

How to create a Private Offer?

docs.wetransact.io/how-to-create-a-private-offer

Creating a private offer in the WeTransact portal lets you provide a custom, non-public deal to a specific customer with tailored pricing and terms. You define the offer details, select the target customer, set the validity period, and publish it so only that customer can view and accept it through the Marketplace.

You can create up to 120 months or 10 years subscription length in Private Offer.

Prerequisites for Private offer

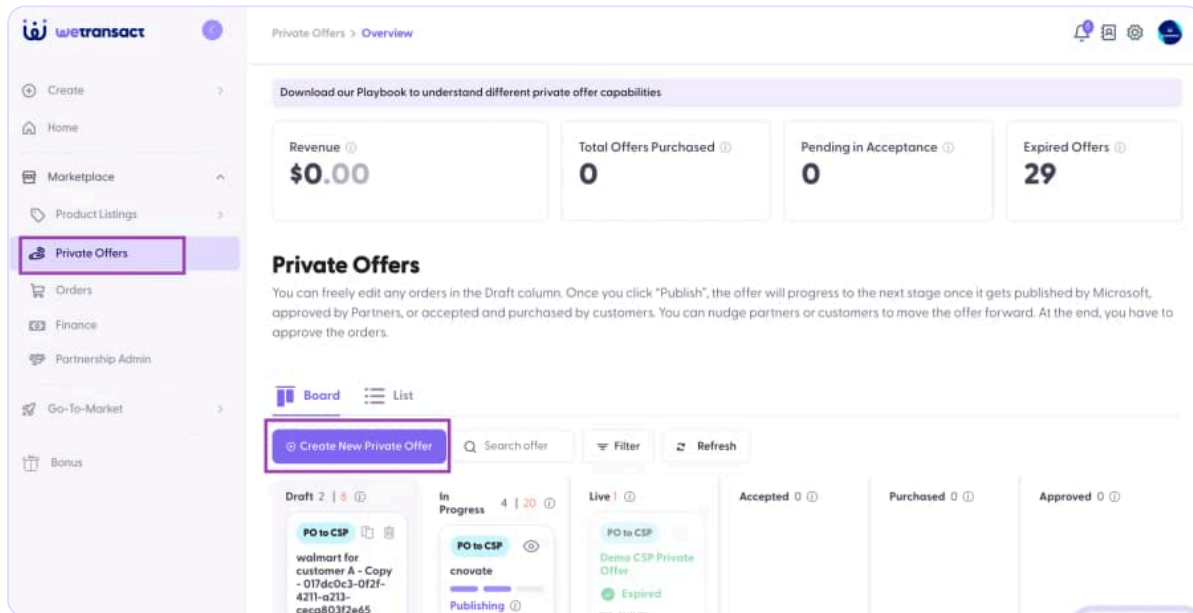

Billing ID of the customer

Terms and Conditions (Optional)

Acceptance before the start date

Final negotiated price

Sign in to Wetransact portal and click on Private offer tab

Choose 'Direct private Offer' option

Fill out the details

Attach Terms & Conditions File (Optional)	<i>MSA or any agreement that you wish to be accepted by the customer</i>

Pick the public plan this offer is based on

Now, you will need to pick a existing public plan to base the offer on,

Private Offers > Create New Private Offer

Step 2 of 3

Choose your template

Pick the public plan this offer is based on – it's your pricing starting point and the plan the subscription can renew into. You can set any contract term (1–120 months or 1–10 years) and billing frequency on top of it, then set **Order Approval** per plan.

Renewal

The screenshot shows the 'Create New Private Offer' page in the WeTransact interface. The left sidebar contains navigation links: Create, Create Private Offer, Create Product Listing, Home, Marketplace, Product Listings, Private Offers, Orders, Finance, Partnership Admin, Go-To-Market, and Bonus. The main content area is titled 'Private Offers > Create New Private Offer'. It features a '10999' price field with a currency dropdown set to 'GBP' and an 'Add' button. Below this, a note states: 'Need a meter that isn't on this plan? A public plan must be created first - [create one in Product Listings](#)'. The 'AFTER THE TERM' section is highlighted with a red box and contains the following options: 'Renewal' (At the end of the term, the subscription renews into your template plan **TransactCertified** (the public plan this offer is based on). Choose when that happens.), 'Renew into this private offer' (Keeps these terms while the private offer is active, then falls back to the public plan.), 'Renew into the public plan' (Goes straight to the public plan at the end of the current term.), and 'Public term to renew into' (Select...). At the bottom, there is an 'Order approval' section with a toggle switch set to 'No' and a 'Next' button.

Review the private offer and publish it

The screenshot shows the 'Create New Private Offer' page in the WeTransact interface, displaying the 'OFFER DETAILS' and 'PRICING DETAILS' sections. The left sidebar is the same as in the previous screenshot. The main content area is titled 'Private Offers > Create New Private Offer'. The 'OFFER DETAILS' section includes: 'Offer Name' (WeTransact), 'Offer Starts' (When offer is accepted), 'Offer Ends' (31 Dec 2026), 'Customer Acceptance Deadline' (30 Jul 2026), 'Who needs to be notified?' (nalla.owen@wetransact.io), 'Customer Billing ID' (123456789), 'Selected Product Listings' (WeTransact (PP)), 'Prepared By' (nalla.owen@wetransact.io), 'Terms & Conditions' (N/A), and 'Publisher Location' (Default). The 'PRICING DETAILS' section includes a table with columns: Product, Subscription Length, Billing Interval, Price, and Multi-currency. The table contains one row: 'WeTransact (PP)', '2 Years', 'One-time', '10999 EUR', and '12499 USD, 10999 GBP, 10999 AUD'. Below the table, there is a 'RENEWAL' section with the text: 'Renews on these terms while the offer is active, then into the public plan - 1 Year, One-time'. At the bottom, there is a 'Save as Draft' button and a 'Publish' button.
