

How to configure multiple Publisher IDs in WeTransact portal?

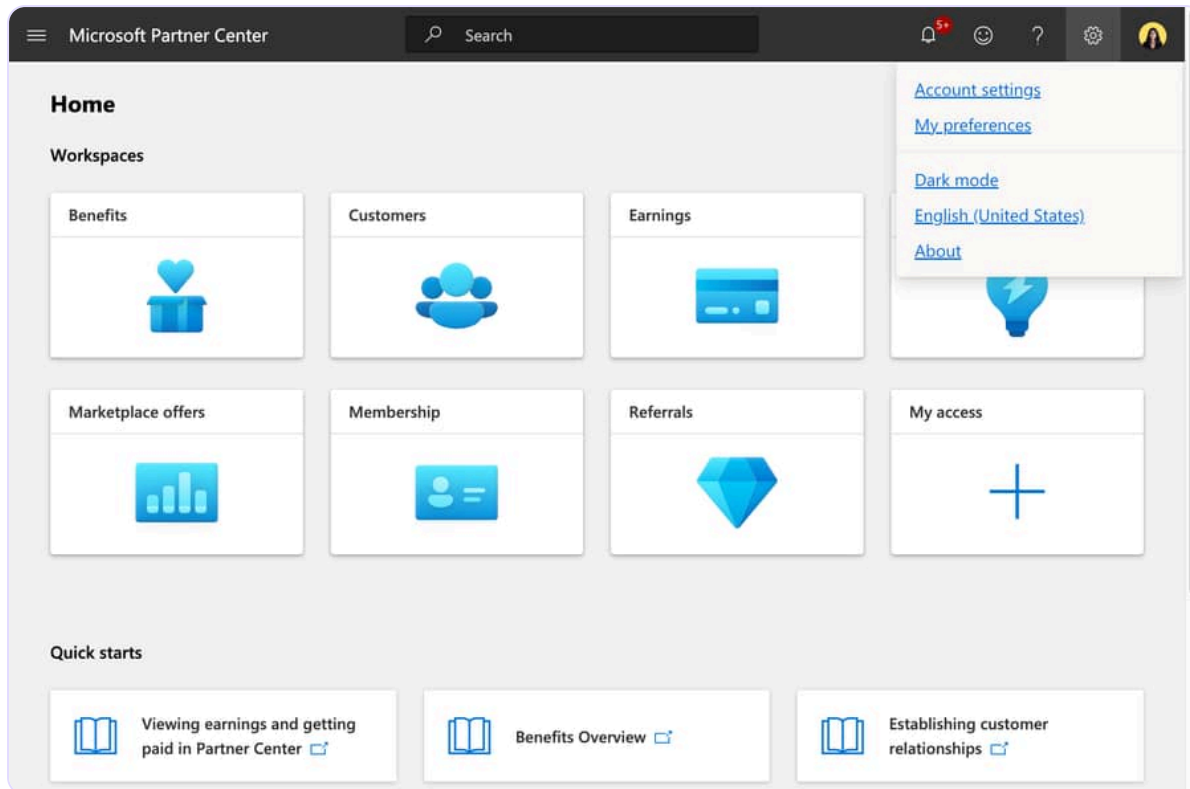

docs.wetransact.io/how-to-configure-multiple-publisher-ids-in-wetransact-portal

Configuring additional Publisher IDs in WeTransact by adding credentials allows you to manage multiple locations or entities under one account, enabling seamless offer management and compliance across different regions.

