

Step 6 – Grant WeTransact Access to Partner Center

docs.wetransact.io/step-6-grant-wetransact-access-to-partner-center

The person doing that should have:

1. You must be signed in with a global administrator account in your Azure AD tenant. 2. You must have an owner role on Partner Center.

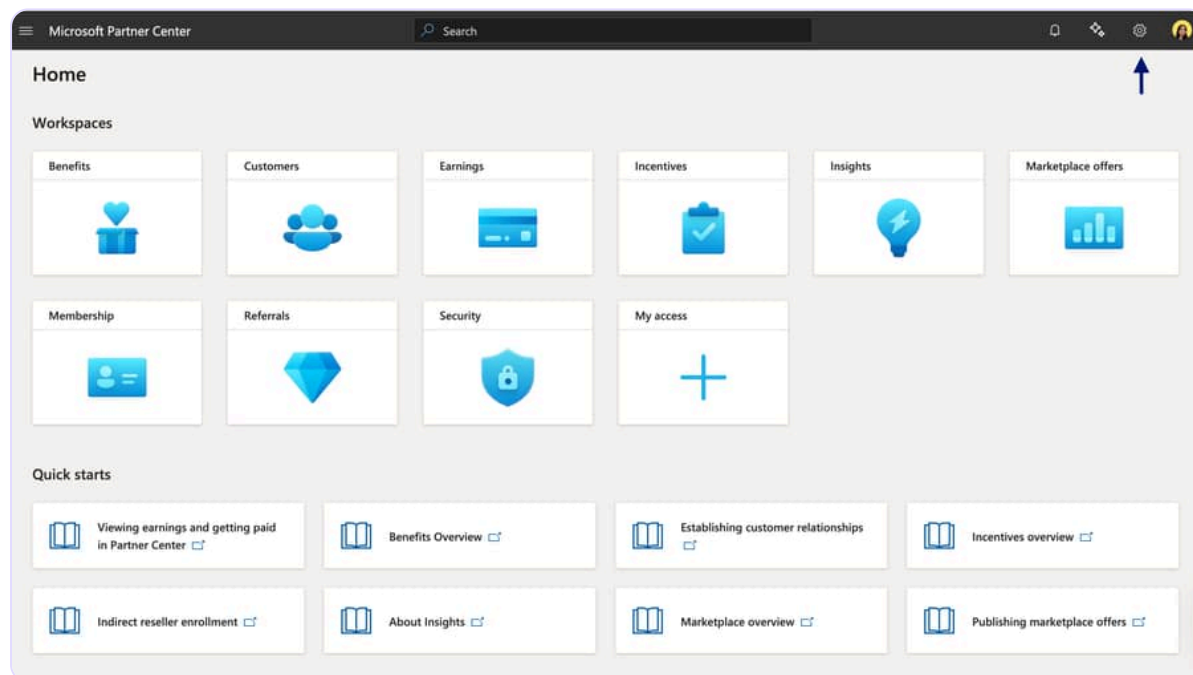

Check this [guide](#) to check user rights.

Once you have the proper permissions, please follow the loom or the steps below:

