited and Action = Enroll, that Enroll button won't work directly. You need to first select the button next to the program name. That refreshes the display, and only then can the client click Enroll.

🟣 Then the enrolment form will show; click on Enrol

🟣 If you do not see the button, then check your email with the subject: 'Partner Incentive Enrollment Invitation'.

Note : If not found, raise a ticket using this guide

🟣 Complete the Tax profile and payout profile.

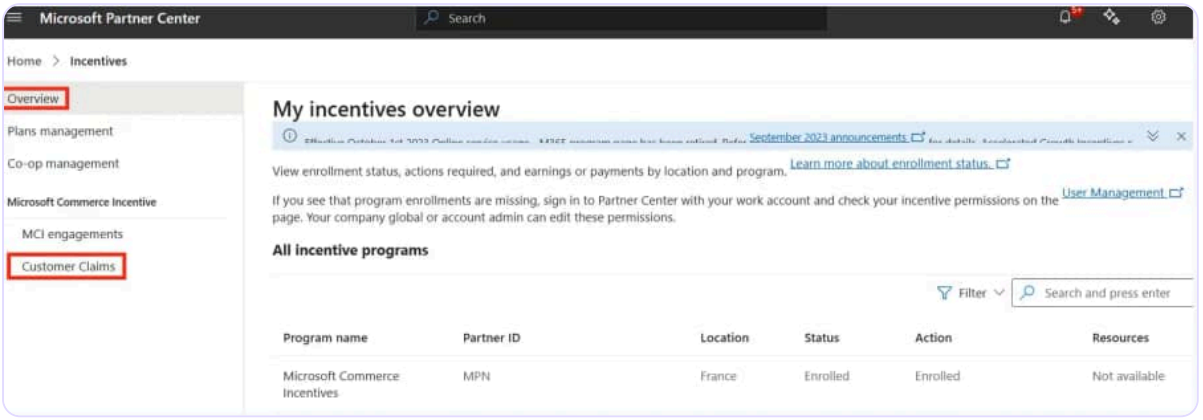

🟣 *Please follow the guide to complete the tax and payout profile*

✅ Customer Claims

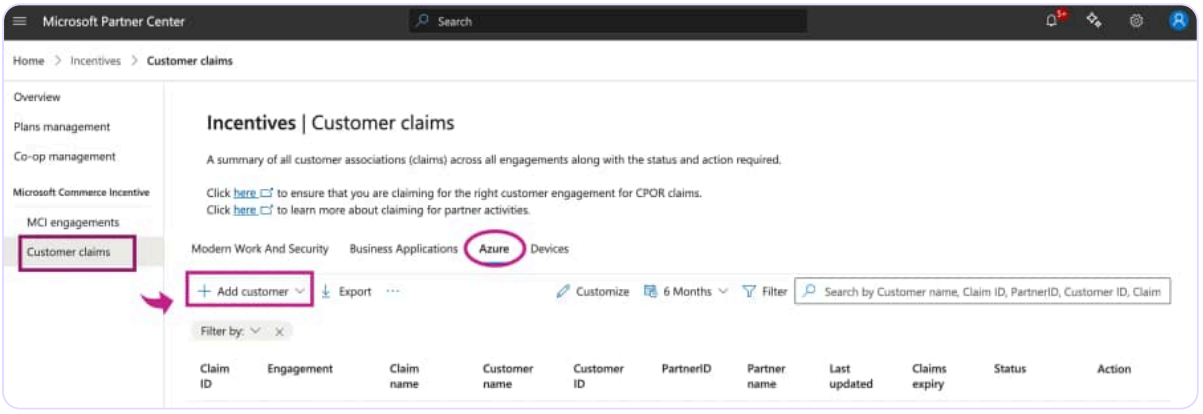

Once the tax and payout profile is complete, submit a claim.

🟣 Navigate to the Customer Claims section.