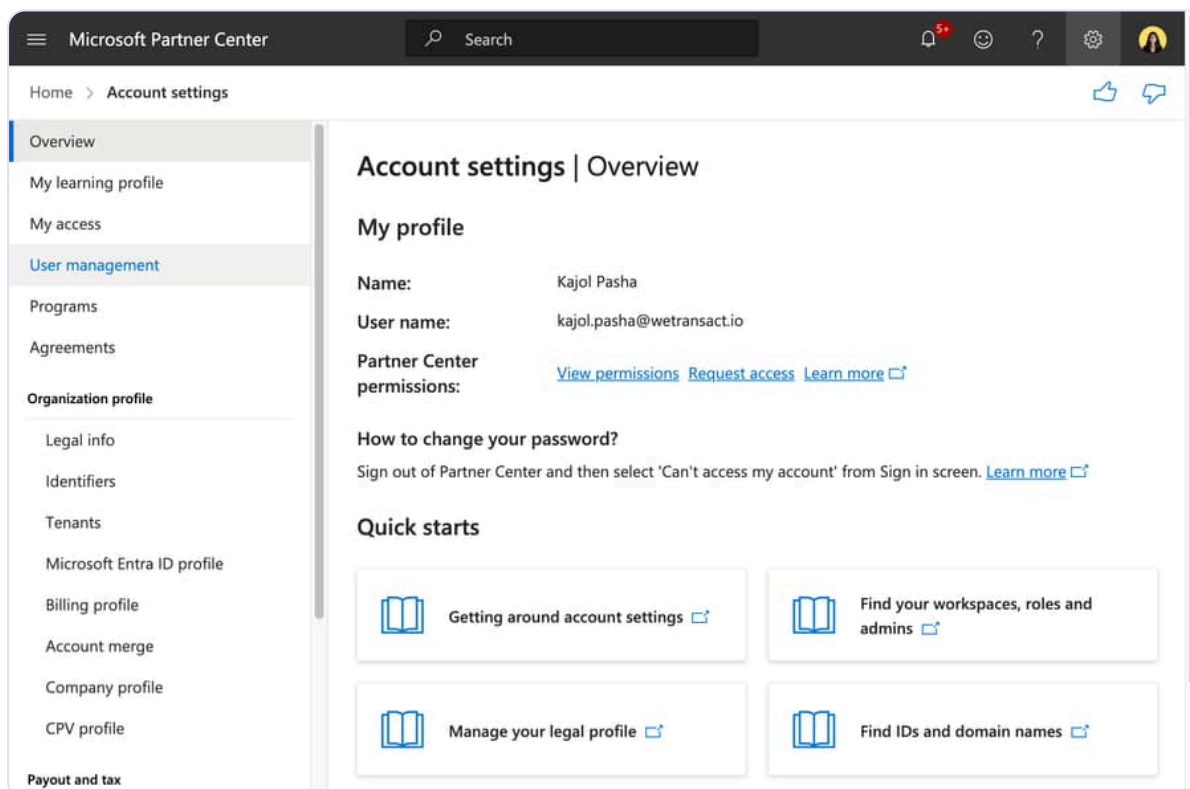

Click on Settings

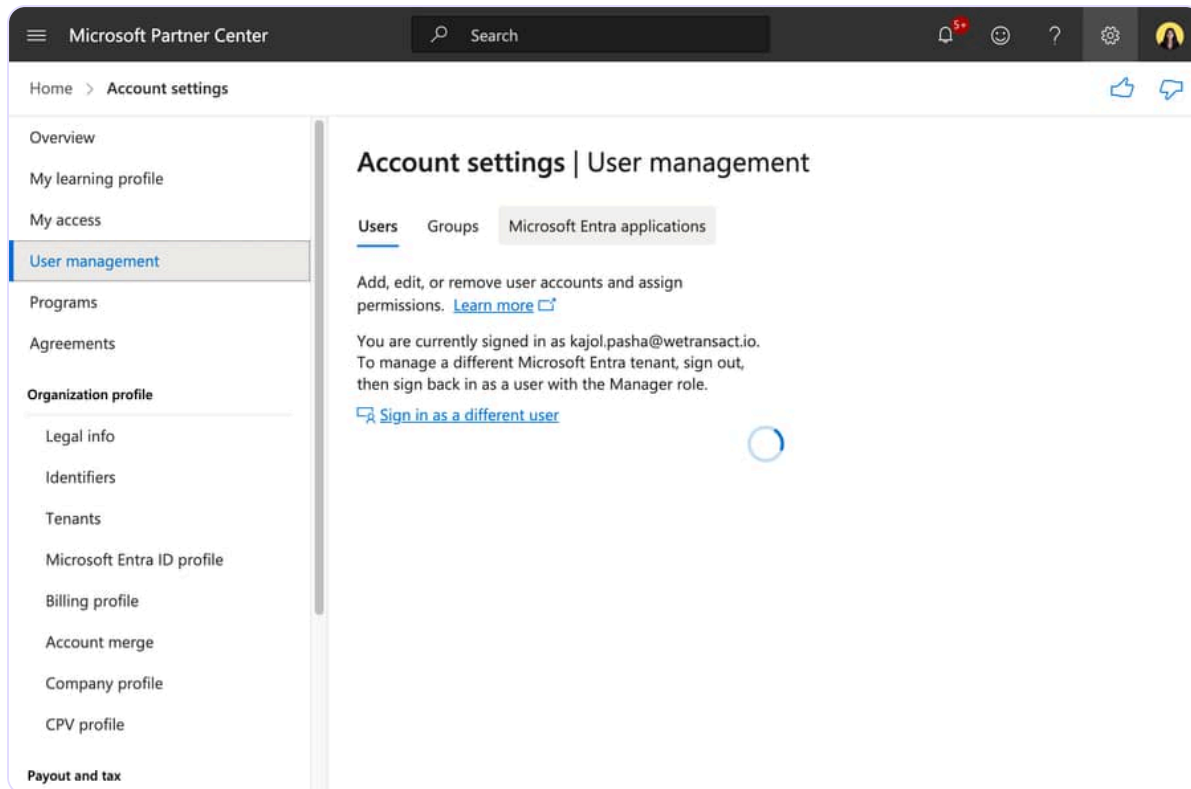

Click on Account settings

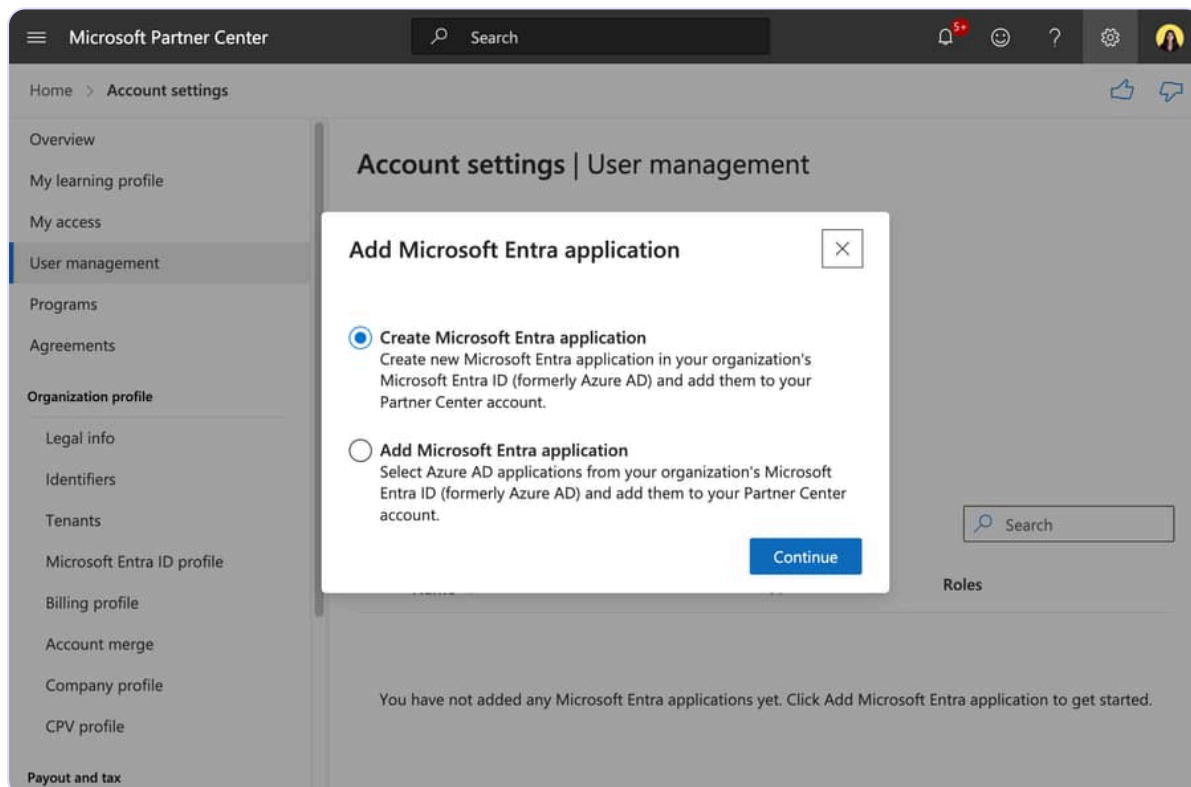

Click on User management

● Click on Microsoft Entra applications

● Click on Create Microsoft Entra application, then click continue

● Fill the following fields - replace "yourcompany" by your company name

Name: api-yourcompanywetransact Reply URL: <https://www.yourcompanywetransact.io> App ID URI: api://yourcompanywetransact

● Head to your WeTransact portal and click on settings.

