

How do I use the customisation tool to expedite the co-sell pitch deck?

docs.wetransact.io/how-do-i-use-the-customisation-tool-to-expedite-the-co-sell-pitch-deck

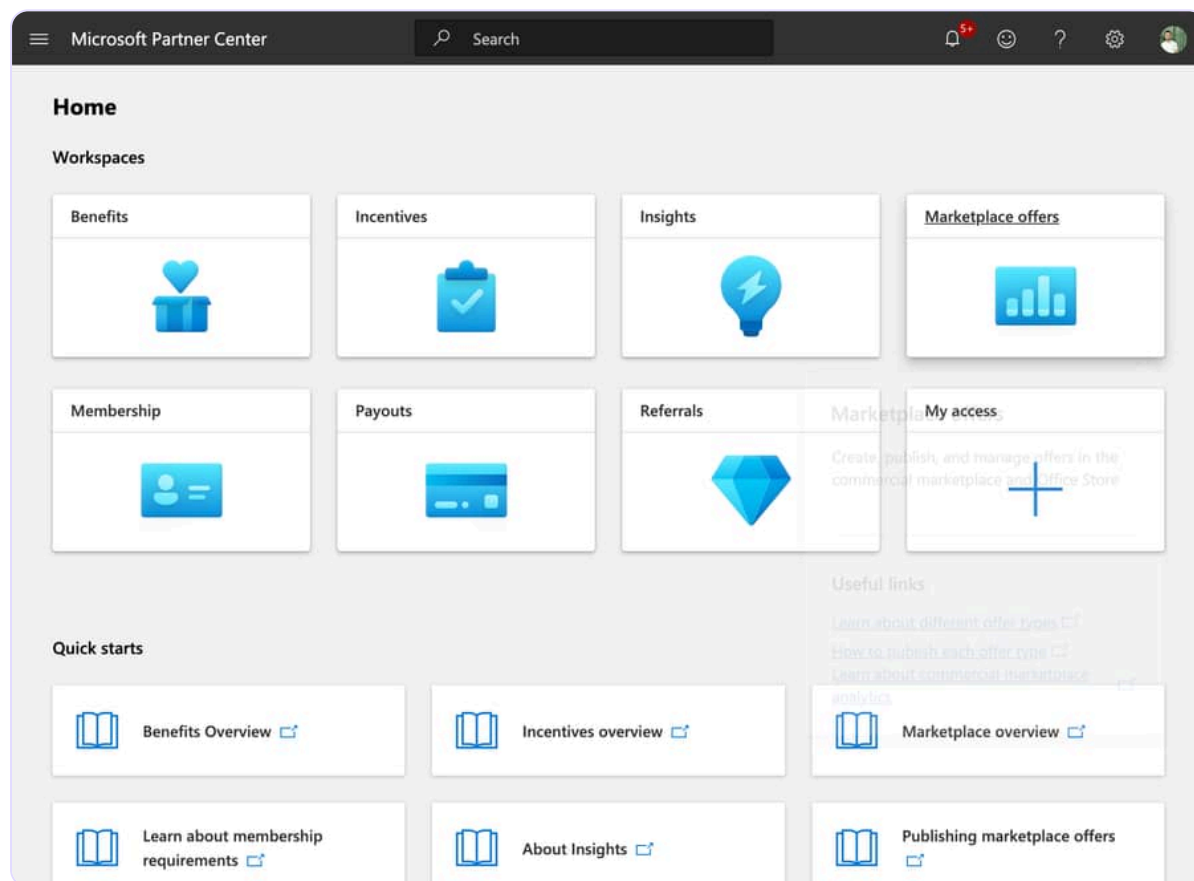

Using the customisation tool allows you to quickly adapt your co-sell pitch deck, ensuring it meets Microsoft's co-sell documentation requirements and is tailored for faster customer engagement. Please check the steps below:

● First of all you will need to be at least "Co-Sell Admin" to perform these actions

If you're not already please ask your global admin to follow this steps [here](#)

● [Go to partner.microsoft.com](https://partner.microsoft.com)

● Click on Marketplace offers

Select the Offer you want to work on

The screenshot shows the Microsoft Partner Center interface. The top navigation bar includes the Microsoft Partner Center logo, a search bar, and user profile icons. The left sidebar has a menu with 'Overview' and 'Private offers'. The main content area is titled 'Marketplace offers | Overview' and contains a table of offers.

Transact capabilities for BC add-on offers are now available in public preview. To join the preview, see details at [a...](#)

Marketplace offers | Overview

To create, publish, and manage offers associated with other publisher accounts select the account icon in the top-right corner to switch between accounts. [Learn more about switching accounts](#)

Search by offer alias and ID

WeTransact Test Offer | Co-sell with Microsoft

We have updated the experience for managing Co-sell data for each offer. All the data previously entered on this page is safe and will be seamlessly carried over to the new experience.

The new experience will be available to you within the Referrals workspace. It will allow you to view and manage the co-sell information for your solutions from one place. Other key updates to your experience:

1. You can view the Readiness and Incentive Programs for all your solutions in one place
2. You can view the review status and a report, in case of failure, once you submit a solution for review
3. You will no longer need to resubmit your full offer to update co-sell information
4. Your offer needs to be Live in the marketplace before you can update co-sell information

Showing all solutions

Click on Edit Documents

The screenshot shows the Microsoft Partner Center interface. The left sidebar contains navigation links: Home > Referrals, Business profile, Leads, Co-sell, Solutions (highlighted), Opportunities, ISV Connect deals, ISV Connect invoices, Analyze, Summary, Leads, Co-sell opportunities, and Partner cohort. The main content area is titled 'WeTransact Test Offer' and includes a progress bar with stages: In Market, Validation, Co-sell Ready, Validation, and Co-sell Incentivized. Below the progress bar are sections for Listings, Platforms (Microsoft Azure), Solution type (IP), Documents (with a red box around the '+ Add' button), and Contacts. A note at the bottom states: '* Update all mandatory fields to submit this solution for review'. Buttons for 'Submit for review' and 'Cancel' are at the bottom.

Click on customer presentation template

The screenshot shows the 'WeTransact Test Offer | Documents' page. The left sidebar is the same as the previous screenshot. The main content area is titled 'WeTransact Test Offer | Documents' and includes links for 'Microsoft Office 365 one-pager template' and 'Windows 10 one-pager template'. Below these are three upload sections: 'Customer presentation deck *', 'Customer case study', and 'Verifiable customer wins'. Each section has a 'Drag or browse files to upload' button. A note at the bottom states: '* Update all mandatory fields to save'. Buttons for 'Save' and 'Cancel' are at the bottom.

● It will bring you to a website called "ppt.msftgtmltoolbox.com"

● Click on Customize and add your collaterals
