

How to configure a SaaS account in Azure Portal?

docs.wetransact.io/how-to-configure-a-saas-account-in-azure-portal

If you need to configure your account after already creating a subscription, follow steps below to find the existing subscription and send in your order.

● Sign in to Azure portal

Type "saas"

The screenshot shows the Microsoft Azure portal interface. At the top, the search bar contains the text "saas". Below the search bar, a dropdown menu displays search results under the "Services" tab. The results list includes "SaaS", "SaaS (classic)", "NGINXaaS", and "Elastic SANs". To the right of the search results, there are tiles for "Tenant properties", "Cost Management", and "Cost Management", along with a "More services" link. The main content area is currently blank, showing only the headers "Name", "Type", and "Last Viewed". At the bottom, there are sections for "Navigate" (Subscriptions, Resource groups, All resources, Dashboard) and "Tools" (Microsoft Learn, Azure Monitor, Microsoft Defender for Cloud, Cost Management).

SaaS resources were changed to have an experience similar to other ARM resources like VMs and Azure apps. They now belong to resource groups, can be searched in Azure portal global search, etc. If you are searching for your existing SaaS resource, click on this banner to see the previous version of the SaaS list view. Each existing SaaS resource can be migrated to the new experience, via explicit user action.

View all your SaaS subscriptions

Configure your SaaS account on the publisher's website to complete the purchase. Billing will start after your account is configured. If no action is taken within 30 days from the initial subscription, this SaaS subscription will be automatically deleted.

Clicking on 'Configure account now' will redirect you outside the Azure portal to an independent publisher's website. Please note that Microsoft is not responsible for the content, privacy policies, or security measures of the publisher's website.

 Sign in to your account

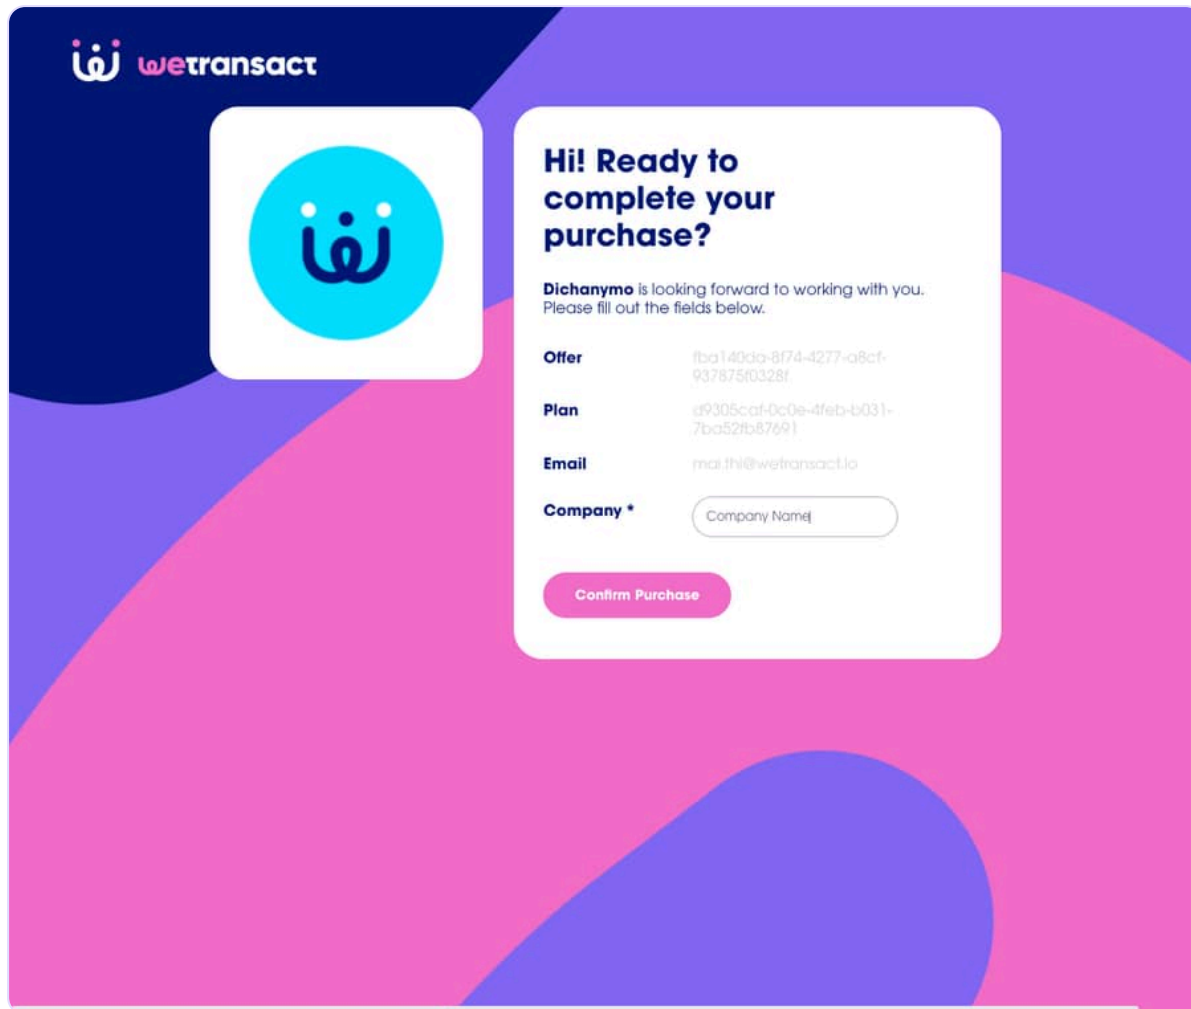

● Check Consent on behalf of your organisation

● Click on Accept

● Type "Company Name" on the landing page

The screenshot shows a landing page for WeTransact. The background is a vibrant mix of purple and pink abstract shapes. In the top left corner, the WeTransact logo is displayed, featuring the Arabic letters 'نفا' in white and 'wetransact' in pink. Below the logo, there is a white square containing a blue circle with the 'نفا' logo inside. To the right of this square is a white rounded rectangle containing a form. The form has a heading 'Hi! Ready to complete your purchase?' and a subheading 'Dichanymo is looking forward to working with you. Please fill out the fields below.' The form contains four fields: 'Offer' with a long alphanumeric string, 'Plan' with another alphanumeric string, 'Email' with the address 'mai.thi@wetransact.io', and 'Company *' with a text input field containing 'Company Name'. A pink button labeled 'Confirm Purchase' is located at the bottom of the form.