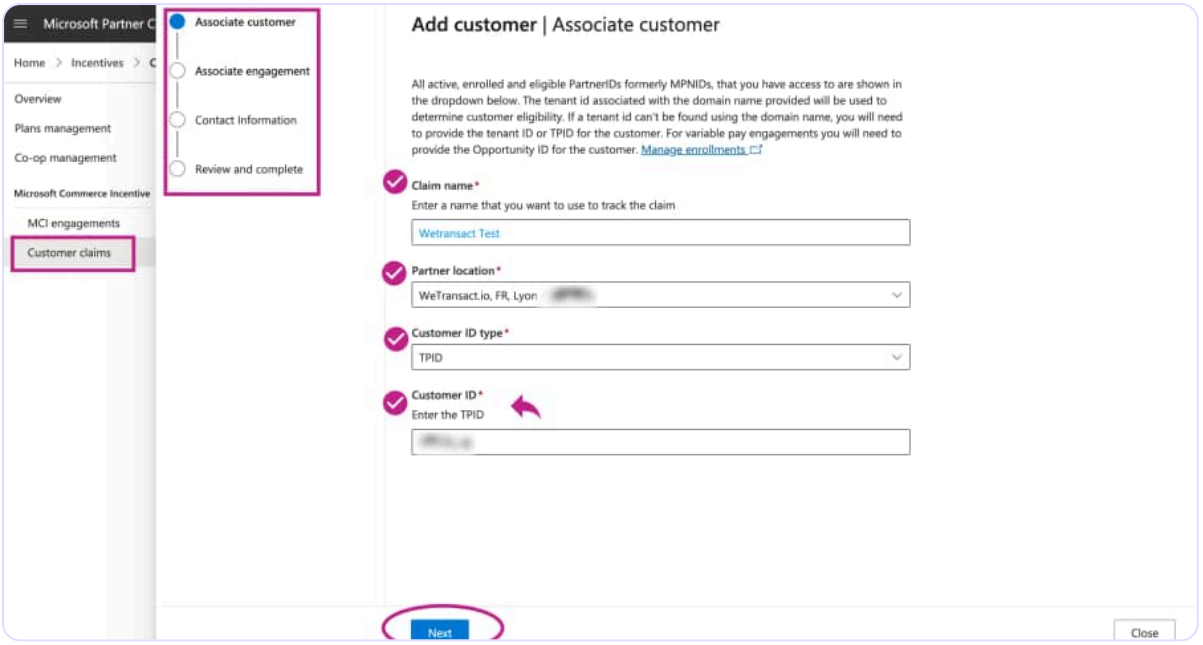

✅ Add Customer

🟣 Go to Customer Claims, select Azure, and click on Add customer

🟣 1. Associate Customer

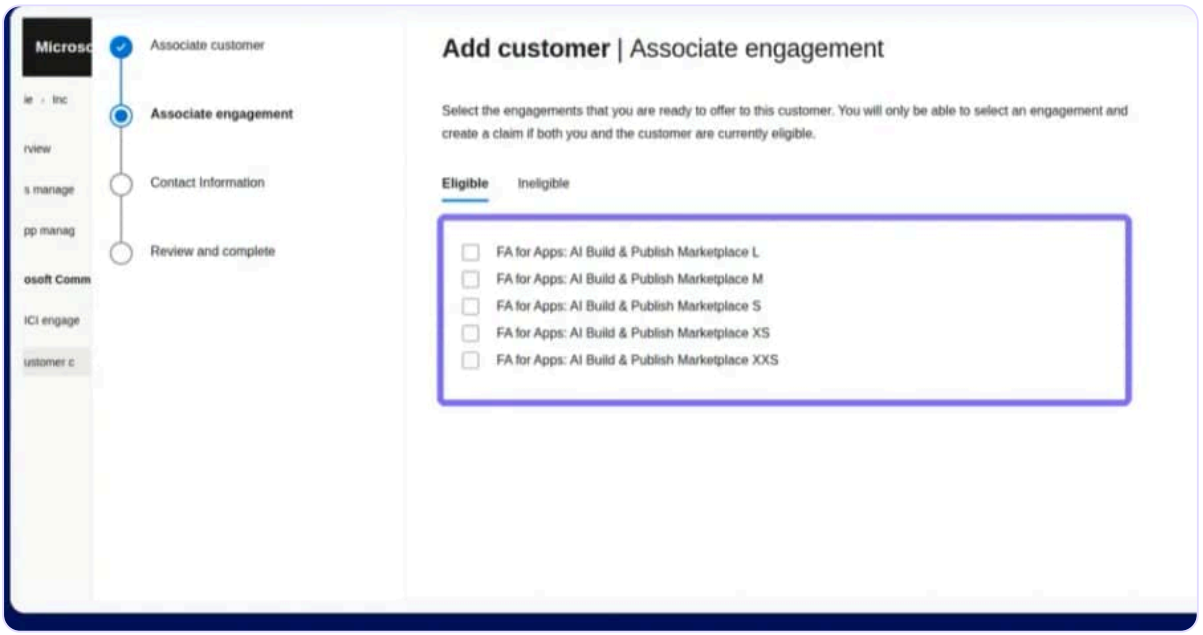

- Assign a **name** to the claim for tracking.
- Select your **Partner Location**.
- Set **Customer ID Type** to **Tenant ID**.
- Enter your **Tenant ID** (since you're applying for the incentive).

