

# How to find an object ID of a user?

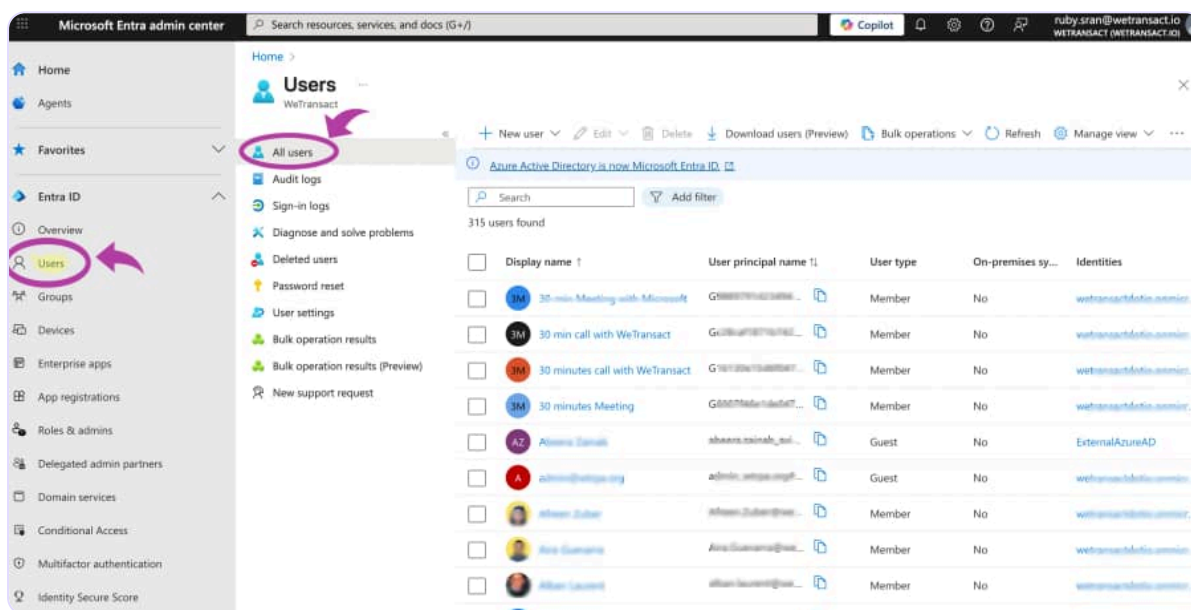

docs.wetransact.io/how-to-find-an-object-id-of-a-user

You might need an object ID for your support ticket. The Microsoft team asks for the object ID of the user for the owner user role request.

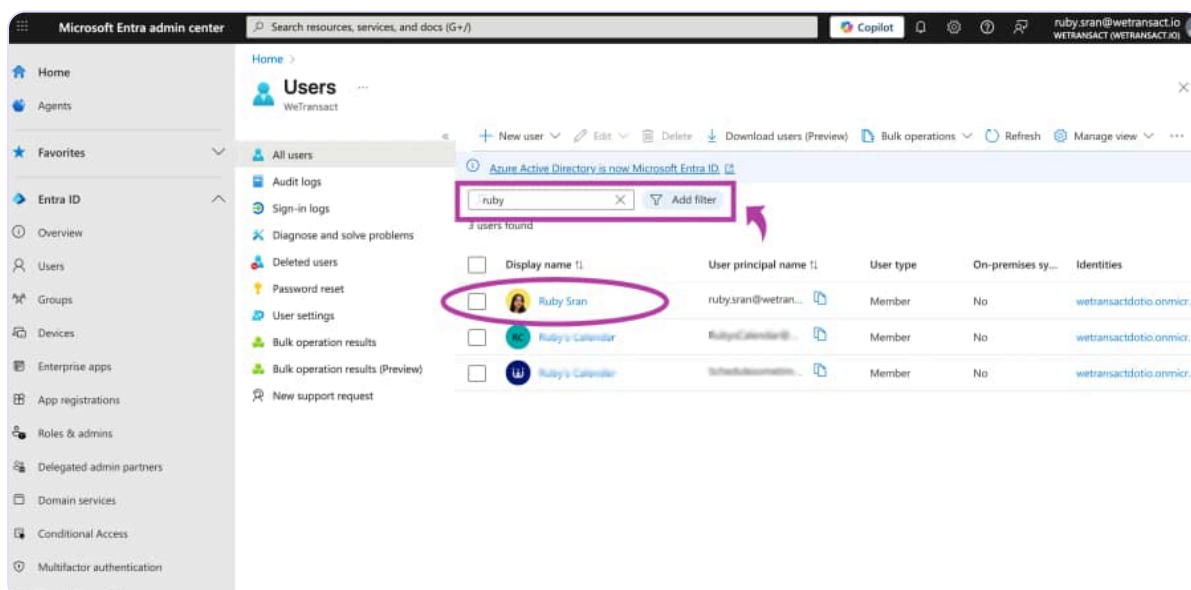

## ● Sign in to entra.microsoft.com

Sign in to entra.microsoft.com with your email that has proper user rights.

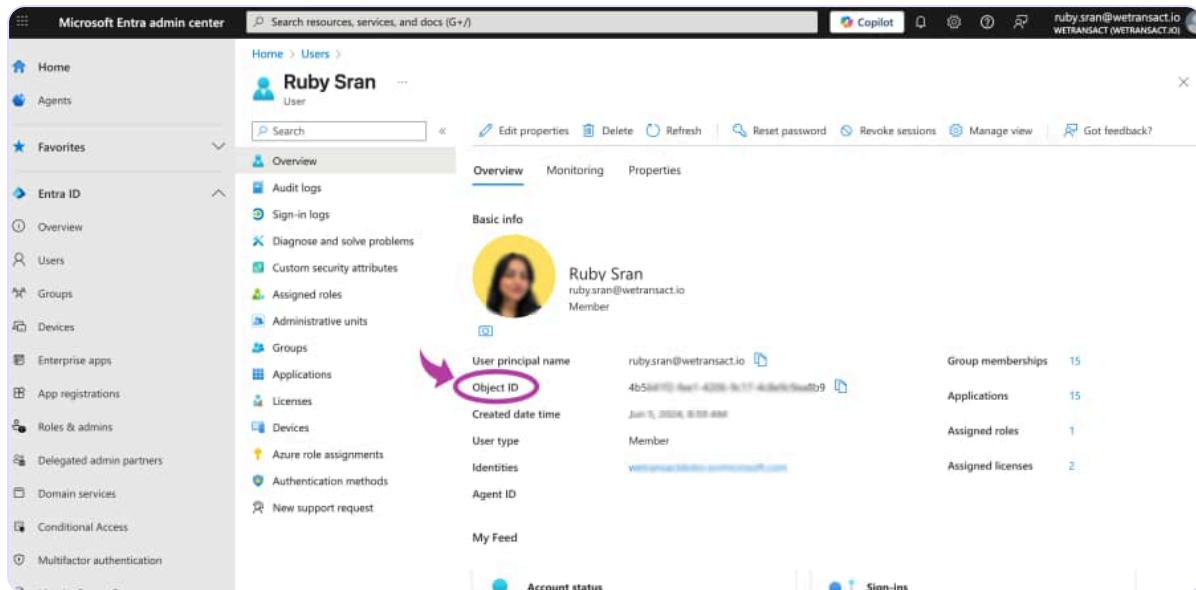

## ● select “Users” → “All users” in the left panel

## ● Search for the User name or email in the search box

## Under the “Overview” tab, you’ll see “Object ID.”