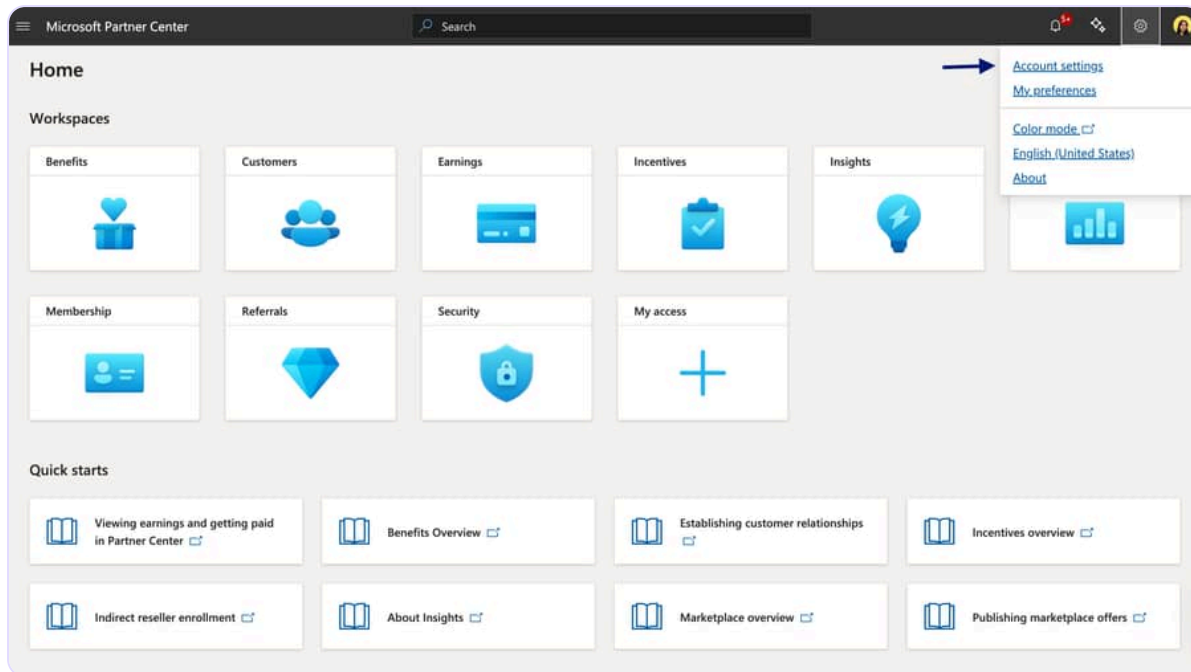

Video: <https://www.loom.com/embed/e057e6606a5b4cc8b210f3a3cd346cec?sid=3f1aab47-48e2-44a9-a7bb-f951be80e33c>