Be sure to only use the Customer TPID in the, Add Customer process

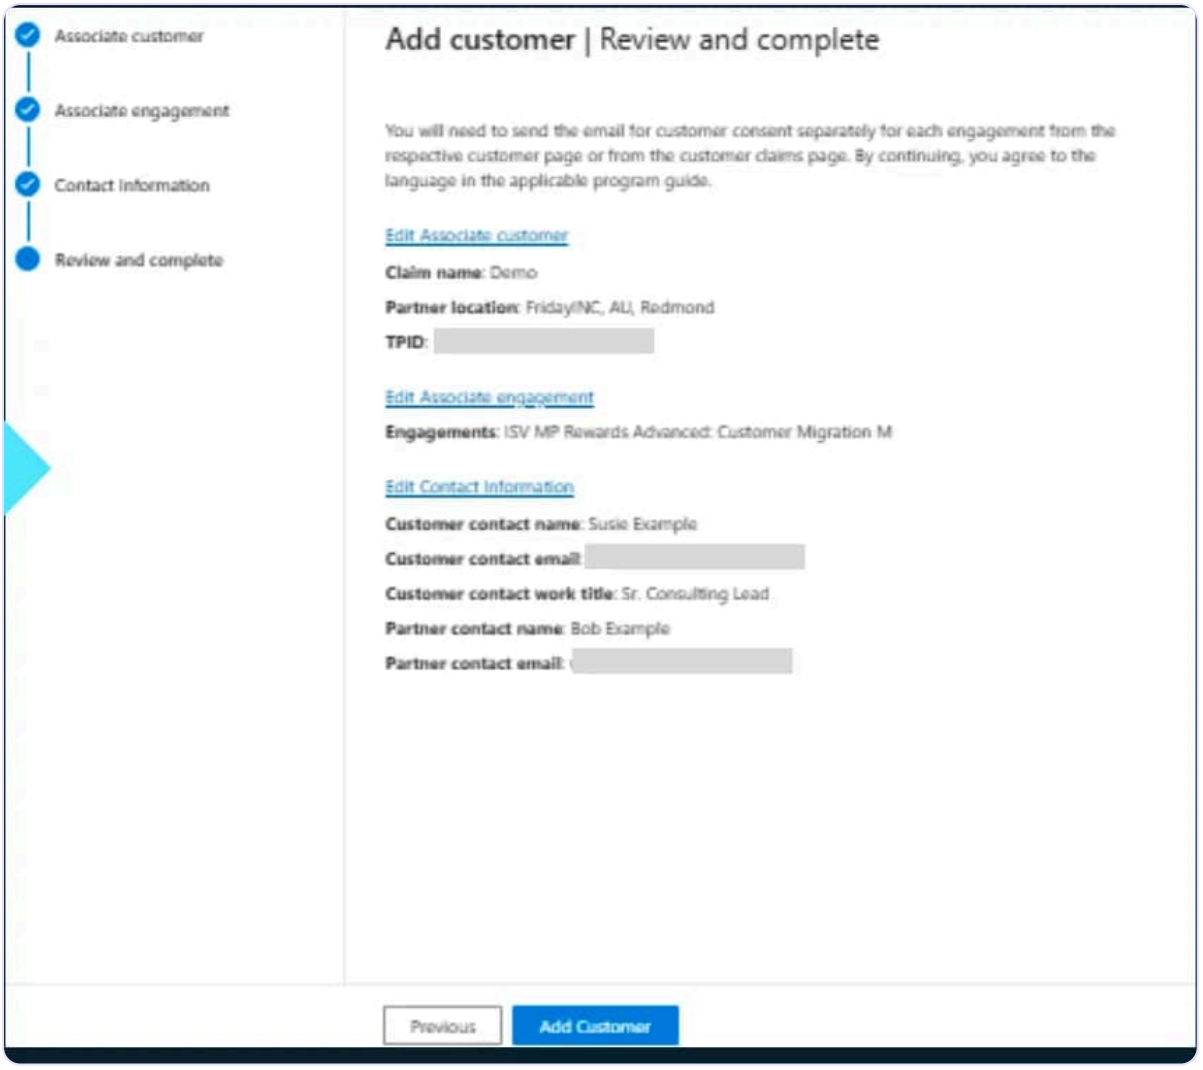

🟣 2. Associate Engagement, Select Tier

Select the engagement **FA Marketplace: AI Build & Publish Marketplace**. Then choose the tier that matches your planned Marketplace Billed Sales (MBS) in year 1. See the Payout Tiers table above.

