

How to know which customers includes a Microsoft Payment

docs.wetransact.io/how-to-know-which-customers-includes-a-microsoft-payment

How to check your Microsoft Marketplace payments in Partner Center

This guide shows you how to find out when Microsoft is paying you and which customers and offers each payment covers. Everything is done directly in Partner Center, no extra tools needed.

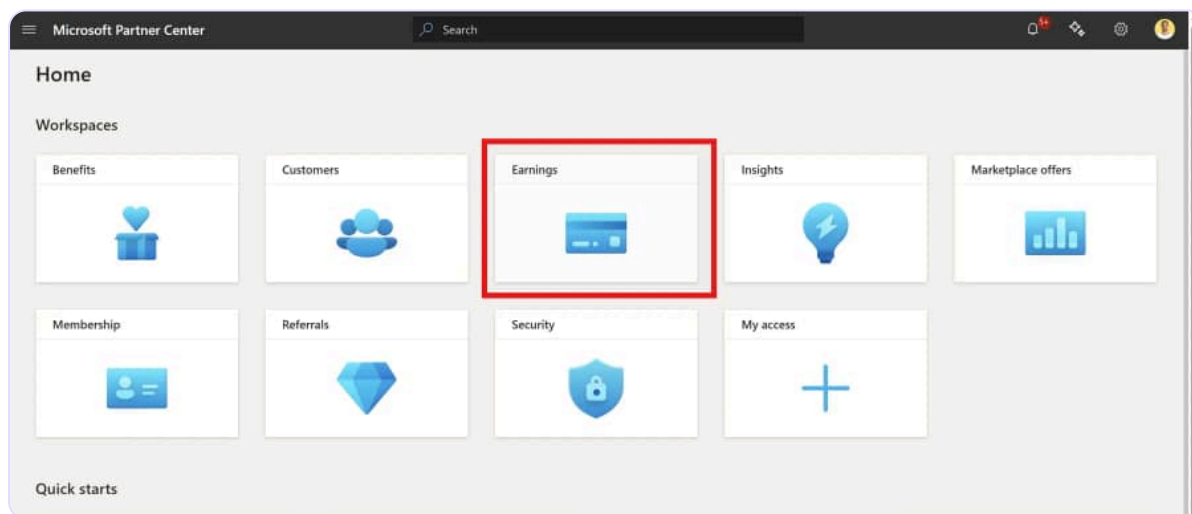

Step 1: Open Partner Center

Go to partner.microsoft.com/en-us/dashboard/home and sign in with your Partner Center account.

<https://partner.microsoft.com/en-us/dashboard/home>

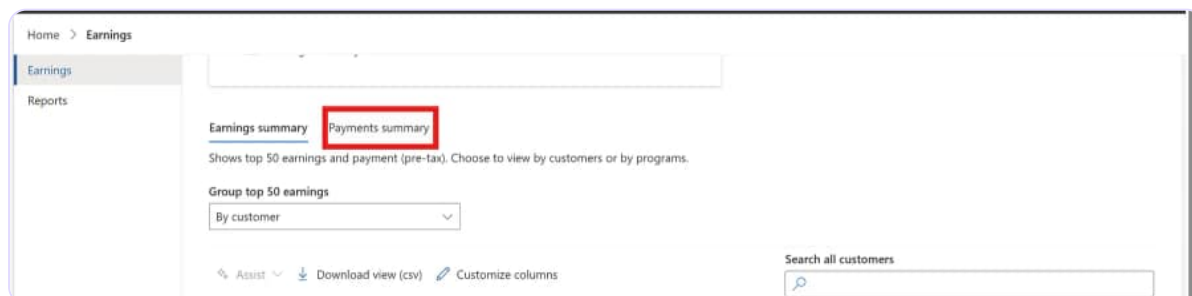

Step 2: Go to Earnings

From the left navigation, open Earnings.

Step 3: Open the Payment Summary

Scroll down to Payment Summary section.

Click on any payment to expand the details. You will see the customers and amounts included in that specific payout, so you can confirm exactly which deals contributed to that transfer.

Earnings summary Payments summary

Shows all payment orders, sorted by most recent. Only time, program, earnings status, and payment ID filters apply.
