If you see the error below 🙋 while setting up the Deal registration tab, use this guide to fix it.

User Rights in Partner Center

To set up the Deal Registration tab in the WeTransact portal, you will need the Referral Admin user rights in Partner Center.

Note: Only a Global Admin can assign you the Referral Admin user rights.

🚀 Please check the [loom](#) to assign the Referral Admin user rights in Partner Center.

User Rights in Azure portal

To fix this issue, please follow the steps in this Loom video. You will need 'Owner or Contributor' user rights for any subscription.

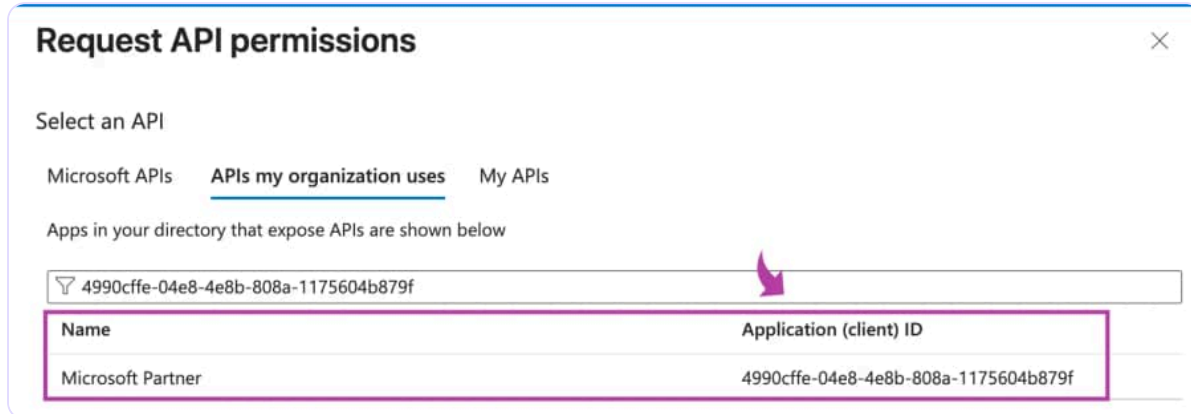

If you have 'Global Admin' user rights but not access to the subscriptions, please follow this [guide](#) to Assign Yourself as a Subscription Owner

🚀 Incident 1: Once you have the appropriate user rights, please follow the steps to fix the issue

♦ Step 1: Please check below

1. In the Azure Portal, search for "Entra ID".
1. Under **Manage**, go to **App registrations**.
1. Click on **All applications**.
1. Select the app: **api-yourcompanynamewetransact**. (Like api-abcwetransact)

1. Under **Manage**, go to **App permissions**.
1. Click **Add a permission**.
1. In the pop-up, choose “**APIs my organization uses**”.