🟣 3. Add contact information

Under Contact Information, add SDC (Publisher's) details for both customer and partner. For Build & Publish you nominate yourself, so you also give consent yourself through the partner survey. Consent must be given within 30 days, or the claim expires.

✅ Submit Claim

Enter the required contact details.

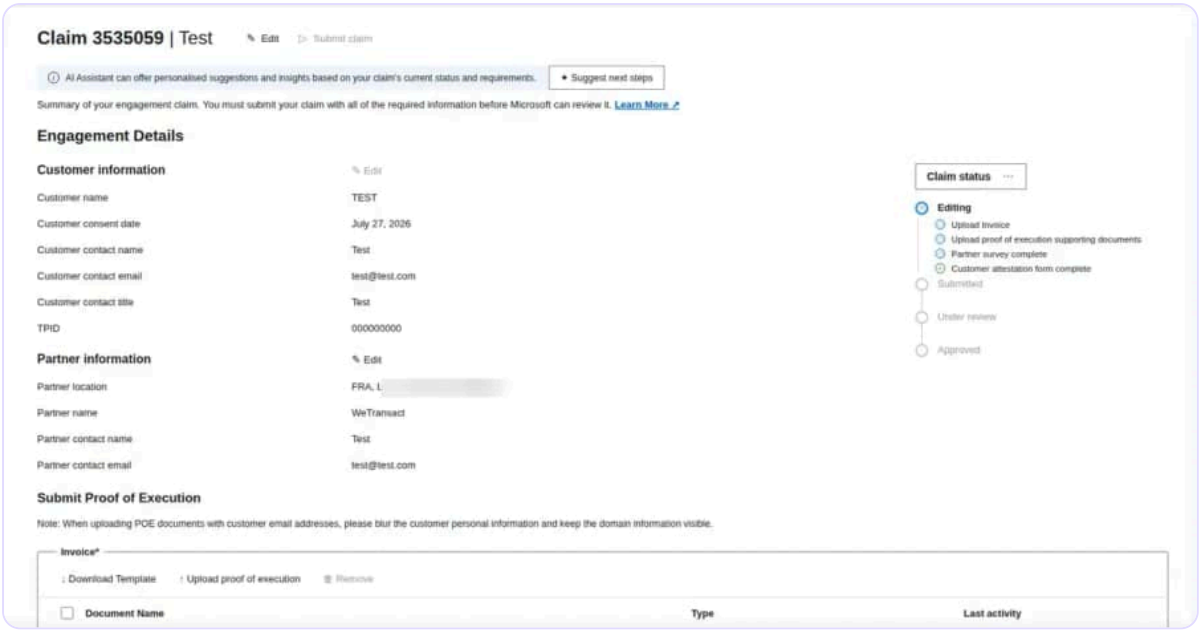

Review all checkboxes on the right.

Upload Invoice in USD

Upload Solution Architecture showing qualifying Azure services

Complete the partner survey

Add your Marketplace published solution URL

✅ When all required fields show **green** (indicating completion), submit the claim.

✅ If accepted, **payment is issued within 45 days of the end of the month the claim is approved.** Microsoft validates your proof within 30 days of submission. You have 120, 200 or 260 days from consent to complete the activity, depending on your tier. Incomplete claims expire.

⚠️ Important Notes

1. **Proof of Execution:** Attach substantial proof of execution. Weak proof is the **primary reason for rejection.**
1. Invoice Template HERE
2. Proof of execution template HERE
3. Reference Architecture diagram HERE
2. **Partner Actions:** Complete any required partner actions **before the due date** to track progress.
3. **Error Handling:** For any Partner Center or application errors, collect your **Seller ID**, **Partner ID**, and **TPID** (if available), then contact **AzureOfferingsPtrSup@microsoft.com**.