1. Sign In to partner Center (<https://partner.microsoft.com/>)

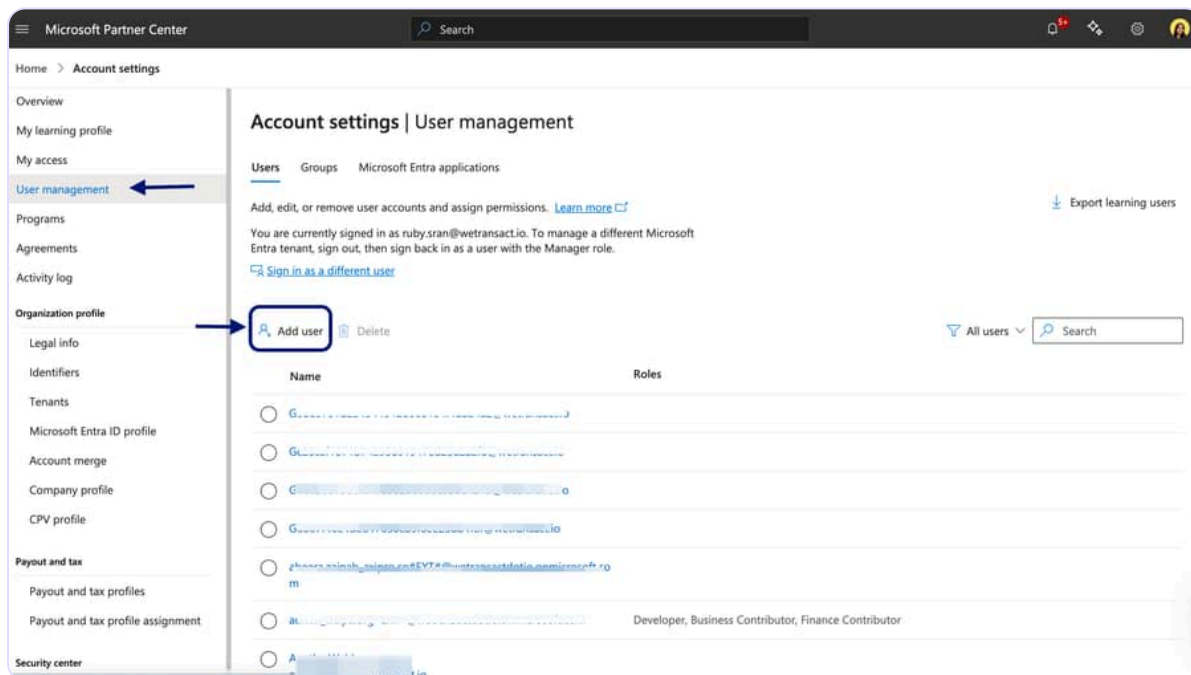

2. Click on Settings

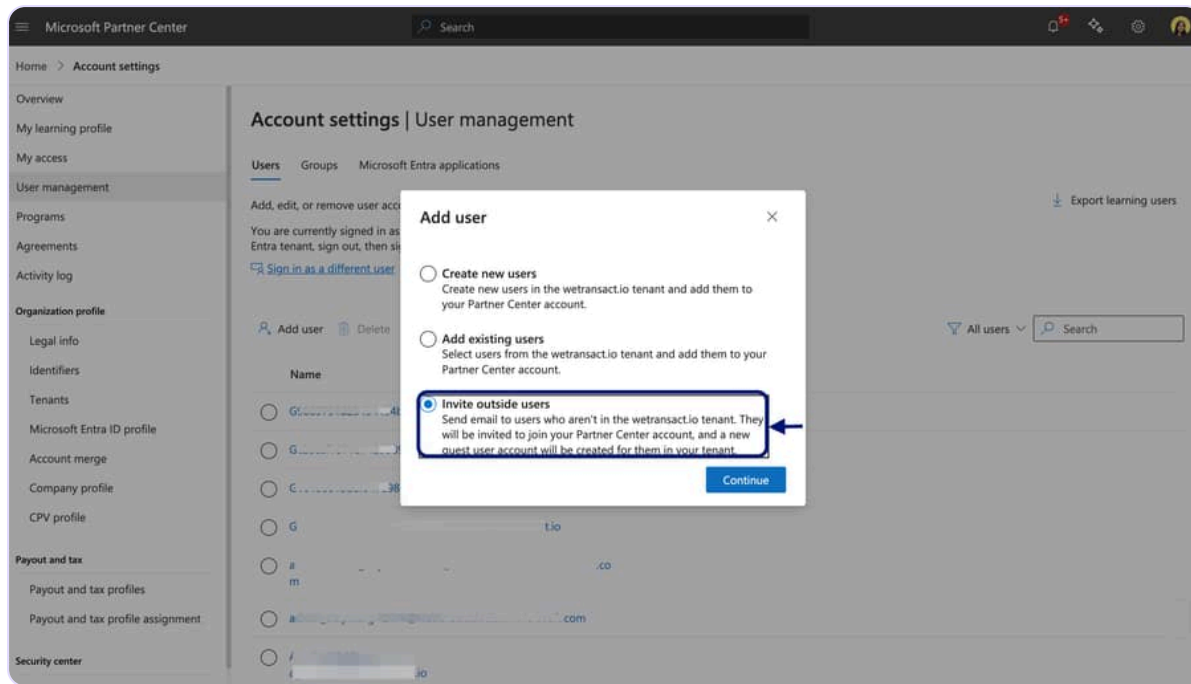

3. Click on Account settings

4. Click on Microsoft Partner Center

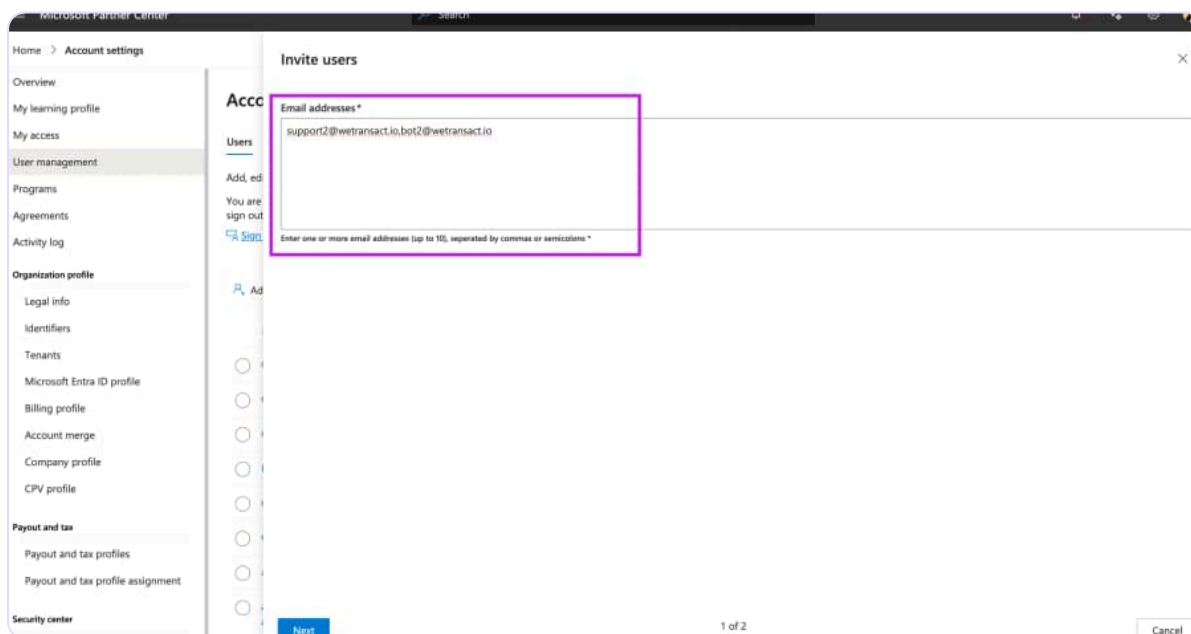

5. Click on "Invite outside users"

6. Paste "support2@wetransact.io" and "bot2@wetransact.io" into "Email Addresses"

