

IP Co-Sell

docs.wetransact.io/ip-co-sell

How to become Co-Sell ready?

To become Co-Sell ready, ensure your offer meets Microsoft's eligibility requirements, including having a published Marketplace listing, completing the necessary solution details, and achieving **\$100K in billed revenue or Azure Consumed Revenue (ACR)**. Your solution must also align with Microsoft's solution areas. Once validated, your offer will be marked as Co-Sell ready in Partner Center.

If the IP co-sell validation is denied, what should you do?

Create a support ticket and submit all the documents. Please follow these guides. For [MBS](#) and for [ACR](#)
