

How to provide (or update) Partner Center user rights?

docs.wetransact.io/how-to-provide-or-update-partner-center-user-rights

Providing or updating Partner Center user rights ensures team members have the correct roles and permissions to perform their responsibilities, enabling smooth management of offers, customers, and program enrollments.

Here you'll know how to provide user access rights to your colleagues. You'll need to be of course Global Admin user rights.

If you don't know, [click here to know who is the Global Admin](#), please follow the steps below:

● [Go to partner.microsoft.com](https://partner.microsoft.com)

● **Click on Settings**

Click on Account settings

Click on "User Management"

 Microsoft Partner Center  Se

Home > Account settings

● Click on the "Name" of the user to update rights or click on "Add user" to provide rights

The screenshot shows the Microsoft Partner Center interface. The left sidebar contains navigation links: Overview, My learning profile, My access, **User management** (highlighted), Programs, Agreements, Organization profile, Legal info, Identifiers, Tenants, Payout and tax, Payout and tax profiles, and Payout and tax profile assignment. The main content area is titled 'Account settings | User management'. It includes instructions on adding, editing, or removing user accounts and assigning permissions. A red box highlights the 'Add user' button. Below the instructions is a table of users with columns for Name and Roles.

Name	Roles
[Redacted]	Global admin
Johan Aussenac johan.aussenac@wetransact.io	Global admin, Account admin, Report viewer, Incentive admin, Co-sell Solution Admin, Business profile admin, Referrals admin, MPN partner admin
Johan Aussenac wetransactsupport@wetransact.io	Co-sell Solution Admin
Johan Aussenac	

● To update the rights. Click on the name/email.

The screenshot shows the Microsoft Partner Center interface. The left sidebar contains navigation links: Overview, My learning profile, My access, **User management** (highlighted), Programs, Agreements, Referrals, Organization profile, Legal info, Identifiers, Tenants, Billing profile, Account merge, Company profile, Payout and tax, Payout and tax profiles, and Payout and tax profile assignment. The main content area is titled 'Account settings | User management'. It includes instructions on adding, editing, or removing user accounts and assigning permissions. A red box highlights the user 'Johan Aussenac' in the table.

Name	Roles
[Redacted]	Global admin, Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
Johan Aussenac johan.aussenac@wetransact.io	Global admin, Account admin, Report viewer, Incentive admin, Co-sell Solution Admin, Business profile admin, Referrals admin, MPN partner admin, Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
Johan Aussenac wetransactsupport@wetransact.io	Co-sell Solution Admin, Developer, Business Contributor, Finance Contributor, Marketer
Johan Aussenac johan.aussenac.marketplace@wetransact.io	Manager(Windows), Developer, Business Contributor, Finance Contributor, Marketer
[Redacted]	Global admin, Report viewer, Incentive admin, Co-sell

Roles applicable to developer programs

Select one or more roles to grant the appropriate permissions. [Learn more](#) ↗

- ☒ **Manager(Windows)**
Has complete access to account features except tax and payout settings. Can manage users, roles, and tenants in Partner Center.
- ☒ **Developer**
Can upload packages and submit apps and add-ons, and can view the Usage report for telemetry details. Can't access financial info or account settings.
- ☒ **Business Contributor**
Can access financial info, and can set pricing details. Can't create or submit new apps and add-ons.
- ☒ **Finance Contributor**
Can view payout reports. Can't make changes to apps or settings.
- ☒ **Marketer**
Can respond to customer reviews and view non-financial reports. Can't make changes to apps or settings.

Update Cancel [Password reset](#)

The user rights update should be ready. Ask the user you provided the rights, to log out and log in again so the new user rights are reflected successfully.