● Click on Organization and scroll down

Click on Add another Publisher

The screenshot shows the 'Settings' page in the Wetransact interface. On the left is a sidebar with navigation links: Home, My Product Listings, Create New Listing, Private Offers, Orders, Finance, Partnership Admin, Incentives, Referral Tab, Go-To-Market, and Help. The main content area is titled 'Settings' and contains a section for 'Multiple Locations'. This section includes a 'Default' dropdown set to 'EMEA' and a 'Default Publisher' dropdown set to 'EUR'. Below these are two 'Credentials' blocks. The first block has 'the grinch' as the publisher name and 'publisher id 2' as the ID, with 'EMEA' and 'EUR' selected in the dropdowns. The second block is partially visible. At the bottom of the 'Multiple Locations' section, a button labeled '+ Add another Publisher' is highlighted with a red box, and a red arrow points to it. To the right of the 'Multiple Locations' section is a 'Send a Test Notification' section with a search bar and an email address field containing 'test@wetransact.io'. A 'Save Configuration' button is located at the bottom right of the 'Multiple Locations' section.

Name the Publisher ID (ex. EMEA, Americas, APAC etc)

This screenshot shows the same 'Settings' page, but with the 'Publisher Name' and 'Description' fields in the 'Credentials' block highlighted with a red box. A red arrow points to these fields. The 'Publisher Name' field contains 'the grinch' and the 'Description' field contains 'publisher id 2'. The 'EMEA' and 'EUR' dropdowns are also visible. The '+ Add another Publisher' button is still present at the bottom of the section. The 'Send a Test Notification' section on the right remains unchanged.