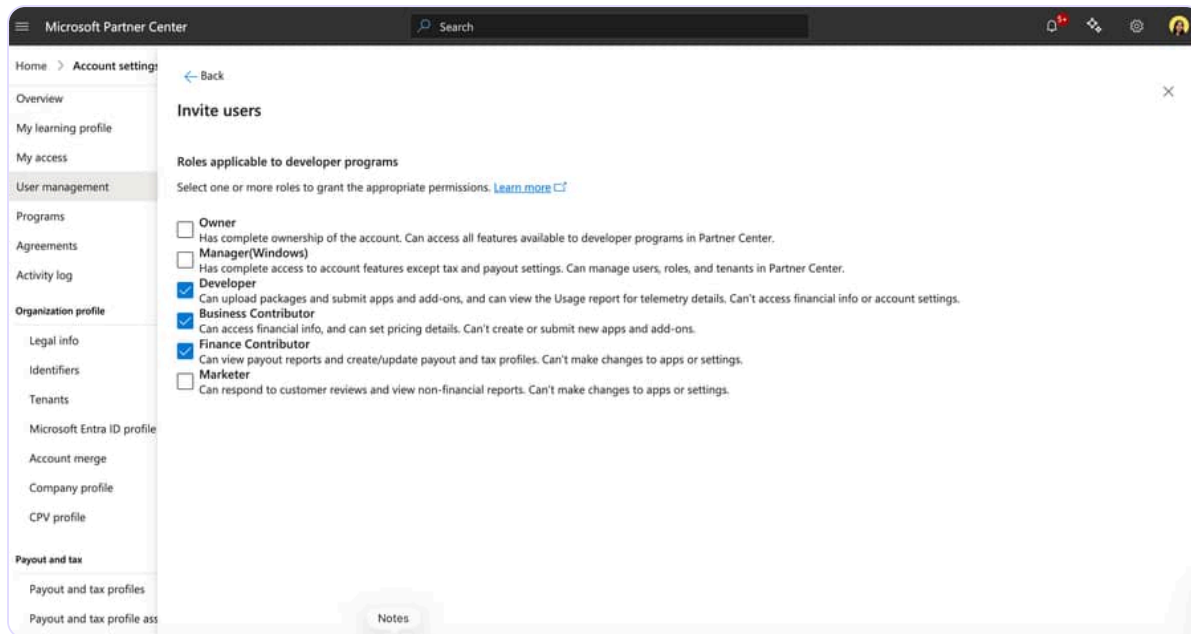

Tip: You can copy paste the following line below to invite both users at the same time:

support2@wetransact.io,bot2@wetransact.io

7. Click on "Developer" & "Business Contributor" & "Finance Contributor". Click on Invite

Pay attention the screenshot is only showing 2/3 options to click on