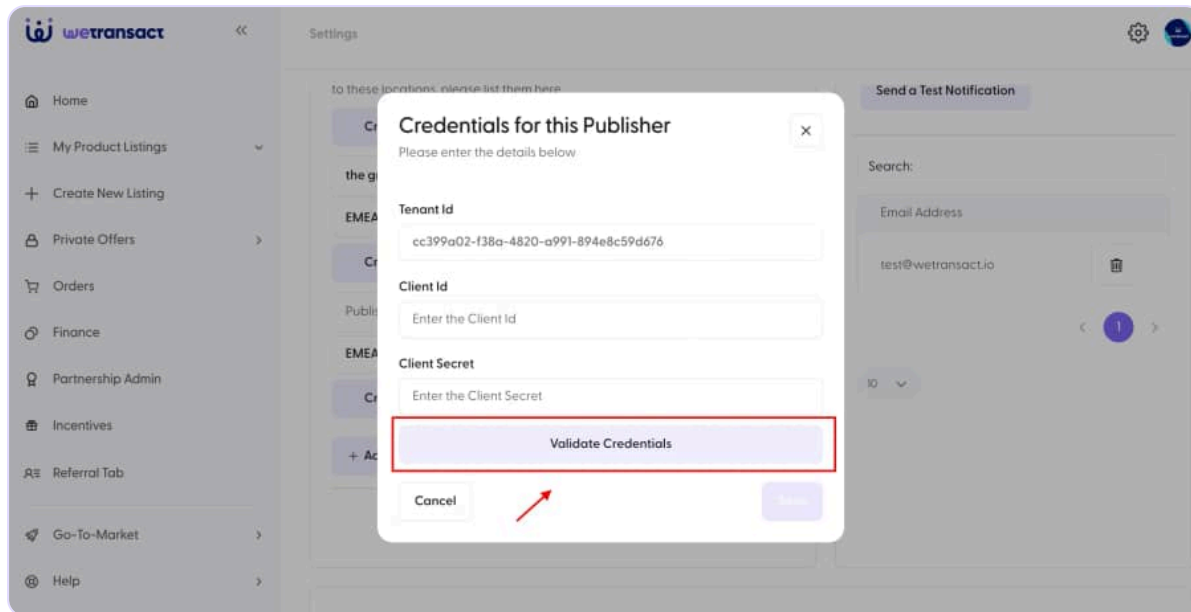

Click on Credentials

The screenshot shows the Wetransact Settings page. On the left is a sidebar with navigation links: Home, My Product Listings, Create New Listing, Private Offers, Orders, Finance, Partnership Admin, Incentives, Referral Tab, Go-To-Market, and Help. The main content area is titled 'Settings' and contains a section 'to these locations, please list them here'. This section has a 'Credentials' tab selected, which is highlighted with a red box and a red arrow. The 'Credentials' tab shows a list of publishers with columns for 'Publisher Name' and 'Description'. The first publisher is 'the grinch' with 'publisher id 2'. Below this, there are dropdown menus for 'EMEA' and 'EUR'. A red box highlights the 'Credentials' tab, and a red arrow points to it. A 'Save Configuration' button is at the bottom right of the main content area. On the right side of the settings page, there is a 'Send a Test Notification' section with a search bar and an email address field containing 'test@wetransact.io'.

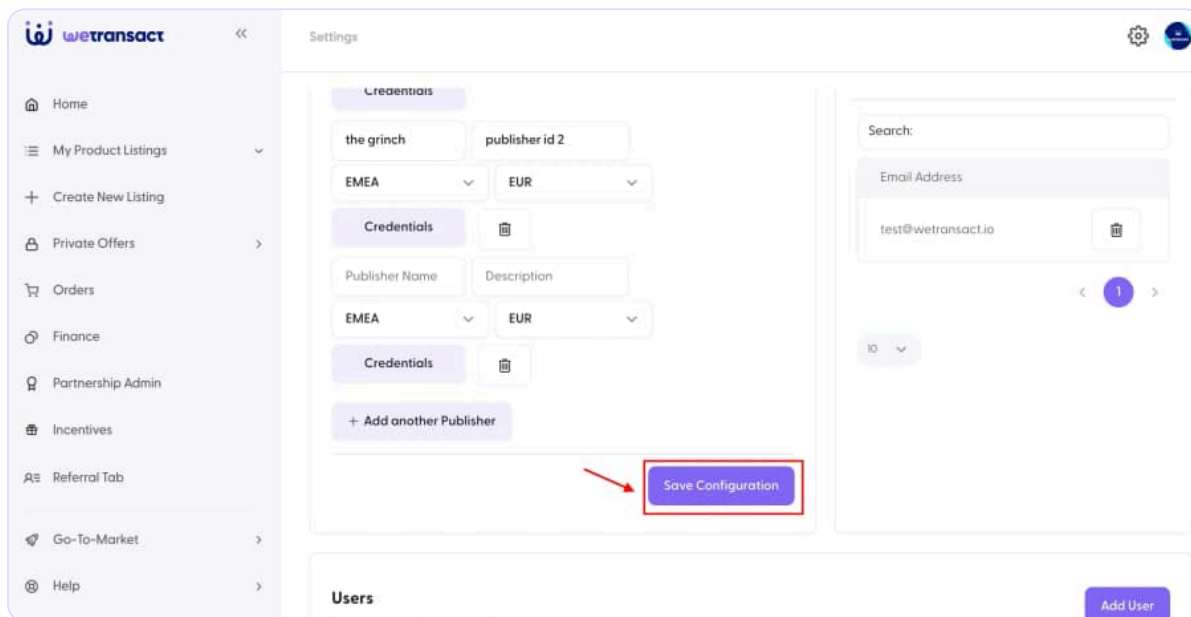

Paste the client ID and Key into input fields

The screenshot shows the Wetransact Settings page with a modal dialog titled 'Credentials for this Publisher' open. The dialog has a close button (X) in the top right corner. It contains the following fields: 'Tenant Id' with the value 'cc399a02-f38a-4820-a991-894e8c59d676', 'Client Id' with the placeholder 'Enter the Client Id', and 'Client Secret' with the placeholder 'Enter the Client Secret'. Red boxes highlight the 'Client Id' and 'Client Secret' fields, and red arrows point to them. Below the input fields is a 'Validate Credentials' button. At the bottom of the dialog are 'Cancel' and 'Save' buttons. The background shows the same 'Settings' page as the previous screenshot, but it is dimmed.

● Click on Validate Credentials and save it.

● Click on Save Configuration
